UPS requires a total of 32 units to graduate.

(1) Math may be delayed for a year or two, but Chemistry should be taken in the freshman year.
(2) May be taken junior or senior year.
(3) Physics 111/112 or 121/122 recommended.
(4) 2 of 3 numbered Biol 312-489. Chem 460 may be used as an advanced Biology elective so long as it is not also used to satisfy a requirement for the minor in Chemistry.
(5) 399 & 392 taken if a senior thesis (491) is planned.
(6) Chem 251 highly recommended if post-graduate program is planned.
(7) For students completing Chem 230 (or Chem 111) in the freshman year, Biol 212 may be taken before Biol 211.
(8) Recommended that Biol 212 be taken before Biol 311.
