Hi everyone,

I’m Haley, and as you hopefully knew by now, I’m your Peer Advisor! Please enjoy this cute picture of me as a baby.

I’m currently a senior and I am an English major, as well as an African-American Studies minor. You can probably catch me in the Academic Advising office or anywhere caffeine is readily available. As your Peer Advisor, I will be available all year to help with registration, picking classes, thinking about possible majors, or any other questions you may have about academic life. I can also provide you with resources to improve time management and study skills, as well as pointing you toward subject tutors.

But I’m not just here to answer questions about academics—I also love to talk about music, movies, and food, and especially the best places to see and eat those things in lovely Tacoma. My phone is almost never off, so please call, text, email, or just drop by my office hours if you have questions or concerns, need to vent, just want to chat, or if you want someone to buy you a coffee. GOOD LUCK with your first week of classes, and I can’t wait to chat with all of you soon!

XOXO,
Haley Newman
