

ABBHEY HANSEN

Hello! My name is Abbey Hansen (she/her), and I am from Spokane, WA. I am currently a junior at UPS studying Molecular & Cellular Biology with a minor in Science, Technology, Health & Society. On campus, I am usually playing trumpet in the music building, studying in the cozy cubbies in the library, or grabbing some pastries from Oppenheimer Cafe! I also love listening to music, going on walks in our lovely North Tacoma Neighborhood, and watering my plants.
