# **THE UNIVERSITY OF PUGET SOUND** 2020-2021 CURRICULUM GUIDE

## **ENVIRONMENTAL POLICY AND DECISION MAKING (Must Be Secondary Major)** DEGREE: BA CONTACT PERSON: RACHEL DeMOTTS

### A suggested four-year program:

Fall Semester Classes		Spring Semester Classes			
Freshman	Units		Units		
SSI 1	1	SSI 2	1		
Primary major class	1	Primary major class	1		
Approaches Core	1	Approaches Core or Elective	1		
FL (if needed) or Elective	1	FL (if needed) or Elective	1		
Sophomore	Units		Units		
ENVR 200 <sup>1</sup> or Primary major class	1	ENVR 201	1		
Primary major class	1	ENVR 202 <sup>2</sup> and/or ENVR 203	0.5-1		
Primary major class or Elective	1	Primary major class or Elective	1		

Junior	Units		Units
ENVR 200 <sup>1</sup> or Primary major class	1	EPDM Policy or EPDM General Elective 1	1
EPDM Policy* or EPDM General Elective 1	1	Primary major class or Elective	1
Primary major class or Elective	1	Primary major class or Elective	1
Approaches core or Elective	1	Approaches Core or Elective	1

1

Approaches Core or Elective

Senior	Units		Units
ENVR 400 Senior Seminar	1	EPDM General Elective 3#	1
EPDM General Elective 2#	1	CN Core <sup>3</sup>	1
Primary major class or Elective	1	Primary major class or Elective	1
Approaches core or Elective	1	Primary major class or Elective	1

#### Puget Sound requires a total of 32 units to graduate

1

#### NOTES:

Approaches Core or Elective

1) Prior to 2018-19, this course was numbered ENVR 101.

2) ENVR 202 (0.5 unit) is required for non-science majors. Science majors may substitute three courses in natural sciences (BIOL, CHEM, GEOL, PHYS) for ENVR 202. If you are a non-science major with EPDM as an overlay major, you must take both ENVR 202 and 203 concurrently in the spring. If you are a science major with EPDM as an overlay major, only ENVR 203 is required, offered in spring only.

\*ENVR 201 is required for the major and is not an elective for a major. See the Bulletin for a list of policy electives offered for majors. #At least two of the general electives must be outside the student's primary major department or program.

3) Of the three units of upper division coursework required outside the first major, the Connections course will count for one unless it is used to meet a major requirement.

A maximum of two courses used to meet the EPDM requirements major may also be used to satisfy the core curriculum, the requirements for another major, or the requirements of a minor.

The EPDM major is a secondary major that can be chosen only after a primary major in another field is chosen. A major in EPDM cannot be completed unless a primary major in another department or program is also completed.

Upper Division Level Requirement Three units at the upper division level outside the first major.							
KNOWledge, Identity, and Power		ent	1011				

#### **NOTES**

The EPDM major is a secondary major that can be chosen only after a primary major in another field is chosen. A major in EPDM cannot be completed unless a primary major in another department or program is also completed.

- 1) Prior to 2018-19, ENVR 200 was numbered as ENVR 101. Both courses are accepted as the foundational course.
- 2) Seven requirements for the Environmental Policy and Decision Making major must be completed in residence, including ENVR
- 101/200, 201, 202\* (\*unless 202 is replaced by three courses in the sciences), 203, 400, and the policy elective. \*\*Non-science majors must take both ENVR 202 and 203. Science majors who have completed three courses in a natural science (BIOL,

CHEM, GEOL, PHYS) are not required to take ENVR 202.

One course. See Bulletin for details. Courses may also fulfill

other program or graduation requirements.

3) At least one policy elective MUST be completed BEFORE taking ENVR 400, which is only offered in the fall semester.

\*\*Choose one of the following: CONN 410; ECON 225; ENVR 210; ECON/ENVR 327; ENVR 310, 322, 328; ENVR/PG 326,

ENVR/PG 382; IPE 331; PG 305, 309. For minors, ENVR 201 can count as a policy elective.

\*\*\*Choose three electives from the lists of policy or general electives. Students may take four of EPDMs 0.25 academic unit classes to add up to one elective unit. See Bulletin for full list of policy and general courses.

#At least two of these electives must be outside of the student's primary major department or program.

##Completion of an experiential education requirement, to be approved by the program (refer questions to the Program Director) and verified the semester prior to graduation. Examples of experiential education include, but are not limited to: a study-abroad with environmental courses, field schools that have an environmental focus (e.g. ENVR 324A), a summer research experience, many of the

ENVR-listed 0.25 unit courses, or an environmentally-related internship.

Majors may satisfy no more than two University core requirements or another major or minor requirements from EPDM offerings.
