

19th Annual Meeting of the Northwest Section of the American Physical Society

May 31 – June 2, 2018

University of Puget Sound, Tacoma, Washington, USA

Details about on-campus housing

Conference attendees may reserve single rooms in Thomas Hall, the newest dormitory on the University of Puget Sound's campus (shown at the right). When you arrive at your room, you will find a twin extra-long bed, a bookshelf, a wardrobe, and a desk, and linens are provided. The

rooms in Thomas Hall are arranged in suites with single-person bathrooms, a common living area, and a kitchen. Since bathrooms are shared by the guests in each suite, we recommend bringing items that may make your experience more comfortable, such as a bath robe or shower shoes. Please note that our housing facilities are not air conditioned, so please bring a fan if that would make your stay more comfortable. The daily average high temperature on June 1 in Tacoma is 68 degrees Fahrenheit, but of course it can get warmer than that on occasion. In addition, we recommend bringing hangers for your wardrobe.

Wireless internet is free throughout campus! Once you arrive, connect to the wireless network "PS-Guest".

The on-campus room and board package includes lodging on Thursday, May 31, and Friday, June 1, and breakfast and lunch on the following days (June 1 & 2). Meals included in the room and board package will be taken in The Diner (shown at left), located conveniently inside Wheelock Student Center on the Puget Sound campus. Meals at the Diner are served all-you-care-to-eat style, with different menu stations, vegetarian and vegan options, fresh fruit and salad bar, selection of desserts, and self-serve beverages. Please communicate any special dietary needs with your conference organizers in advance, who will notify Conference Services and our chef.
