

Application Michel Rocchi International District in Commencement Hall 2016-2017

The Michel Rocchi International District offers an experiential living for students with an international focus. It is a home for those whose academic pursuits and interests include an international component, and for action-oriented upper division students. To live in one of these flats, you should want to live interactively with students that share the same interests. This program also provides a home for study abroad students to orient themselves pre-departure and reacclimatize upon returning to Puget Sound.

Name: _____

Current Year in School: _____

Major(s): _____

Minor (if any): _____

Email: _____ Cell phone # _____
