

UNIVERSITY OF PUGET SOUND - 2015 SCHOOL OF OCCUPATIONAL THERAPY ADVISING MANUAL

PREREQUISITES FOR ADMISSION TO THE ENTRY-LEVEL GRADUATE PROGRAM IN OCCUPATIONAL THERAPY

COMMON COURSE NUMBERING

Students must have a bachelor's degree from an accredited college or university and may prepare for Occupational Therapy while pursuing any major course of study. Some majors may be designed as pre-Occupational Therapy, but students are cautioned to not assume that programs designed as such will necessarily benefit their application.

1. **Anatomy and Physiology**, preferably with labs: EXSC 221 & 222 or equivalent.
2. **Human Development/Human Behavioral Science**: a total of three courses, distributed as follows:
 - A. Human Development through the life span: PSYC 220 & 221 or equivalent.
Note: It is possible to complete the Human Development prerequisite within a single course covering the entire life span. In this case, students must complete 2 courses in category (B) listed below:
 - B. Human Behavioral Science: course(s) in Anthropology, Psychology, or Sociology at the 200-level or above (except where noted) addressing at least one of the following content areas:
 - i. Normal and abnormal behavior of individuals and/or groups;
 - ii. The analysis of behavior of individuals and/or groups and their interactions;
 - iii. Culture and mental health.
3. **Elements of Applied Statistics**: MATH 160, or PSYC 201 & 301, or equivalent.
4. **Optional: Medical Terminology**: Students who do not complete a course in Medical Terminology will be required to pass a series of terminology exams during their first semester in the MSOT program.

Prerequisite courses should be completed within 10 years of entry into the program. If a longer time has elapsed, the applicant must submit a letter explaining how the knowledge has been kept current.

All prerequisite courses must be taken for a letter grade, and students must earn at least a "C" (2.0) in each course. A minimum 3.00 cumulative undergraduate grade point average or a grade point average above 3.25 for the last 2 years of academic work is also required for admission.

Occupational Therapy Prerequisites

ANATOMY & PHYSIOLOGY (choose 1 sequence)

- BIOL& 231 & 232 (both) - Human Anatomy & Physiology
- BIOL& 241 & 242 (both) - Human Anatomy & Physiology 1 & 2
- BIOL& 251-253 (all) - Human Anatomy & Physiology I, II, & III

HUMAN DEVELOPMENT

- PSYC& 200 - Lifespan Psychology

BEHAVIORAL SCIENCE (any 2)

- ANTH& 206 - Cultural Anthropology
- ANTH& 235 - Cross-Cultural Medicine
- PSYC& 180 - Human Sexuality
- PSYC& 220 - Abnormal Psychology

STATISTICS

- MATH& 146 - Introduction to Statistics

OPTIONAL: MEDICAL TERMINOLOGY

No commonly-numbered courses currently fulfill this requirement—see the individual institution listings for options.
