

Kate Segar

Welcome new Logger!

I am your peer advisor for the 2018-2019 school year! I hope you are starting to feel settled into college life and are ready to start a great first year at the University of Puget Sound. I am so excited to work with you during the upcoming year and answering all of your registration, scheduling, academic, and life questions!

A little about me: I am a Molecular Cell Biology major and a Sociology & Anthropology minor. I am originally from Minnetonka (a western suburb of Minneapolis) in Minnesota. In my spare time, I enjoy rock climbing, hot yoga, cooking, and reading books. Since beginning at UPS, I have worked with Residence life as The Resident Student Association president my sophomore year and as an orientation leader for the past two years. I have also worked as a Chemistry course assistant and Biology instructional assistant for the last two years. I love working with first years and am excited start my in my new role as a Peer Advisor!

As a Peer Advisor (PA), I work to help you make the transition into college life and academics. Along with your Resident Advisor, I am a great resource in supporting you and answering questions about academics here at the university. I am happy to help point you to and access other resources on campus, such as the CWLT and CHWS, as well as helping you address other questions about registering or declaring a major/minor and beyond! I hold weekly office hours in **Howarth 114 (Academic Advising) on Fridays from 11a.m.-12p.m.** I also hold cafe hours in **Oppenheimer café on Mondays from 9-10a.m.** and am available by appointment if those times don't work for you! Please email or text me to set up an appointment. I will also be sending out weekly emails with some general information and tips about academics, registration, and more!

I'm so excited to get to know you and offer a helping hand during your first year here at UPS!

All the Best,
Kate
