

Children's Village

A 100-Mile Valley of Services

Join our pediatric therapy team, and help make a difference in the life of a child with special needs!

We are looking for you!

Children's Village Pediatric Therapy Services is seeking a physical therapist with a passion for working with children with special needs and their families. Our therapists provide patient evaluation, consultation and intervention in individual, group and team settings. Therapists have opportunities to complete services in the clinic, community or home settings in order to capitalize on achieving the best outcomes for our patients. We are located in the heart of central Washington and draw our patients from a large area, therefore covering a wide variety of diagnoses and ages. We offer specialized services in adaptive equipment, orthotics, splinting, sensory integration and feeding.

Children's Village is...

Children's Village is a place for children to be children first. As a neurodevelopmental center, our services offer opportunity for collaboration between multiple disciplines and across providers to achieve the best outcomes for children and families. We offer over 30 types of specialty services, provided in the home, community or at the Village itself. Children's Village was built on the dream of combining partner agencies to assure services to children with special needs and has been serving the Yakima Valley and Central Washington since 1997. Yakima Valley
