### NOTES:

1. All major courses must be taken for a grade. Psychology majors must satisfy university core requirements other than First Year Seminars outside of the Psychology Department.
2. Biology 111 or 101 should be taken in the first or second year.  
   - * Bio 111 is strongly recommended for students with an interest in biological psychology or neuroscience.  
   - # Students with a strong psychology background may petition the department to take an elective instead of Psyc 101.  
   - ## Psyc 101 is prerequisite to Psyc 201. Psyc 201 with C- or better or instructor permission is prerequisite to Psyc 301.  
   - ### All laboratory courses have Psyc 201 as a prerequisite. Psyc 371 also requires Psyc 301 or instructor permission.  
   - Psyc 360 students participate in laboratories involving live animals.  
   - #### Two must be taken at the 300 or 400 level. Internship and independent study courses may count as upper division electives.
