

## Amanda Foster

Hello new Loggers, and welcome to campus!

My name is Amanda Foster, and I will be your Peer Advisor for the 2018-2019 academic year! I'm excited to get to know all of you over the coming months, but first I'd like to tell you a little bit more about myself.

I am a Junior, majoring in Natural Science with an emphasis in Geology and a minor in History. I'm from McMinnville, Oregon, which is home to Linfield College and a farmer's market that rivals the one on Proctor St in Tacoma. I love getting outdoors, especially backpacking in the Olympics, around the Mt. Hood area, or in the North

Cascades. I am also really into plants, to the point that they may take over my room soon. Recently, I've also been getting into climbing, so if you ever want to hit the rock wall with me, let me know!

As your Peer Advisor, my job is to help you transition into college academics and life in general. More than that, I'm here to listen to you in any way I can! Whether that means talking about how school is going, coming to me with an issue, or talking about life, I'm here for you. I can also point you toward resources like the CWLT (Center for Writing, Learning, and Teaching) or CHWS (Counseling, Health, and Wellness Services). There are tons, so don't be afraid to ask.

You can always call or text me at **(503) 857 5754**, email me at [afoster@pugetsound.edu](mailto:afoster@pugetsound.edu), or stop by my office hours! My office hours will be **3-4:30 pm on Tuesday in Howarth 114E** and **3:30-5 pm on Thursday in Oppenheimer Cafe**. This is just an open time for you to talk to me about anything-- we can talk about a specific item you would like to work on or we can just chat! If those times don't work for you, reach out to me, and we can definitely figure out other times to connect.

Pursue new adventures in these first few weeks, but don't forget to take time for yourself as well! See you around!

Cheers, Amanda

P.S. The first photo is of me as a first year student (wohooo!), and the second is of me pretending to be a cactus (I wasn't a very good cactus-- I don't do well in the heat).
