Hurley Community Service Scholarship
2015-16 Academic Year

Completed applications must be submitted to Student Financial Services by March 31, 2015

The Hurley Community Service Scholarship was established to encourage students to engage in planned and focused community service projects that will impact their life today and after they leave Puget Sound.

Project proposals should fill an existing community need and must include collaboration with at least one community organization. For information about local agencies, contact the Puget Sound Office of Civic Engagement and Social Justice at 3219 N. 13th Street.

One $4,500 scholarship will be awarded to a currently enrolled student. The scholarship recipient is expected to commit an average of 5 hours per week to pursue their project under the mentorship of the Office of Civic Engagement and Social Justice. The recipient will be required to submit a mid-year progress report after fall semester and a final report at the end of the academic year. The committee may choose to interview up to three finalists prior to offering an award.
