

Career and Employment Services

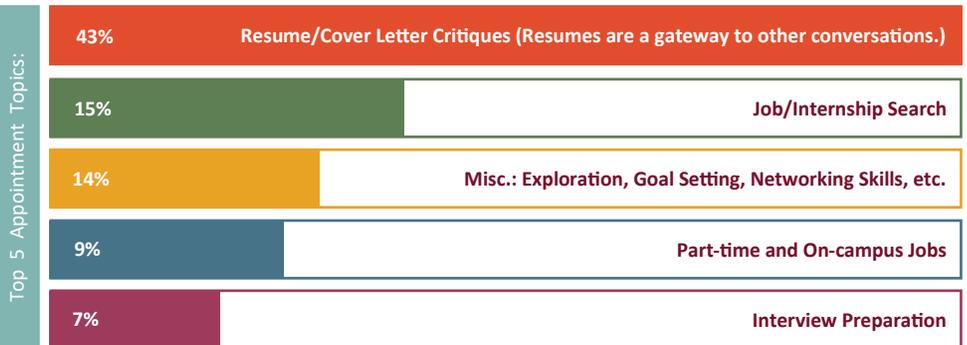

CES is distinct—integrating job, internship and career-planning resources in one unit—which positions Puget Sound to offer career support from the moment students arrive on campus.

Our unique organizational structure provides an opportunity to engage early and often with students as they transition from college to career.

Career and Employment Services (CES) 2018/19 Year in Review:

INDIVIDUALIZED CAREER ADVISING: ADVOCATING FOR STUDENT SUCCESS

“CES advisors have been my **Career Champions...** They’ve helped me **have confidence** in my ability to apply for jobs after graduation!”
Senior, Class of 2019

STUDENT EMPLOYMENT MEETS CAREER DEVELOPMENT...

“Apply to a variety of on- and off-campus jobs, even if you only work for a few hours each week.

My best experiences involved part-time jobs where I gained exposure to diverse environments and **opportunities to build skills** outside of the classroom.”

Advice to current students from a Class of 2018 grad

Compass Puget Sound, an award-winning program of reflective conversations between student staff members and supervisors, leverages this common experience and shifts the narrative—such that part-time jobs are recognized as high-impact experiences.

EMPLOYER ENGAGEMENT: FOSTERING RELATIONSHIPS

Here’s a small sampling of organizations that recruited Puget Sound students in 2018/19 or that partnered with CES to expose students to ideas and opportunities:

“Puget Sound students stand to do great things with their foundation in critical thinking and social responsibility.

We’re a young company in a new industry, and we are particularly seeking to provide opportunities for liberal arts students to actualize both their creativity and innovation.”

Recruiter response to “Why hire Puget Sound students?”

CES IS HERE FOR YOU!

“CES’ mock interviews helped me become comfortable with both predictable and unpredictable interview questions.

I felt confident and prepared to talk about my strengths, weaknesses, and personal goals for the role.”

Gabrielle Green '18
Behavior Technician

“CES helped make my application more successful while ameliorating my anxiety.

Insights I gained: how to put my best foot forward...how to strategically manage the job search, and the value of finding alumni who become connections and mentors in the field.”

Nate Ashford '18
Research Scientist Assistant

“CES provided the perfect balance of breadth and depth, hard and soft skills, calmness and urgency. The advisors worked

with me every step of the way...from my first internship, to helping me find career paths that matched my interests.”

Tehva Kastel Riggan '18
