Campus Parking, Traffic, and Transportation Information

2010–11
General Information

Make Healthy Transportation Choices. The university’s Transportation Task Force supports and encourages alternative modes of transportation. Riding a bicycle, walking, sharing rides, and using public transportation all reduce the impact vehicles have on campus and the environment. Bus schedules and maps are available in Wheelock Information Center and in the Security Services office. For help planning your bus trip, visit the Pierce Transit trip planner website at http://tripplanner.piercetransit.org. Thank you for doing your part to reduce traffic congestion and pollution. The university supports the state of Washington’s Commute Trip Reduction efforts. Visit the Transportation Task Force website (www.pugetsound.edu/loggersgogreen) or send an e-mail message to transportation@pugetsound.edu for more information on ride sharing or Commute Trip Reduction efforts.

The use of motor vehicles on the University of Puget Sound campus is a privilege and not a right. This privilege is extended to those who operate vehicles in a safe and responsible manner and it requires strict adherence to state and local laws, as well as university regulations. All members of the campus community are expected to comply with the parking and traffic regulations described in this brochure. Understanding of, and compliance with, regulations will eliminate unnecessary expense and inconvenience.

Parking on campus is limited and not guaranteed. Security Services is responsible for the administration and enforcement of campus parking and traffic regulations. Security Services is located at 3206 N. 15th St., 253.879.3311.

Registration of Vehicles

All persons enrolled at or employed by University of Puget Sound who wish to park motorized vehicles in university parking facilities must register their vehicle/s with Security Services. Registrations for the academic year begin on Aug. 2, and must be completed by the start of fall semester or before parking a vehicle on campus. There is a limit of three vehicle registrations per year, per person. There are currently no fees associated with vehicle registration. University identification is required and must be presented at the time of permit pickup. Parking permits must be affixed on the outside of the rear window on the driver’s side of the vehicle. All permits expire annually at the end of the academic year and must be renewed by the beginning of fall semes-

ter. Any changes in registration information, such as a new license plate number, new address, etc., must be updated immediately.

Temporary parking permits may be obtained at no charge for replacement vehicles, loaners, visitors, etc. Daily visitor parking passes are available at Security Services and Wheelock Information Center.

When a parking citation is issued against a vehicle, the fine shall be paid by the person who is the registered holder of the campus parking permit or by the registered legal owner of the vehicle if the vehicle is not registered with the university.

The loaning of a vehicle does not relieve the registered owner/operator of responsibility in complying with university parking and traffic regulations or the subsequent citation. It is the responsibility of the registered owner/operator of the vehicle to inform borrowers of their responsibility to adhere to university parking regulations.

Prohibited Parking

Prohibited or impound areas are:
A. Red zones are no parking areas and are for emergency vehicles only. Any vehicle parked in a red zone is subject to citation and immediate impound. Enforced 24 hours a day, seven days a week.

Designated Parking Areas

Campus parking lots (except as noted in restricted parking areas listed above) are divided into three types:
A. Faculty and staff parking
B. Resident student parking
C. General parking

All lots are designated by signs at the entrances. The map in this brochure also describes the parking areas.

All campus parking is on a first-come, first-served, space-available basis. Available parking is not guaranteed. Commuter students are encouraged to use the Memorial Fieldhouse parking lot where space is always available.
Unless otherwise stated, parking is enforced between 8 a.m. and 5 p.m., Monday through Friday, while classes are in session. This includes fall and spring breaks and reading and finals periods. General lot violations are not issued during semester and summer break.
