

# The University of Puget Sound

**Your Choice™\***

1003592

## INTRODUCTION

\*This booklet is for members of the The University of Puget Sound medical plan. This plan is self-funded by The University of Puget Sound, which means that The University of Puget Sound is financially responsible for the payment of plan benefits. The University of Puget Sound (“the Group”) has the final discretionary authority to determine eligibility for benefits and construe the terms of the plan.

The University of Puget Sound has contracted with Premera Blue Cross, an Independent Licensee of the Blue Cross Blue Shield Association, to perform administrative duties under the plan, including the processing of claims. The University of Puget Sound has delegated to Premera Blue Cross the discretionary authority to determine eligibility for benefits and to construe the terms used in this plan to the extent stated in our administrative services contract with the Group. Premera Blue Cross does not insure the benefits of this plan.

In this booklet Premera Blue Cross is called the “Claims Administrator.” This booklet replaces any other benefit booklet you may have.

**This plan will comply with the 2010 federal health care reform law, called the Affordable Care Act (see *Definitions*). If Congress, federal or state regulators, or the courts make further changes or clarifications regarding the Affordable Care Act and its implementing regulations, including changes which become effective on the beginning of the calendar year, this plan will comply with them even if they are not stated in this booklet or if they conflict with statements made in this booklet.**

Group Name: The University of Puget Sound

Effective Date: January 1, 2018

Group Number: 1003592

Plan: Your Choice (Non-Grandfathered)

Certificate Form Number: 10035920118A

# Discrimination is Against the Law

Premera Blue Cross complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Premera does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

Premera:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact the Civil Rights Coordinator.

If you believe that Premera has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

Civil Rights Coordinator — Complaints and Appeals  
 PO Box 91102, Seattle, WA 98111  
 Toll free 855-332-4535, Fax 425-918-5592,  
 TTY 800-842-5357  
 Email AppealsDepartmentInquiries@Premera.com

You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, the Civil Rights Coordinator is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

U.S. Department of Health and Human Services,  
 200 Independence Ave SW, Room 509F, HHH Building  
 Washington, D.C. 20201, 1-800-368-1019,  
 800-537-7697 (TDD). Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

## HOW TO USE THIS BOOKLET

This booklet will help you get the most out of your benefits. Every section contains important information, but the ones below may be particularly useful:

- **Summary Of Your Costs** — A quick overview of what the plan covers and your costs
- **How Providers Affect Your Costs** — how using in-network providers will cut your costs
- **Important Plan Information** — Explains the allowed amount and gives you details on the deductible, copays, coinsurance, and the out-of-pocket maximum.
- **Covered Services** — details about what's covered
- **Pre-Approval** – Describes the plan's pre-approval and emergency admission notification requirements.
- **What's Not Covered?** — services that are either limited or not covered under this plan
- **Who Is Eligible For Coverage?** – eligibility requirements for this plan
- **How Do I File A Claim?** — step-by-step instructions for claims submissions
- **Complaints And Appeals** — processes to follow if you want to file a complaint or an appeal
- **Definitions** — terms that have specific meanings under this plan. Example: “You” and “your” refer to members under this plan. “We,” “us” and “our” refer to Premera Blue Cross.

## FOR MORE INFORMATION

You'll find our contact information on the back cover of this booklet. Please call or write Customer Service for help with:

- Questions about benefits or claims
- Questions or complaints about care you receive
- Changes of address or other personal information

You can also get benefit, eligibility and claim information through our Interactive Voice Response system when you call.

## Online information about your plan is at your fingertips whenever you need it

You can use our Web site to:

- Locate a health care provider near you
- Get details about the types of expenses you're responsible for and this plan's benefit maximums
- Check the status of your claims
- Visit our health information resource to learn about diseases, medications, and more

## SUMMARY OF YOUR COSTS

This section shows a summary table of the care covered by your plan. It also explains the amounts you pay. **This section does not go into all the details of your coverage. Please see *Covered Services* to learn more.**

First, here is a quick look at how this plan works. Your costs are subject to all of the following.

- The **networks**. To help control the cost of your care, this plan uses Premera's Heritage network in Washington. You may be able to save money if you use an in-network provider. For more network details, such as care out of state, see ***Important Plan Information***.
- The **allowed amount**. This is the most this plan allows for a covered service. It is often lower than the provider's billed charge. Providers not in one of the plan's networks have the right to bill you for amounts over the allowed amount. See ***Important Plan Information*** for details. For some covered services, you have to pay part of the allowed amount. This is called your **cost-share**. This plan's cost-shares are explained below. You will find the amounts in the summary table.
- The **copays**. These are set dollar amounts you pay at the time you get some services. If the amount billed is less than the copay, you pay only the amount billed. Copays apply to the out-of-pocket maximum unless stated otherwise in the summary. The deductible does not apply to most services that require a copay. Any exceptions are shown in the table.
- The **deductible**. The total allowed amount you pay in each year before this plan starts to make payments for your covered healthcare costs. You pay down the deductible with each claim.

	<b>In-Network Providers</b>	<b>Out-of-Network Providers</b>
Individual deductible	\$1,500	\$3,000
Family deductible (not shown in the summary table)	\$3,000	\$6,000

- **Coinsurance**. For some healthcare, you pay a percentage of the allowed amount, and the plan pays the rest. This booklet calls your percentage "coinsurance." You pay less coinsurance for many benefits when you use an in-network provider. Your coinsurance is shown in the summary table.
- The **out-of-pocket maximum** (not shown in the summary table). This is the most you pay each calendar year for any deductibles, copays and coinsurance. Not all the amounts you have to pay count toward the out-of-pocket maximum. See ***Important Plan Information*** for details.

	<b>In-Network Providers</b>	<b>Out-of-Network Providers</b>
Individual out-of-pocket maximum	\$4,000	\$8,500
Family out-of-pocket maximum	\$8,000	\$17,000

- **Pre-Approval**. Some services must be approved in advance before you get them, in order to be covered. See ***Pre-Approval*** for details about the types of services and time limits. Some services have special rules.

This plan complies with state and federal regulations about diabetes medical treatment coverage. Please see the ***Preventive Care, Prescription Drugs, Medical Equipment and Supplies***, and ***Foot Care*** benefits.

## SUMMARY TABLE

The summary table below shows what you pay (your cost-shares) for covered services. "Facility" in the table below means hospitals or other medical institutions. "Professional" means doctors, nurses, therapists and other people who give you your care.

BENEFIT	YOUR SHARE OF THE ALLOWED AMOUNT	
	IN-NETWORK PROVIDERS	OUT-OF-NETWORK PROVIDERS
<b>Acupuncture</b> <ul style="list-style-type: none"> <li>Office and clinic visits calendar year visit limit: 12 visits</li> <li>Visits outside an office setting</li> </ul>	\$1,500 deductible, then 20% coinsurance  \$1,500 deductible, then 20% coinsurance	\$3,000 deductible, then 40% coinsurance  \$3,000 deductible, then 40% coinsurance

## HOW PROVIDERS AFFECT YOUR COSTS

This plan's benefits and your out-of-pocket expenses depend on the providers you see. In this section you'll find out how the providers you see can affect this plan's benefits and your costs.

### In-Network Providers

This plan is a Preferred Provider Plan (PPO). This means that the plan provides you benefits for covered services from providers of your choice. Its benefits are designed to provide lower out-of-pocket expenses when you receive care from in-network providers. There are some exceptions, which are explained below.

In-Network providers are:

- Providers in the Heritage Prime network in Washington. For care in Clark County, Washington, you also have access to providers through the BlueCard<sup>®</sup> Program.
- Providers in Alaska that have signed contracts with Premera Blue Cross Blue Shield of Alaska.
- For care outside the service area (see **Definitions**), providers in the local Blue Cross and/or Blue Shield Licensee's network shown below. (These Licensees are called "Host Blues" in this booklet.) See **Out-Of-Area Care** later in the booklet for more details.
  - Wyoming: The Host Blue's Traditional (Participating) network
  - All Other States: The Host Blue's PPO (Preferred) network

In-Network pharmacies are available nationwide.

In-Network providers provide medical care to members at negotiated fees. These fees are the allowed amounts for in-network providers. When you receive covered services from an in-network provider, your medical bills will be reimbursed at a higher percentage (the in-network benefit level). This means lower cost-shares for you, as shown in the **Summary Of Your Costs**. In-Network providers will not charge you more than the allowed amount for covered services. This means that your portion of the charges for covered services will be lower.

A list of in-network providers is in our Heritage Prime provider directory. You can access the directory at any time on our Web site at [www.premera.com](http://www.premera.com). You may also ask for a copy of the directory by calling Customer Service. The providers are listed by geographical area, specialty and in alphabetical order to help you select a provider that is right for you. You can also call the BlueCard provider line to locate an in-network provider. The numbers are on the back cover of this booklet and on your Premera Blue Cross ID card.

We update this directory regularly but the listings can change. Before you get care, we suggest that you call us for current information or to make sure that your provider, their office location or their provider group is in the Heritage Prime network.

**Important Note:** You're entitled to receive a provider directory automatically, without charge.

### PrimePlus Care Providers

Your plan includes access to Heritage Prime network providers with particular expertise in treating certain medical conditions. Premera Blue Cross has named these providers "PrimePlus Care" providers. They provide comprehensive, cost-effective care for complex medical cases.

Services you can get through PrimePlus Care providers may include professional visits, diagnostic and treatment services, surgical care and facility care. The services included in the benefit may vary by provider. When you get services from (or are referred by) a PrimePlus Care provider for a designated medical condition, the plan will waive any deductible, copay and coinsurance that you would normally pay.

Call Customer Service to get more details about PrimePlus Care, including providers and medical conditions eligible for the benefit. See **PrimePlus Care** in the **Covered Services** section later in this booklet.

### Out-Of-Network Providers

Out-of-network providers are providers that are not in one of the networks shown above. Your bills will be reimbursed at a lower percentage (the out-of-network benefit level). This means higher cost-shares for you, as shown in the **Summary Of Your Costs**.

- Some providers in Washington that are not in the Heritage network do have a contract with us. Even though your bills will be reimbursed at the lower percentage (the out-of-network benefit level), these providers will not bill you for any amount above the allowed amount for a covered service. The same is true for a provider that is in a different network of the local Host Blue.
- There are also providers who do not have a contract with us, Premera Blue Cross Blue Shield of Alaska or the local Host Blue at all. These providers are called “non-contracted” providers in this booklet. Their covered services are based on a lower allowed amount. See **Important Plan Information**. “Non-contracted” providers also have the right to charge you more than the allowed amount for a covered service. You may also be required to submit the claim yourself. See **How Do I File A Claim?** for details.

Amounts in excess of the allowed amount don’t count toward any applicable calendar year deductible, coinsurance or out-of-pocket maximum.

Services you receive in an in-network facility may be provided by physicians, anesthesiologists, radiologists or other professionals who are out-of-network providers. When you receive services from these out-of-network providers, you may be responsible for amounts over the allowed amount as explained above.

### **In-Network Benefits For Out-Of-Network Providers**

The following covered services and supplies provided by out-of-network providers will always be covered at the in-network level of benefits:

- Emergency care for a medical emergency. (Please see the **Definitions** section for definitions of these terms.) This plan provides worldwide coverage for emergency care.

The benefits of this plan will be provided for covered emergency care without the need for any pre-approval and without regard as to whether the health care provider furnishing the services is an in-network provider. Emergency care furnished by an out-of-network provider will be reimbursed at the in-network benefit level. As explained above, if you see an out-of-network provider, you may be responsible for amounts that exceed the allowed amount.

- Services from certain categories of providers to which provider contracts are not offered. These types of providers are not listed in the provider directory.
- Services associated with admission by an in-network provider to an in-network hospital that are provided by hospital-based providers.
- Facility and hospital-based provider services received in Washington from a hospital that has a provider contract with Premera Blue Cross, if you were admitted to that hospital by a Heritage provider who doesn’t have admitting privileges at a Heritage hospital.
- Covered services received from providers located outside the United States, the Commonwealth of Puerto Rico and the U.S. Virgin Islands.

If a covered service is not available from an in-network provider, you can receive benefits for services provided by an out-of-network provider at the in-network benefit level. However, you must request this before you get the care. See **Pre-Approval** to find out how to do this.

## **IMPORTANT PLAN INFORMATION**

This section of your booklet explains the types of expenses you must pay for covered services before the benefits of this plan are provided. (These are called “cost-shares” in this booklet.) To prevent unexpected out-of-pocket expenses, it’s important for you to understand what you’re responsible for.

The allowed amount is also explained.

You’ll find the dollar amounts for these expenses and when they apply in the **Summary Of Your Costs**.

### **COPAYMENTS (COPAYS)**

Copayments (“copays”) are fixed up-front dollar amounts that you’re required to pay for certain covered services. Your provider of care may ask that you pay the copay at the time of service. If the amount billed is less than the copay, you only pay the amount billed.

## CALENDAR YEAR DEDUCTIBLE

A calendar year deductible is the amount of expense you must incur in each calendar year for covered services and supplies before this plan provides certain benefits. The amount credited toward the calendar year deductible for any covered service or supply won't exceed the allowed amount (please see the **Allowed Amount** subsection below in this booklet).

While some benefits have dollar maximums, others have different kinds of maximums, such as a maximum number of visits or days of care that can be covered. We don't count allowed amounts that apply to your individual in-network or out-of-network calendar year deductibles toward dollar benefit maximums. But if you receive services or supplies covered by a benefit that has any other kind of maximum, we do count the services or supplies that apply to either of your individual calendar year deductibles toward that maximum.

**Please Note:** Each calendar year deductible accrues toward its applicable out-of-pocket maximum, if any.

### Individual Deductible

An "Individual Deductible" is the amount each member must incur and satisfy before certain benefits of this plan are provided.

### Family Deductible

We also keep track of the expenses applied to the individual deductible that are incurred by all enrolled family members combined. When the total equals a set maximum, called the "Family Deductible," we will consider the individual deductible of every enrolled family member to be met for the year. Only the amounts used to satisfy each enrolled family member's individual deductible will count toward the family deductible.

### What Doesn't Apply To The Calendar Year Deductible?

Amounts that don't accrue toward this plan's calendar year deductible are:

- Amounts that exceed the allowed amount
- Charges for excluded services
- The penalty for not asking for pre-approval when the plan requires it. See **Pre-Approval** in the **Care Management** section of this booklet.
- The difference in cost between a brand name drug and an equivalent generic drug when the plan requires the generic drug to be dispensed in place of the brand name drug.
- Copays
- The coinsurance for in-network pharmacies stated in the **Summary Of Your Costs**

## COINSURANCE

"Coinsurance" is a defined percentage of allowed amounts for covered services and supplies you receive. It's the percentage you're responsible for, not including copays and the calendar year deductible, when the plan provides benefits at less than 100% of the allowed amount. You will find your coinsurance in the **Summary Of Your Costs**.

## OUT-OF-POCKET MAXIMUM

The "individual out-of-pocket maximum" is the maximum amount, made up of the cost-shares below, that each individual could pay each calendar year for certain covered services and supplies. Please refer to the **Summary Of Your Costs** for the amount of any out-of-pocket maximums you're responsible for.

**Once the out-of-pocket maximum has been satisfied, the benefits of this plan will be provided at 100% of allowed amounts for the remainder of that calendar year for covered services that are subject to the maximum.**

The plan has separate out-of-pocket maximums for in-network and out-of-network providers. **It could happen that you satisfy one of these maximums before the other. If this happens, you still have to pay cost-shares that apply to the second out-of-pocket maximum until it, too, is met.**

Cost-shares that apply to the out-of-pocket maximum are:

- Your coinsurance

- The calendar year deductible

Once the family deductible is met, your individual deductible will be satisfied. However, you must still pay any other cost-shares shown in the **Summary Of Your Costs** until your individual out-of-pocket maximum is reached.

- Copays
- The difference in cost between a brand name drug and an equivalent generic drug when the plan requires the generic drug to be dispensed in place of the brand name drug.

There are some exceptions. Expenses that do not apply to the out-of-pocket maximum are:

- Charges above the allowed amount
- Charges not covered by the plan
- The penalty for not requesting pre-approval when needed. See **Pre-Approval** in the Care Management section of this booklet.

We keep track of the total cost-shares applied to the individual out-of-pocket maximum that are incurred by all enrolled family members combined. When this total equals a set maximum, called the “Family Out-of-Pocket Maximum,” we will consider the individual out-of-pocket maximum of every enrolled family member to be met for that calendar year. Only the amounts used to satisfy each enrolled family member’s individual out-of-pocket maximum will count toward the family out-of-pocket maximum.

## ALLOWED AMOUNT

This plan provides benefits based on the allowed amount for covered services. We reserve the right to determine the amount allowed for any given service or supply unless otherwise specified in the Group’s administrative services agreement with us. The allowed amount is described below. There are different rules for emergency services. These rules are shown below the general rules.

### General Rules

- **Providers In Washington and Alaska Who Have Agreements With Us**

For any given service or supply, the amount these providers have agreed to accept as payment in full pursuant to the applicable agreement between us and the provider. These providers agree to seek payment from us when they furnish covered services to you. You’ll be responsible only for any applicable calendar year deductibles, copays, coinsurance, charges in excess of the stated benefit maximums and charges for services and supplies not covered under this plan.

Your liability for any applicable calendar year deductibles, coinsurance, copays and amounts applied toward benefit maximums will be calculated on the basis of the allowed amount.

- **Providers Outside The Service Area Who Have Agreements With Other Blue Cross Blue Shield Licensees**

For covered services and supplies received outside the service area, allowed amounts are determined as stated in the **What Do I Do If I’m Outside Washington And Alaska?** section (**Out-Of-Area Care**) in this booklet.

- **Providers Who Don’t Have Agreements With Us Or Another Blue Cross Blue Shield Licensee**

The allowed amount for providers in the service area that don’t have a contract with us is the least of the three amounts shown below. The allowed amount for providers outside the service area that don’t have a contract with us or the local Blue Cross and/or Blue Shield Licensee is also the least of the three amounts shown below.

- An amount that is no less than the lowest amount we pay for the same or similar service from a comparable provider that has a contracting agreement with us
- 125% of the fee schedule determined by the Centers for Medicare and Medicaid Services (Medicare), if available
- The provider’s billed charges. Note: Ambulances are always paid based on billed charges..

If applicable law requires a different allowed amount than the least of the three amounts above, this plan will comply with that law.

## Emergency Care

Consistent with the requirements of the Affordable Care Act, the allowed amount will be the greatest of the following amounts:

- The median amount that Heritage network providers have agreed to accept for the same services
- The amount Medicare would allow for the same services
- The amount calculated by the same method the plan uses to determine payment to out-of-network providers

In addition to your deductible, copays and coinsurance, you will be responsible for charges received from out-of-network providers above the allowed amount.

When you receive services from providers that **don't** have agreements with us or the local Blue Cross and/or Blue Shield Licensee, your liability is for any amount above the allowed amount, and for your normal share of the allowed amount (see the **Summary Of Your Costs** for further detail).

Note: Non-contracted ambulances are always paid based on billed charges.

The allowed amount will be the amount allowed for out-of-network providers even when the provider's services are covered at the in-network benefit level.

If you have questions about this information, please call us at the number listed on your Premera Blue Cross ID card.

## COVERED SERVICES

This section of your booklet describes the services and supplies that the plan covers. Benefits are available for a service or supply described in this section when it meets all of these requirements:

- It must be furnished in connection with either the prevention or diagnosis and treatment of a covered illness, disease or injury.
- It must be medically necessary (please see the **Definitions** section in this booklet) and must be furnished in a medically necessary setting. Inpatient care is only covered when you require care that could not be provided in an outpatient setting without adversely affecting your condition or the quality of care you would receive.
- It must not be excluded from coverage under this plan.
- The expense for it must be incurred while you're covered under this plan.
- It must be furnished by a "provider" (please see the **Definitions** section in this booklet) who's performing services within the scope of his or her license or certification.
- It must meet the standards set in our medical and payment policies. The plan uses policies to administer the terms of the plan. Medical policies are generally used to further define medical necessity or investigational status for specific procedures, drugs, biologic agents, devices, level of care or services. Payment policies define our provider billing and payment rules. Our policies are based on accepted clinical practice guidelines and industry standards accepted by organizations like the American Medical Association (AMA), other professional societies and the Center for Medicare and Medicaid Services (CMS). Our policies are available to you and your provider at **www.premera.com** or by calling Customer Service.

Benefits for some types of services and supplies may be limited or excluded under this plan. Please refer to the actual benefit provisions throughout this section and the **What's Not Covered?** section for a complete description of covered services and supplies, limitations and exclusions. You will find limits on days or visits and dollar limits in the **Summary Of Your Costs**.

The **Summary Of Your Costs** also explains your cost-shares under each benefit.

## Acupuncture

Benefits are provided for acupuncture when medically necessary to relieve pain, induce surgical anesthesia, or to treat a covered illness, injury, or condition.

## Emergency Ambulance Services

Benefits are provided for licensed surface (ground or water) and air ambulance transportation to the nearest medical facility equipped to treat your condition, when any other mode of transportation would endanger your health or safety. Medically necessary services and supplies provided by the ambulance are also covered.

Benefits are also provided for transportation from one medical facility to another, as necessary for your condition. Transportation to your home is covered when medically necessary. This benefit only covers the member that requires transportation.

## **Blood Products and Services**

Benefits are provided for blood and blood derivatives.

## **Chemical Dependency Treatment**

This benefit covers inpatient and outpatient chemical dependency treatment and supporting services.

Covered services include services provided by a state-approved treatment program or other licensed or certified provider.

The current edition of the **Patient Placement Criteria for the Treatment of Substance Related Disorders** as published by the American Society of Addiction Medicine is used to determine if chemical dependency treatment is medically necessary.

**Please Note:** Medically necessary detoxification is covered in any medically necessary setting. Detoxification in the hospital is covered under the **Emergency Room Care** and **Hospital Inpatient Care** benefits.

### **The Chemical Dependency Treatment benefit doesn't cover:**

- Treatment of alcohol or drug use or abuse that does not meet the definition of "Chemical Dependency" as stated in the **Definitions** section of this booklet
- Voluntary support groups, such as Alanon or Alcoholics Anonymous
- Court-ordered services, services related to deferred prosecution, deferred or suspended sentencing or to driving rights, unless they are medically necessary
- Halfway houses, quarterway houses, recovery houses, and other sober living residences
- Outward bound, wilderness, camping or tall ship programs or activities

## **Chemotherapy And Radiation Therapy**

This plan covers the following services:

- Outpatient chemotherapy and radiation therapy services
- Extraction of teeth to prepare the jaw for treatment of neoplastic disease
- Supplies, solutions and drugs (See the **Prescription Drugs** benefit for oral chemotherapy drugs)

You may need pre-approval from us before you get treatment. Please contact Customer Service or your provider before you receive care to review the list of services requiring pre-approval.

## **Clinical Trials**

This plan covers the routine costs of a qualified clinical trial. Routine costs are the medically necessary care that is normally covered under this plan for a member who is not enrolled in a clinical trial. The trial must be appropriate for your health condition and you must be enrolled in the trial at the time of treatment for which coverage is requested.

Benefits are based on the type of service you get. For example, benefits for an office visit are covered under the **Professional Visits And Services** benefit and lab tests are covered under the **Diagnostic Services** benefit.

A qualified clinical trial is a phase I, II, III or IV clinical trial that is conducted on the prevention, detection or treatment of cancer or other life-threatening disease or conditions. The trial must also be funded or approved by a federal body, such as one of the National Institutes of Health (NIH), a qualified private research entity that meets the standards for NIH support grant eligibility, or by an institutional review board in Washington that has approval by the NIH Office for Protection from Research Risks.

A "clinical trial" does not include expenses for:

- Costs for treatment that are not primarily for the care of the patient (such as lab tests performed solely to collect data for the trial)
- The investigational item, device or service itself

- A service that is clearly not consistent with widely accepted and established standards of care for a particular condition
- Services, supplies or pharmaceuticals that would not be charged to the member, if there were no coverage.
- Services provided in a clinical trial that are fully funded by another source

We encourage you or your provider to call Customer Service before you enroll in a clinical trial. We can help you verify that the clinical trial is a qualified clinical trial.

## Dental Services

This benefit will only be provided for the dental services listed below.

### Care For Injuries

When services are related to an injury, benefits are provided for the reparation or repair of the natural tooth structure when such repair is performed within 12 months of the injury.

These services are only covered when they're:

- Necessary as a result of an injury
- Performed within the scope of the provider's license
- Not required due to damage from biting or chewing
- Rendered on natural teeth that were free from decay and otherwise functionally sound at the time of the injury. "Functionally sound" means that the affected teeth don't have:
  - Extensive restoration, veneers, crowns or splints
  - Periodontal disease or other condition that would cause the tooth to be in a weakened state prior to the injury

**Please Note:** An injury does not include damage caused by biting or chewing, even if due to a foreign object in food.

If necessary services can't be completed within 12 months of an injury, coverage may be extended if your dental care meets the plan's extension criteria. We must receive extension requests within 12 months of the injury date.

### When Your Condition Requires Hospital Or Ambulatory Surgical Center Care

General anesthesia and related hospital or outpatient surgery center services for dental procedures are covered when medically necessary for 1 of 2 reasons:

- The member is under the age of 19 or is disabled physically or developmentally and has a dental condition that can't be safely and effectively treated in a dental office
- The member has a medical condition in addition to the dental condition needing treatment that the attending provider finds would create an undue medical risk if the treatment weren't done in a hospital or ambulatory surgical center

**Please Note:** This benefit will not cover the dentist's services unless the services are to treat a dental injury and meet the requirements described above.

## Diagnostic Services

Benefits are provided for diagnostic services recommended by your physician or other medical provider for medical conditions or symptoms. Also covered are charges to give you the test or scan and charges to decide the results. However, diagnostic surgeries, including scope insertion procedures can only be covered under the **Surgical Services** benefit. Some examples of what's covered under this benefit are:

- Diagnostic imaging and scans (including x-rays, EKGs, and mammograms)
- Services that are medically necessary to diagnose infertility or that are part of treatment for the cause of infertility.
- Laboratory services
- Pathology tests

**In addition to *What's Not Covered?* this *Diagnostic Services* benefit doesn't cover:**

- Allergy testing. See the **Professional Visits And Services** benefit for coverage of allergy testing.

- Covered inpatient diagnostic services that are furnished and billed by an inpatient facility. These services are only eligible for coverage under the applicable inpatient facility benefit.
- Outpatient diagnostic services that are billed by an outpatient facility or emergency room and received in combination with other hospital or emergency room services. Benefits are provided under the **Hospital Outpatient** or **Emergency Room Care** benefits.
- Routine screening and tests. Please see the **Preventive Care** benefit.

## Dialysis

When you have end-stage renal disease (ESRD) you may be eligible to enroll in Medicare. If eligible, it is important to enroll in Medicare as soon as possible. When you enroll in Medicare, this plan and Medicare will coordinate benefits. In most cases, this means that you will have little or no out-of-pocket expenses.

If the dialysis services are provided by a non-contracted provider then you will owe the difference between the non-contracted provider's billed charges and the payment the plan will make for the covered services. See **Allowed Amount** in **Important Plan Information** for more information.

## Emergency Room Care

This benefit covers emergency room services, including related services and supplies, such as surgical dressings and drugs, furnished by and used while in the emergency room. Also covered under this benefit are medically necessary detoxification services. This benefit covers outpatient diagnostic services when they are billed by the emergency room and are received in combination with other hospital or emergency room services.

For chemical dependency treatment benefit information, please see the **Chemical Dependency Treatment** benefit.

You may get care in the emergency room from non-contracted providers. They can bill you for amounts over this plan's allowed amount. See **Allowed Amount** in **Important Plan Information** to learn about allowed amounts for emergency room care.

## Foot Care

This benefit covers medically necessary routine foot care.

## Routine Hearing Exams

Hearing exam services include:

- Examination of the inner and exterior of the ear
- Observation and evaluation of hearing, such as whispered voice and tuning fork
- Case history and recommendations
- Hearing testing services, including the use of calibrated equipment.

**The Routine Hearing Exams benefit doesn't cover** hearing hardware or fitting examinations for hearing hardware.

## Hearing Hardware

To receive your hearing hardware benefit:

- You must be examined by a licensed physician (M.D. or D.O.) or audiologist (CCC-A or CCC-MSPA) before obtaining hearing aids
- You must purchase a hearing aid device

Benefits are provided for the following:

- Hearing aids (monaural or binaural) prescribed as a result of an exam
- Ear molds
- The hearing aid instruments
- Hearing aid rental while the primary unit is being repaired
- The initial batteries, cords and other necessary ancillary equipment

- A warranty, when provided by the manufacturer
- A follow-up consultation within 30 days following delivery of the hearing aids with either the prescribing physician or audiologist
- Repairs, servicing, and alteration of hearing aid equipment purchased under this benefit

**This benefit doesn't cover:**

- Hearing aids purchased before your effective date of coverage under this plan
- Batteries or other ancillary equipment other than that obtained upon purchase of the hearing aids
- Hearing aids that exceed the specifications prescribed for correction of hearing loss
- Expenses incurred after your coverage under this plan ends unless hearing aids were ordered before that date and were delivered within 90 days after the date your coverage ended
- Charges in excess of this benefit. These expenses are also not eligible for coverage under other benefits of this plan.

**Home and Hospice Care**

To be covered, home health and hospice care must be part of a written plan of care prescribed, periodically reviewed, and approved by a physician (M.D. or D.O.) In the plan of care, the physician must certify that confinement in a hospital or skilled nursing facility would be required without home health or hospice services.

The plan provides benefits for covered services furnished and billed by a home health agency, home health care provider, or hospice that is Medicare-certified or is licensed or certified by the state it operates in. See the **Summary Of Your Costs** for limits.

Covered employees of a home health agency and hospice are a registered nurse; a licensed practical nurse; a licensed physical therapist or occupational therapist; a certified respiratory therapist; a speech therapist certified by the American Speech, Language, and Hearing Association; a home health aide directly supervised by one of the above providers (performing services prescribed in the plan of care to achieve the desired medical results); and a person with a master's degree in social work. Also included in this benefit are medical equipment and supplies provided as part of home health care.

**Home Health Care**

This benefit provides intermittent home visits per member each calendar year by a home health care provider or one or more of the home health agency employees above. Other therapeutic services, such as respiratory therapy and phototherapy, are also covered under this benefit.

Home health care provided as an alternative to inpatient hospitalization is not subject to the visit limit shown in the **Summary Of Your Costs**.

**Hospice Care**

The Hospice benefit covers:

- Hospice care for a terminally ill member, for up to 6 months. Benefits may be provided for up to an additional 6 months of care when needed. The initial 6-month period starts on the first day of covered hospice care.
- Palliative care for a member who has a serious or life-threatening condition that is not terminal. Coverage of palliative care can be extended based on the member's specific condition. Coverage includes expanded access to home-based care and care coordination.

Covered services are:

- **In-home intermittent hospice visits** by one or more of the hospice employees above.
- **Respite care** to relieve anyone who lives with and cares for the terminally ill member.
- **Inpatient hospice care** This benefit provides for inpatient services and supplies used while you're a hospice inpatient, such as solutions, medications or dressings, when ordered by the attending physician.

**Insulin and Other Home and Hospice Care Provider Prescribed Drugs**

Benefits are provided for prescription drugs and insulin furnished and billed by a home health care provider, home health agency or hospice.

**This benefit doesn't cover:**

- Over-the-counter drugs, solutions and nutritional supplements
- Services provided to someone other than the ill or injured member
- Services of family members or volunteers
- Services, supplies or providers not in the written plan of care or not named as covered in this benefit
- Custodial care, except for hospice care services
- Non-medical services, such as spiritual, bereavement, legal or financial counseling
- Normal living expenses, such as food, clothing, and household supplies; housekeeping services, except for those of a home health aide as prescribed by the plan of care; and transportation services
- Dietary assistance, such as "Meals on Wheels," or nutritional guidance

**Hospital Inpatient Care**

Benefits are provided for the following inpatient medical and surgical services:

- Room and board expenses, including general duty nursing and special diets
- Use of an intensive care or coronary care unit equipped and operated according to generally recognized hospital standards
- Operating room, surgical supplies, hospital anesthesia services and supplies, drugs, dressings, equipment and oxygen
- Facility charges for diagnostic and therapeutic services. Facility charges include any services received by a hospital-employed provider and billed by the hospital.
- Blood, blood derivatives and their administration
- Medically necessary detoxification services

For inpatient hospital chemical dependency treatment, except as stated above for medically necessary detoxification services, please see the ***Chemical Dependency Treatment*** benefit.

For inpatient hospital obstetrical care and newborn care, please see the ***Pregnancy And Childbirth*** and ***Newborn Care*** benefits.

For benefit information on professional diagnostic services done while at the hospital, see the ***Diagnostic Services*** benefit.

**This benefit doesn't cover:**

- Hospital admissions for diagnostic purposes only, unless the services can't be provided without the use of inpatient hospital facilities, or unless your medical condition makes inpatient care medically necessary.
- Any days of inpatient care that exceed the length of stay that is medically necessary to treat your condition.

**Hospital Outpatient Care**

This benefit covers operating rooms, procedure rooms, and recovery rooms. Also covered are services and supplies, such as surgical dressings and drugs, furnished by and used while at the hospital. This benefit covers outpatient diagnostic services only when they are billed by the hospital and received in combination with other outpatient hospital services.

**Infusion Therapy**

This benefit is provided for professional services, supplies, drugs and solutions required for infusion therapy in an outpatient setting, such as your home. Infusion therapy (also known as "intravenous therapy") is the administration of fluids into a vein by means of a needle or catheter, most often used for the following purposes:

- To maintain fluid and electrolyte balance
- To correct fluid volume deficiencies after excessive loss of body fluids
- Members that are unable to take sufficient volumes of fluids orally
- Prolonged nutritional support for members with gastrointestinal dysfunction

**This benefit doesn't cover over-the-counter drugs, solutions and nutritional supplements.**

## **Mastectomy and Breast Reconstruction**

Benefits are provided for mastectomy necessary due to disease, illness or injury. If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health And Cancer Rights Act of 1998 (WHCRA). For any member electing breast reconstruction in connection with a mastectomy, this benefit covers:

- All stages of reconstruction of the breast on which mastectomy has been performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses
- Treatment of physical complications of mastectomy, including lymphedemas

Services are to be provided in a manner determined in consultation with the attending physician and the patient.

If you would like more information on WHCRA benefits, please call The University of Puget Sound or go to [www.dol.gov/ebsa/publications/whcra.html](http://www.dol.gov/ebsa/publications/whcra.html).

## **Medical Equipment And Supplies**

Covered medical equipment, prosthetics and supplies (including sales tax for covered items) include:

### **Medical and Respiratory Equipment**

Benefits are provided for the rental of such equipment (including fitting expenses), but not to exceed the purchase price, when medically necessary and prescribed by a physician for therapeutic use in direct treatment of a covered illness or injury. The plan may also provide benefits for the initial purchase of equipment, in lieu of rental.

Examples of medical and respiratory equipment are a wheelchair, hospital-type bed, traction equipment, ventilators, and diabetic equipment such as blood glucose monitors, insulin pumps and accessories to pumps, and insulin infusion devices.

In cases where an alternative type of equipment is less costly and serves the same medical purpose, the plan will provide benefits only up to the lesser amount.

Repair or replacement of medical and respiratory equipment medically necessary due to normal use or growth of a child is covered.

### **Medical Supplies, Orthotics (Other Than Foot Orthotics), and Orthopedic Appliances**

Covered services include, but aren't limited to, dressings, braces, splints, rib belts and crutches, as well as related fitting expenses.

For hypodermic needles, lancets, test strips, testing agents and alcohol swabs benefit information, please see the **Prescription Drugs** benefit.

**Please Note:** This benefit does not include medical equipment or supplies provided as part of home health care. See the **Home And Hospice Care** benefit for coverage information.

### **Prosthetics**

Benefits for external prosthetic devices (including fitting expenses) as stated below, are provided when such devices are used to replace all or part of an absent body limb or to replace all or part of the function of a permanently inoperative or malfunctioning body organ. Benefits will only be provided for the initial purchase of a prosthetic device, unless the existing device can't be repaired, or replacement is prescribed by a physician because of a change in your physical condition.

**Please Note:** This benefit does not include prosthetics prescribed or purchased as part of a mastectomy or breast reconstruction. Please see the **Mastectomy And Breast Reconstruction** benefit for coverage information.

### **Foot Orthotics and Therapeutic Shoes**

Benefits are provided for foot orthotics (shoe inserts) and therapeutic shoes (orthopedic), including fitting expenses.

Items prescribed for the treatment of diabetes are not subject to the yearly limit shown in the **Summary Of Your Costs**.

### **Medical Vision Hardware**

Benefits are provided for vision hardware for the following medical conditions of the eye: corneal ulcer, bullous keratopathy, recurrent erosion of cornea, tear film insufficiency, aphakia, Sjogren's disease, congenital cataract, corneal abrasion, keratoconus, progressive high (degenerative) myopia, irregular astigmatism, and aniridia.

### **Wigs and Hairpieces:**

Benefits are provided for wigs or hairpieces due to medically induced hair loss. Examples of medically induced hair loss include, but are not limited to, hair loss resulting from disease, medication, radiation therapy or chemotherapy.

### **The *Medical Equipment And Supplies* benefit doesn't cover:**

- Supplies or equipment not primarily intended for medical use
- Special or extra-cost convenience features
- Items such as exercise equipment and weights
- Whirlpools, whirlpool baths, portable whirlpool pumps, sauna baths, and massage devices
- Over bed tables, elevators, vision aids, and telephone alert systems
- Structural modifications to your home or personal vehicle
- Orthopedic appliances prescribed primarily for use during participation in sports, recreation or similar activities
- Penile prostheses
- Eyeglasses or contact lenses for conditions not listed as a covered medical condition, including routine eye care
- Prosthetics, intraocular lenses, appliances or devices requiring surgical implantation. These items are covered under the ***Surgical Services*** benefit. Items provided and billed by a hospital are covered under the ***Hospital Inpatient Care*** or ***Hospital Outpatient Care*** benefits.
- Over-the-counter orthotic braces, such as knee braces
- Non-wearable external defibrillators, trusses and ultrasonic nebulizers
- Blood pressure cuffs or monitors (even if prescribed by a physician)
- Compression stockings that do not require a prescription
- Bedwetting alarms

### **Medical Foods**

This plan covers medically necessary medical foods used to supplement or replace a member's diet in order to treat inborn errors of metabolism. An example is phenylketonuria (PKU). Coverage includes medically necessary enteral formula prescribed by a physician or other provider to treat eosinophilic gastrointestinal associated disorder or other severe malabsorption disorder. Benefits are provided for all delivery methods.

Medical foods are formulated to be consumed or administered enterally under strict medical supervision. These foods generally provide most of a person's nutrition. Medical foods are designed to treat a specific problem that can be diagnosed by medical tests.

This benefit does not cover other oral nutrition or supplements not used to treat inborn errors of metabolism, even if a physician prescribes them. This includes specialized infant formulas and lactose-free foods.

### **Mental Health Care**

Benefits for mental health services to manage or lessen the effects of a psychiatric condition are provided as stated below.

Services must be consistent with published practices that are based on evidence when available or follow clinical guidelines or a consensus of expert opinion published by national mental health professional organizations or other reputable sources. If no such published practices apply, services must be consistent with community standards of practice.

Covered mental health services are:

- Inpatient care
- Outpatient therapeutic visits. "Outpatient therapeutic visit" (outpatient visit) means a clinical treatment session with a mental health provider of a duration consistent with relevant professional standards as defined in the **Current Procedural Terminology** manual, published by the American Medical Association.
- Treatment of eating disorders (such as anorexia nervosa, bulimia or any similar condition)
- Physical, speech or occupational therapy provided for treatment of psychiatric conditions, such as autism spectrum disorders.
- Applied behavioral analysis (ABA) therapy for members with one of the following:
  - Autistic disorder
  - Autism spectrum disorder
  - Asperger's disorder
  - Childhood disintegrative disorder
  - Pervasive developmental disorder
  - Rett's disorder

Covered ABA therapy includes treatment or direct therapy for identified members and/or family members. Also covered are an initial evaluation and assessment, treatment review and planning, supervision of therapy assistants, and communication and coordination with other providers or school staff as needed. Delivery of all ABA services for a member may be managed by a BCBA or one of the licensed providers below, who is called a Program Manager. Covered ABA services are limited to activities that are considered to be behavior assessments or interventions using applied behavioral analysis techniques. ABA therapy must be provided by:

- A licensed physician (M.D. or D.O.) who is a psychiatrist, developmental pediatrician or pediatric neurologist
- A licensed psychiatric nurse practitioner (NP), advanced nurse practitioner (ANP) or advanced registered nurse practitioner (ARNP)
- A licensed occupational or speech therapist
- A licensed psychologist (Ph.D.)
- A licensed community mental health agency or behavioral health agency that is also state-certified to provide ABA therapy.
- A Board-Certified Behavior Analyst (BCBA). This means a provider who is state-licensed if the State licenses behavior analysts (Washington does). If the state does not require a license, the provider must be certified by the Behavior Analyst Certification Board. BCBA's are only covered for ABA therapy that is within the scope of their license or board certification.
- A therapy assistant/behavioral technician/paraprofessional, when their services are supervised and billed by a licensed provider or a BCBA.

Mental health services other than ABA therapy must be furnished by one of the following types of providers to be covered:

- Hospital
- Washington state-licensed community mental health agency
- Licensed physician (M.D. or D.O.)
- Licensed psychologist (Ph.D.)
- A state hospital operated and maintained by the state of Washington for the care of the mentally ill
- Any other provider listed under the definition of "provider" (please see the **Definitions** section in this booklet) who is licensed or certified by the state in which the care is provided, and who is providing care within the scope of his or her license.

When medically appropriate, services may be provided in your home.

For psychological and neuropsychological testing and evaluation benefit information, please see the **Psychological and Neuropsychological Testing** benefit.

For chemical dependency treatment benefit information, please see the ***Chemical Dependency Treatment*** benefit.

For prescription drug benefit information, please see the ***Prescription Drugs*** benefit.

**The Mental Health Care benefit doesn't cover:**

- Psychological treatment of sexual dysfunctions, including impotence and frigidity
- Outward bound, wilderness, camping or tall ship programs or activities
- Mental health evaluations for purposes other than evaluating the presence of or planning treatment for covered mental health disorders, including, but not limited to, custody evaluations, competency evaluation, forensic evaluations, vocational, educational or academic placement evaluations.

**Neurodevelopmental Therapy**

Benefits are provided for the treatment of neurodevelopmental disabilities. The following inpatient and outpatient neurodevelopmental therapy services must be medically necessary to restore and improve function, or to maintain function where significant physical deterioration would occur without the therapy. This benefit includes physical, speech, and occupational therapy assessments and evaluations related to treatment of covered neurodevelopmental therapy.

Physical, speech and occupational therapy provided for treatment of psychiatric conditions, such as autism spectrum disorders, are covered under the ***Mental Health Care*** benefit.

**Inpatient Care** Inpatient facility services must be furnished and billed by a hospital or by a rehabilitation facility that meets our clinical standards, and will only be covered when services can't be done in a less intensive setting.

**Outpatient Care** Benefits for outpatient physical, speech, occupational, and massage therapy are subject to all of the following provisions:

- The member must not be confined in a hospital or other medical facility
- Services must be furnished and billed by a hospital, rehabilitation facility that meets our clinical standards, physician, physical, occupational or speech therapist, chiropractor, massage practitioner or naturopath

A "visit" is a session of treatment for each type of therapy. Each type of therapy combined accrues toward the above visit maximum. Multiple therapy sessions on the same day will be counted as one visit, unless provided by different health care providers.

The plan won't provide this benefit and the ***Rehabilitation Therapy*** benefit for the same condition. Once a calendar year maximum has been exhausted under one of these benefits, no further coverage is available.

**This benefit doesn't cover:**

- Recreational, vocational, or educational therapy; exercise or maintenance-level programs
- Social or cultural therapy
- Treatment that isn't actively engaged in by the ill, injured or impaired member
- Gym or swim therapy
- Custodial care

**Newborn Care**

Newborn children are covered automatically for the first 3 weeks from birth when the mother is eligible to receive obstetrical care benefits under this plan. To continue benefits beyond the 3-week period, please see the dependent eligibility and enrollment guidelines outlined in the ***Who Is Eligible For Coverage?*** and ***When Does Coverage Begin?*** sections.

If the mother isn't eligible to receive obstetrical care benefits under this plan, the newborn isn't automatically covered for the first 3 weeks. For newborn enrollment information, please see the ***Who Is Eligible For Coverage?*** and ***When Does Coverage Begin?*** sections.

Benefits are provided on the same basis as any other care, subject to the child's own cost-shares, if any, and other provisions as specified in this plan. Services must be consistent with accepted medical practice and ordered by the attending provider in consultation with the mother.

## Hospital Care

The **Newborn Care** benefit covers hospital nursery care as determined necessary by the attending provider, in consultation with the mother, based on accepted medical practice. Also covered are any required readmissions to a hospital and outpatient or emergency room services for medically necessary treatment of an illness or injury.

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, this restriction doesn't apply in any case where the decision to discharge the mother or her newborn child before the expiration of the minimum length of stay is made by an attending provider in consultation with the mother. In any case, plans and issuers also may not, under Federal law, require that a provider get authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours or 96 hours as applicable.

## Professional Care

Benefits for services received in a provider's office are subject to the terms of the **Professional Visits And Services** benefit. Well-baby exams in the provider's office are covered under the **Preventive Care** benefit. This benefit covers:

- Inpatient newborn care, including newborn exams
- Follow-up care consistent with accepted medical practice that's ordered by the attending provider, in consultation with the mother. Follow-up care includes services of the attending provider, a home health agency and/or a registered nurse.
- Circumcision

**Please Note:** Attending provider as used in this benefit means a physician (M.D. or D.O.), a physician's assistant, a certified nurse midwife (C.N.M.), a licensed midwife or an advanced registered nurse practitioner (A.R.N.P.).

**This benefit doesn't cover immunizations and outpatient well-baby exams.** See the **Preventive Care** benefit for coverage of immunizations and outpatient well-baby exams.

## Pregnancy And Childbirth

Benefits for pregnancy and childbirth are provided on the same basis as any other condition for all female members.

The **Pregnancy And Childbirth** benefit includes coverage for abortion.

## Facility Care

This benefit covers inpatient hospital, birthing center, outpatient hospital and emergency room services, including post-delivery care as determined necessary by the attending provider, in consultation with the mother, based on accepted medical practice.

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, this restriction doesn't apply in any case where the decision to discharge the mother or her newborn child before the expiration of the minimum length of stay is made by an attending provider in consultation with the mother. In any case, plans and issuers also may not, under Federal law, require that a provider get authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours or 96 hours as applicable.

Plan benefits are also provided for medically necessary supplies related to home births.

## Professional Care

- Prenatal care, including diagnostic and screening procedures, and genetic counseling for prenatal diagnosis of congenital disorders of the fetus.
- Delivery, including cesarean section, in a medical facility, or delivery in the home
- Postpartum care consistent with accepted medical practice that's ordered by the attending provider, in consultation with the mother. Postpartum care includes services of the attending provider, a home health agency and/or registered nurse.

**Please Note:** Attending provider as used in this benefit means a physician (M.D. or D.O.), a physician's assistant, a certified nurse midwife (C.N.M.), a licensed midwife or an advanced registered nurse practitioner (A.R.N.P.). If the attending provider bills a global fee that includes prenatal, delivery and/or postpartum services received on multiple dates of service, this plan will cover those services as it would any other surgery. Please see the **Surgical Services** benefit for details on surgery coverage.

Please see the **Preventive Care** benefit for women's preventive care during and after pregnancy.

## Prescription Drugs

### What's Covered

This benefit only covers prescription drugs that are approved by the US Food and Drug Administration (FDA) that you get from a licensed pharmacy for take-home use. Covered drugs include the drugs and items listed below. All drugs and other items must be medically necessary.

### Diabetic Drugs

#### Birth Control

- Prescription birth control drugs and devices for men and women
- Over the counter female birth control devices and supplies that your doctor prescribes

#### Shots You Give Yourself

- Prescribed drugs for shots that you give yourself, such as insulin
- Needles, syringes, alcohol swabs, test strips, testing agents and lancets.

**Nicotine Habit-Breaking Drugs** Prescription brand and generic drugs to help you break a nicotine habit. Generic over-the-counter drugs are also covered.

**Oral Chemotherapy** This benefit covers drugs you can take by mouth that can be used to kill cancer cells or slow their growth. This benefit only covers the drugs that you get from a pharmacy.

### Glucagon and Allergy Emergency Kits

#### Prescription Vitamins

**Specialty drugs** These drugs treat complex or rare health problems. An example is rheumatoid arthritis. Specialty drugs also need special handling, storage, administration or patient monitoring. They are high cost and can be shots you give yourself.

**Human growth hormone** Human growth hormone is covered only for medical conditions that affect growth. It is not covered when the cause of short stature is unknown. Human growth hormone is a specialty drug. It is not covered under other benefits of this plan.

**Off-Label Uses** The US Food and Drug Administration (FDA) approves prescription drugs for specific health conditions or symptoms. Some drugs are prescribed for uses other than those the FDA has approved. The plan covers such drugs if the use is recognized as effective in standard drug reference guides put out by the American Hospital Formulary Service, the American Medical Association, the US Pharmacopoeia, or other reference guides also recognized by the Federal Secretary of the US Health and Human Services department or the Insurance Commissioner.

Drug uses that are not recognized by one of the above standard drug reference guides can be covered if they are recognized by the Secretary of the US Health and Human Services department or by the majority of relevant, peer-reviewed medical literature. For more details, see the definition of "prescription drug" in the **Definitions** section of this booklet.

**Compound Medications** To be covered, these must contain at least one covered prescription drug

## GETTING PRESCRIPTIONS FILLED

It is always a good idea to show your Premera Blue Cross ID card when you go to the pharmacy.

See question 6 of **Questions And Answers About Your Pharmacy Benefits** for exceptions to the supply limits shown in this table.

Pharmacy	Supply Limit	Instructions
In-Network Retail or In-Network Specialty Pharmacies	30 days*	Pay the cost-share in the <b>Summary Of Your Costs</b> at the pharmacy
Out-Of-Network Retail Pharmacies	30 days*	<ul style="list-style-type: none"><li>• Pay the full cost of the drug at the pharmacy.</li><li>• Send Premera a claim. See <b>How Do I File A Claim?</b> in this booklet for instructions.</li></ul>
In-Network Mail-Order Pharmacy (Out-of-network mail-order pharmacies are not covered)	90 days	<ul style="list-style-type: none"><li>• Allow 2 weeks for your prescription to be filled.</li><li>• Ask your doctor to prescribe up to a 90-day supply of the drug you need.</li><li>• Send your prescriptions and a pharmacy mail-order form to the mail-order pharmacy. You can download the form from our website or call us for a copy. Our website and phone numbers are on the back cover of this booklet.</li></ul>

## Exclusions

### This benefit does not cover:

- Over-the-counter drugs and supplies, even if you have a prescription, unless listed as covered above or required by law. For example, the plan does not cover vitamins, food and dietary supplements (such as baby formula or protein powder), herbal or naturopathic medicines, or condoms.
- Drugs used to improve your looks, such as drugs to increase hair growth
- Drugs for experimental or investigational use. (See **Definitions**.)
- Blood or blood derivatives. See the **Blood Products And Services** benefit for coverage.
- More refills than the number prescribed, or any refill dispensed more than one year after the prescriber's original order
- Drugs for use while you are in a health care facility or provider's office, or take-home drugs dispensed and billed by a health care facility. The exceptions are for specialty drugs.
- Replacement of lost or stolen items
- Solutions and drugs that you get through a shot or through an intravenous needle, a catheter or a feeding tube. (The exception is a shot you give yourself.) Please see the **Infusion Therapy** benefit.
- Drugs to treat sexual dysfunction
- Drugs to manage your weight
- Medical equipment and supplies, except for contraceptive supplies and devices and syringes and needles for drugs you give yourself. See the **Medical Equipment And Supplies** benefit for coverage.
- Immunization agents and vaccines. See the **Preventive Care** benefit.
- Drugs for fertility treatment or assisted reproduction procedures.

## Tablet Splitting Program

The Tablet Splitting Program lets you pay less for some prescription drugs. The drugs chosen for the program are safe to split without risking quality or effectiveness.

Call Customer Service to find out which drugs are in the tablet splitting program. If you take any of those drugs, you can choose whether or not to sign up. When you sign up, the drug is dispensed at double strength. Then you split each tablet in half and take 1 half at a time. We give you the tablet splitter.

When you take part in the program, you will pay half the copay amount shown in the **Summary Of Your Costs** for a drug included in the program. If you pay coinsurance for those drugs, the percentage you pay will stay the same, but you will have lower out-of-pocket costs because the double strength tablets are cheaper than the single-strength tablets.

Because you will split the tablets, they will be dispensed at half the normal supply limit shown in the **Summary Of Your Costs**.

## Pre-Approval For Prescription Drugs

Certain prescription drugs you receive through a pharmacy must have pre-approval before you get them at a pharmacy, in order for the plan to provide benefits. Your provider can ask for pre-approval by faxing a pre-approval form to us. This form is in the pharmacy section of our Web site at [www.premera.com](http://www.premera.com). You will also find the specific list of prescription drugs requiring pre-approval on our Web site. If your prescription drug is on this list, and you do not get pre-approval, when you go to the pharmacy to fill your prescription, your pharmacy will tell you that it needs to be pre-approved. You or your pharmacy should call your provider to let them know. Your provider can fax us a pre-approval form for review.

You can buy the prescription drug before it is pre-approved, but you must pay the full cost. If the drug is authorized after you bought it, you can send us a claim for reimbursement. Reimbursement will be based on the allowed amount. See **How Do I File A Claim?** for details.

Benefits for some prescription drugs may be limited to one or more of the following:

- A set number of days' supply
- A specific drug or drug dose that is appropriate for a normal course of treatment
- A specific diagnosis
- You may need to get a prescription drug from an appropriate medical specialist
- You may have to try a generic drug or a specified brand name drug first

These limits are based on medical standards, the drug maker's advice, and your specific case. They are also based on FDA guidelines and medical articles and papers.

## Questions and Answers About Your Pharmacy Benefits

### 1. Does this plan exclude certain drugs my health care provider may prescribe, or encourage substitution for some drugs?

Your coverage for drugs is not restricted to drugs on a specific list. This plan does make use of a list of drugs, sometimes called a "formulary."

Our Pharmacy and Therapeutics Committee makes the decisions about the drug list. This committee includes doctors and pharmacists from the community. The committee reviews medical studies, scientific articles and papers and other information on drugs and their uses to choose safe and effective drugs for the list.

This plan does cover non-preferred brand name drugs, but at a higher cost to you. However, this plan doesn't cover certain categories of drugs. These are listed under **Exclusions** earlier in this benefit.

Certain drugs need pre-approval. Please see **Pre-Approval** above in this benefit for more detail.

### Generic Drug Substitution

This plan encourages the use of appropriate generic drugs (as defined below). When available and indicated by the prescriber, a generic drug will be dispensed in place of a brand name drug. If your prescriber does not want to substitute a generic for the brand name drug, you pay only the brand name cost share. See the **Summary Of Your Costs** for the amount you pay. However, if the prescriber allows you to take the generic drug instead, and you buy the brand name drug anyway, you will have to pay the difference in price between the brand name drug and the generic equivalent along with the applicable brand name cost-share. Please ask your pharmacist about the higher cost you will pay if you select a brand name drug.

A "generic drug" is a prescription drug manufactured and distributed after the brand name drug patent of the innovator company has expired. Generic drugs have obtained an AB rating from the U.S. Food and Drug Administration (FDA). The FDA considers them to be therapeutically equivalent to the brand name product. For the purposes of this plan, classification of a particular drug as a generic is based on generic product availability and cost as compared to the reference brand name drug.

This benefit also covers “biological products.” Examples are serums and antitoxins. Generic substitution does not apply to biological products.

**2. When can my plan change the pharmacy drug list? If a change occurs, will I have to pay more to use a drug I had been using?**

Our Pharmacy and Therapeutics Committee reviews the pharmacy drug list frequently throughout the year. It may make changes to the list at any point if new drugs appear on the market or new medical studies or other clinical information warrant the change.

If you're taking a drug that's changed from preferred to non-preferred status, we'll notify you before the change. The amount you pay is based on whether the drug is a generic, preferred or non-preferred drug on the date it is dispensed. Whether the pharmacy is in the network or not on the date the drug is dispensed is also a factor.

**3. What should I do if I want a change from limitations, exclusions, substitutions or cost increases for drugs specified in this plan?**

The limitations and exclusions applicable to your prescription drug benefit, including categories of drugs for which no benefits are provided, are part of this plan's overall benefit design, and can only be changed at the sole discretion of the Group. The plan's rules about substitution of generic drugs are described above in question 1. Please see **Pre-Approval** above in this benefit for more information about pre-approval.

You can appeal any decision you disagree with. Please see the **Complaints And Appeals** section in this booklet, or call our Customer Service department at the telephone numbers listed on the back cover of this booklet for information on how to submit an appeal.

**4. How much do I have to pay to get a prescription filled?**

You will find the amounts you pay for covered drugs in the **Summary Of Your Costs**.

**5. Do I have to use certain pharmacies to pay the least out of my own pocket under this plan?**

Yes. You receive the highest level of benefits when you have your prescriptions filled by in-network pharmacies. The majority of retail pharmacies in Washington are part of our pharmacy network. Your benefit covers prescription drugs dispensed from an out-of-network pharmacy, but at a higher out-of-pocket cost to you as explained above.

Our mail order program offers lower cost-shares and lets you buy larger supplies of your medications, but you must use our in-network mail order pharmacy.

You can find an in-network pharmacy near you by consulting your provider directory, or calling the Pharmacy Locator Line at the toll-free telephone number found on the back of your ID card.

Specialty drugs are covered only when you get them from specialty pharmacies. Specialty pharmacies are pharmacies that focus on the delivery and clinical management of specialty drugs. See the **Summary Of Your Costs** for more information.

**6. How many days' supply of most medications can I get without paying another copay or other repeating charge?**

The dispensing limits (or days' supply) for drugs dispensed at retail pharmacies and through the mail-order pharmacy benefit are described in the **Getting Prescriptions Filled** table above.

Benefits for refills will be provided only when the member has used 75% of a supply of a single medication. The 75% is calculated based on both of the following:

- The number of units and days' supply dispensed on the last refill
- The total units or days' supply dispensed for the same medication in the 180 days immediately before the last refill. This rule does not apply when a 12-month supply of birth control drugs has been dispensed in one fill or refill.

Exceptions to the supply limit are allowed:

- A pharmacist can approve an early refill of a prescription for eye drops or eye ointment in some cases. If you must pay a copay for the drug, the full copay is required for the early refill.
- A different supply can be allowed so that a new drug can be refilled at the same time as drugs that you are already taking. We will pro-rate the cost-shares to the exact number of days early that the refill is dispensed.

- Up to a 12-month supply of birth control drugs can be dispensed on request. If you must pay a copay for the drug, you pay one copay for each 30-day supply from a retail pharmacy or one copay for each 90-day supply from the in-network mail-order pharmacy.

The plan can also cover more than the 30-day or 90-day supply limit if the drug maker's packaging does not let the exact amount be dispensed. If you must pay a copay for the drug, you pay one copay for each 30-day supply from a retail pharmacy or one copay for each 90 day supply from the in-network mail-order pharmacy.

## 7. What other pharmacy services does my health plan cover?

This benefit is limited to covered prescription drugs and specified supplies and devices dispensed by a licensed pharmacy. Other services, such as consultations with a pharmacist, diabetic education or medical equipment, are covered by the medical benefits of this plan, and are described elsewhere in this booklet.

### Drug Discount Programs

**Pharmacy Benefit Drug Program** For pharmacy benefit claims, Premera Blue Cross will pay Plan Sponsor a prescription drug rebate payment equal to a specific amount per paid brand-name prescription drug claim. Prescription drug rebates Premera Blue Cross receives from its pharmacy benefit manager in connection with Premera Blue Cross's overall pharmacy benefit utilization may be more or less than the Plan Sponsor's rebate payment. The Plan Sponsor's rebate payment shall be made to the Plan Sponsor on a calendar year quarterly basis unless agreed upon otherwise.

The allowed amount for prescription drugs may be higher than the price paid to the pharmacy benefit manager for those prescription drugs.

Premera Blue Cross and the Group agree that the difference between the allowed amount for prescription drugs and the price paid to the pharmacy benefit manager, and the prescription drug payments received by Premera Blue Cross from its pharmacy benefit manager, constitutes Premera Blue Cross property, and not part of the compensation payable under Premera Blue Cross's contract with the Group, and that Premera Blue Cross is entitled to retain and shall retain such amounts and may apply them to the cost of its operations and the pharmacy benefit.

**Medical Benefit Drug Program** The medical benefit drug program is separate from the pharmacy program. It includes claims for drugs delivered as part of medical services. For medical benefit drug claims, Premera Blue Cross may contract with subcontractors that have rebate contracts with various manufacturers. Rebate subcontractors retain a portion of rebates collected as a rebate administration fees. Premera Blue Cross retains a portion of the rebate and describes the medical benefit drug rebate in the Group's annual accounting report. The Group's medical benefit drug rebate payment shall be made to the Group on a calendar year annual basis if the rebate is \$500 or more. If less than \$500, Premera will retain the medical benefit drug rebates.

### Preventive Care

This plan pays for preventive care as shown in the **Summary Of Your Costs**. Below is a summary of preventive care services.

#### Preventive Exams

- Routine adult and well-child exams. Includes exams for school, sports and jobs
- Review of oral health for members under 19
- Vision screening for members under 19
- Depression screening

#### Immunizations

- Shots in a provider's office
- Flu shots, flu mist, whooping cough and other seasonal shots at a pharmacy or other community center
- Shots needed for foreign travel at the county health department or a travel clinic

#### Screening Tests

Routine lab tests and imaging, such as:

- Mammograms
- X-rays and EKG tests

- Pap smears
- Prostate-specific antigen tests
- BRCA genetic tests for women at risk for certain breast cancers.

### **Colon Cancer Screening**

For members who are 50 or older or who are under age 50 and at high risk for colon cancer. Includes:

- Barium enema
- Colonoscopy, sigmoidoscopy and fecal occult blood tests. The plan also covers a consultation before the colonoscopy and anesthesia your doctor thinks is medically necessary.
- If polyps are found during a screening procedure, removing them and lab tests on them are also covered as preventive.

### **Pregnant Women's Care**

- Breastfeeding support and counseling
- Purchase of standard electric breast pumps
- Rental of hospital-grade breast pumps if medically necessary
- Screening for postpartum depression

### **Birth Control**

- Birth control devices, shots and implants. The plan will cover up to a 12-month supply of birth control pills you receive in your provider's office.
- Emergency contraceptives ("plan B")
- Tubal ligation
- Vasectomy done in a doctor's office with a local anesthetic

### **Diabetes Screening**

### **Health Education and Training**

Outpatient programs and classes to help you manage pain or cope with covered conditions like heart disease, diabetes, or asthma. The program or class must have our approval.

### **Nicotine Habit-Breaking Programs**

Programs to stop smoking, chewing tobacco or taking snuff.

### **Nutritional Counseling and Therapy**

Office visits to discuss a healthy diet and eating habits and help you manage weight. The plan covers screening and counseling for:

- Members at risk for health conditions that are affected by diet and nutrition
- Weight loss for children age 6 and older who are considered obese and for adults with a body mass index of 30 kg/meter squared or higher. This includes intensive behavioral interventions with more than one type of activity to help you set and achieve weight loss goals.

### **Fall Prevention**

Risk assessments and advice on how to prevent falls for members who are age 65 or older and have a history of falling or have mobility issues

### **About Preventive Care**

Preventive care is a set of evidence-based services. These services are based on guidelines required under state or federal law. The guidelines come from:

- Services that the United States Preventive Services Task Force has given an A or B rating
- Immunizations that the Centers for Disease Control and Prevention recommends
- Screening and other care for women, babies, children and teens that the Health Resources and Services Administration recommends.
- Services that meet the standards in Washington state law.

Please go to this government website for more information:  
<https://www.healthcare.gov/coverage/preventive-care-benefits/>

The agencies above may also change their guidelines from time to time. If this happens, the plan will comply with the changes.

Some preventive services and tests have limits on how often you should get them. The limits are often based on your age or gender. For some services, the number of visits covered as preventive depends on your medical needs. After one of these limits is reached, these services are not covered in full and you may have to pay more out-of-pocket costs.

Some of the covered services your doctor does during a routine exam may not be preventive at all. The plan would cover them under other benefits. They would not be covered in full.

**For example:**

During your preventive exam, your doctor may find a problem that needs further tests or screening for a proper diagnosis to be made. Or, if you have a chronic disease, your doctor may check your condition with tests. These types of tests help to diagnose or monitor your illness and would not be covered under the **Preventive Care** benefit. You would have to pay the cost share under the plan benefit that covers the service or test.

**The Preventive Care benefit does not cover:**

- Take-home drugs or over-the-counter items. Please see **Prescription Drugs**.
- Routine newborn exams while the child is in the hospital after birth. Please see **Newborn Care**.
- Routine or other dental care
- Services related to tubal ligation when it is done as a secondary procedure. The charge for the procedure itself is covered under this benefit, but the related services, such as anesthesia, are covered as part of the primary procedure. Please see the **Hospital Inpatient** and **Surgical Services** benefits.
- Routine vision and hearing exams
- Gym fees or exercise classes or programs
- Services or tests for a specific illness, injury or set of symptoms. Please see the plan's other benefits.
- Physical exams for basic life or disability insurance
- Work-related disability or medical disability exams
- Purchase of hospital-grade breast pumps.

**PrimePlus Care**

Your health plan gives you access to providers (including facilities) that have shown expertise and positive outcomes for the treatment of certain health conditions. Premera Blue Cross calls these providers "PrimePlus Care" providers. PrimePlus Care providers can give you high quality care for complex medical situations.

Services received for a condition that is not a designated medical condition will be subject to your regular cost-shares, even if provided or referred by a PrimePlus Care provider. Services for a designated medical condition that are not referred or coordinated by a PrimePlus Care provider are also subject to your regular cost-shares.

A "designated medical condition" is a specific medical diagnosis we have determined to be eligible for this benefit.

Please call Customer Service to find out what providers and designated medical conditions are covered under this benefit.

**Referrals** Your PrimePlus Care provider may refer you to other Heritage Prime network providers for care for the designated medical condition. With that referral, covered services from these providers will be included as part of this benefit, and the regular cost-shares will be waived.

**Out-Of-Network Providers** Restrictions on coverage for out-of-network providers apply to this benefit. Out-of-network providers are covered only when there is not a Heritage Prime network provider that can provide the service for the designated medical condition. You must have a referral from your PrimePlus Care provider and pre-approval from us prior to receiving services.

**Please Note:** All of the provisions of this plan, including medical necessity and experimental/investigative provisions, apply to the PrimePlus Care benefit.

**Travel and Lodging** If you do not have local access to PrimePlus Care providers, this plan will cover travel and lodging necessary to get treatment from a PrimePlus Care provider.

Benefits are provided for the following:

- **Travel:** Travel is covered only between your home and the PrimePlus Care provider. Round trip costs for air, train or bus travel (coach class only) are covered. If you travel by car, the plan covers mileage, parking and toll costs.
- **Lodging:** Hotel, motel or other lodging for stays away from home.
- **Companions:** Travel and lodging for 1 companion is covered if the companion has to come with the member due to medical necessity or safety. For a child under age 19, the plan will cover one companion automatically. Costs for a second companion are only covered when medically necessary.
- **Limits:** The plan covers travel and lodging costs up to the IRS limits in place on the date you had the expense. The per day limits and requirements can change if IRS regulations change. Please go to the IRS website, [www.irs.gov](http://www.irs.gov), for details. This summary is not and should not be assumed to be tax advice.
- **Costs Not Covered**
  - Meals
  - Lodging at a family member's or friend's home
  - Alcohol or tobacco
  - Car rental
  - Entertainment, such as movies, visits to museums, or mileage for sightseeing
  - Costs for people other than you and your covered companion(s)
  - Costs for pets or animals, other than service animals
  - Personal care items, such as shampoo or a toothbrush
  - Tourist items, such as T-shirts, sweatshirts, or toys
  - Phone calls

### **Professional Visits And Services**

Benefits are provided for the examination, diagnosis and treatment of an illness or injury when such services are performed on an inpatient or outpatient basis, including your home. Benefits are also provided for the following professional services when provided by a qualified provider:

- Second opinions for any covered medical diagnosis or treatment plan
- Biofeedback for migraines and other conditions for which biofeedback is not deemed experimental or investigational (see **Definitions**)
- Repair of a dependent child's congenital anomaly
- Consultations with a pharmacist

For surgical procedures performed in a provider's office, surgical suite or other facility benefit information, please see the **Surgical Services** benefit.

For professional diagnostic services benefit information, please see the **Diagnostic Services** benefit.

For home health or hospice care benefit information, please see the **Home And Hospice Care** benefit.

For preventive or routine services, please see the **Preventive Care** benefit.

For diagnosis and treatment of psychiatric conditions benefit information, please see the **Mental Health Care** benefit.

For diagnosis and treatment of temporomandibular joint (TMJ) disorders benefit information, please see the **Temporomandibular Joint (TMJ) Disorders** benefit.

## Electronic Visits

This benefit will cover electronic visits (e-visits) from in-network providers when all the requirements below are met. This benefit is only provided when three things are true:

- Premera Blue Cross has approved the physician for e-visits. Not all physicians have agreed to or have the software capabilities to provide e-visits.
- The member has previously been treated in the approved physician's office and has established a patient-physician relationship with that physician.
- The e-visit is medically necessary for a covered illness or injury.

An e-visit is a structured, secure online consultation between the approved physician and the member. Each approved physician will determine which conditions and circumstances are appropriate for e-visits in their practice.

Please call Customer Service at the number shown on the back cover of this booklet for help in finding a physician approved to provide e-visits.

## Therapeutic Injections And Allergy Tests

Benefits are available for the following:

- Therapeutic injections, including allergy injections
- Allergy testing

### The *Professional Visits and Services* benefit doesn't cover:

- Hair analysis or non-prescription drugs or medicines, such as herbal, naturopathic or homeopathic medicines or devices
- EEG biofeedback or neurofeedback services

## Psychological and Neuropsychological Testing

Covered services are psychological and neuropsychological testing, including interpretation and report preparation, necessary to prescribe an appropriate treatment plan. This includes later re-testing to make sure the treatment is achieving the desired medical results. Physical, speech or occupational therapy assessments and evaluations for rehabilitation are provided under the **Rehabilitation Therapy** benefit.

See the **Neurodevelopmental Therapy** benefit for physical, speech or occupational therapy assessments and evaluations related to neurodevelopmental disabilities.

## Rehabilitation Therapy

Benefits for the following inpatient and outpatient rehabilitation therapy services are provided when such services are medically necessary to either 1) restore and improve a bodily or cognitive function that was previously normal but was lost as a result of an injury, illness or surgery; or 2) treat disorders caused by physical congenital anomalies. Please see the **Neurodevelopmental Therapy** benefit earlier in this section for coverage of disorders caused by neurological congenital anomalies.

**Inpatient Care** Inpatient facility services must be furnished in a specialized rehabilitative unit of a hospital and billed by the hospital or be furnished and billed by another rehabilitation facility that meets our clinical standards, and will only be covered when services can't be done in a less intensive setting. When rehabilitation follows acute care in a continuous inpatient stay, this benefit starts on the day that the care becomes primarily rehabilitative. This benefit only covers care you receive within 24 months from the onset of the injury or illness or from the date of the surgery that made rehabilitation necessary. The care must also be part of a written plan of multidisciplinary treatment prescribed and periodically reviewed by a physician specializing in physical medicine and rehabilitation.

**Outpatient Care** Benefits for outpatient care are subject to all of the following provisions:

- You must not be confined in a hospital or other medical facility
- Services must be furnished and billed by a hospital, rehabilitation facility that meets our clinical standards, physician, physical, occupational, or speech therapist, chiropractor, massage practitioner or naturopath.

When the above criteria are met, benefits will be provided for physical, speech, and occupational therapy services, including chronic pain care and cardiac and pulmonary rehabilitation. The visit limit shown in the **Summary Of Your Costs** does not apply to outpatient services that are part of a cardiac or pulmonary rehabilitation program or that are medically necessary to treat cancer or complex chronic medical conditions.

Benefits are also included for physical, speech, and occupational assessments and evaluations related to rehabilitation.

A “visit” is a session of treatment for each type of therapy. Each type of therapy combined accrues toward the visit maximum shown in the **Summary Of Your Costs**. Multiple therapy sessions on the same day will be counted as one visit, unless provided by different health care providers.

Massage therapy provided by a licensed massage therapist must be prescribed by a physician.

**The Rehabilitation Therapy benefit doesn't cover:**

- Recreational, vocational or educational therapy; exercise or maintenance-level programs
- Social or cultural therapy
- Treatment that isn't actively engaged in by the ill, injured or impaired member
- Gym or swim therapy
- Custodial care
- Inpatient rehabilitation received more than 24 months from the date of onset of the member's injury or illness or from the date of the member's surgery that made the rehabilitation necessary

The plan won't provide the **Rehabilitation Therapy** benefit and the **Neurodevelopmental Therapy** benefit for the same condition. Once a calendar year maximum has been exhausted under one of these benefits, no further coverage is available.

**Skilled Nursing Facility Services**

This benefit is only provided when you're at a point in your recovery where inpatient hospital care is no longer medically necessary, but skilled care in a skilled nursing facility is. Your attending physician must actively supervise your care while you're confined in the skilled nursing facility.

Benefits are provided for services and supplies, including room and board expenses, furnished by and used while confined in a Medicare-approved skilled nursing facility.

**This benefit doesn't cover:**

- Custodial care
- Care that is primarily for senile deterioration, mental deficiency, retardation or the treatment of chemical dependency

**Sleep Studies**

This benefit covers medically necessary sleep studies to test for sleep apneas and for some sleep disorders that are not related to breathing problems.

This plan does not cover home sleep studies for members under 19.

**Spinal and Other Manipulations**

Benefits are provided for medically necessary spinal and other manipulations to treat a covered illness, injury or condition.

Non-manipulation services (including diagnostic imaging) are covered as any other medical service.

Available benefits for covered massage and physical therapy services are provided under the **Rehabilitation Therapy** and **Neurodevelopmental Therapy** benefits.

**Outpatient Surgery Center Services**

Benefits are provided for services and supplies furnished by an outpatient surgical center.

## Surgical Services

This benefit covers surgical services (including injections) that are not named as covered under other benefits, when performed on an inpatient or outpatient basis, in such locations as a hospital, ambulatory surgical facility, surgical suite or provider's office. Also covered under this benefit are:

- Anesthesia or sedation and postoperative care as medically necessary.
- Cornea transplantation, skin grafts, repair of a dependent child's congenital anomaly, and the transfusion of blood or blood derivatives.
- Colonoscopy and other scope insertion procedures are also covered under this benefit unless they qualify as preventive services as described in the **Preventive Care** benefit.
- Surgery that is medically necessary to correct the cause of infertility. This does not include assisted reproduction techniques or sterilization reversal.
- Repair of a defect that is the direct result of an injury, providing such repair is started within 12 months of the date of the injury.
- Correction of functional disorders upon our review and approval.

For organ, bone marrow or stem cell transplant procedure benefit information, please see the **Transplants** benefit.

For services to change gender, please see the **Transgender Services** benefit.

This benefit does not cover removal of excess skin or fat related to either weight loss surgery or the use of drugs for weight loss.

## Telehealth Virtual Care

Your plan covers access to care via online and telephonic methods when medically appropriate.

Services must be medically necessary to treat a covered illness, injury or condition.

Your provider may provide these services or you may use our preferred telehealth provider. See the back cover for contact information for the preferred telehealth provider.

## Temporomandibular Joint (TMJ) Disorders

Benefits for medical and dental services and supplies for the treatment of temporomandibular joint (TMJ) disorders are provided on the same basis as any other medical or dental condition. Treatment of TMJ disorders is not covered under other benefits of this plan.

This benefit includes coverage for inpatient and outpatient facility and professional care, including professional visits.

Medical and dental services and supplies are those that meet all of the following requirements:

- Reasonable and appropriate for the treatment of a disorder of the temporomandibular joint, under all the factual circumstances of the case
- Effective for the control or elimination of one or more of the following, caused by a disorder of the temporomandibular joint: pain, infection, disease, difficulty in speaking, or difficulty in chewing or swallowing food
- Recognized as effective, according to the professional standards of good medical or dental practice
- Not experimental or investigational, according to the criteria stated under **Definitions**, or primarily for cosmetic purposes

## Transgender Services

This benefit covers medically necessary services to change the gender you were born with. To find the amounts you are responsible for, please see the **Summary Of Your Costs**.

This benefit covers services which meet the standards in our medical policy. Call Customer Service or visit our website at **www.premera.com** for the policy.

See the **Surgical Services** benefit for gynecological, urologic and genital surgery for covered conditions other than gender identity disorder or gender dysphoria.

See the **Prescription Drugs** benefit for coverage of prescription drugs associated with transgender procedures.

See the **Mental Health Care** benefit for coverage of mental health services.

This benefit does not cover:

- Transgender surgery for members under 18
- Cosmetic procedures that are not medically necessary to make the gender change. Examples are hair removal and procedures to change the voice.
- Surgery to change the appearance of prior gender change procedures except when medically necessary to correct medical complications.

## Transplants

The **Transplants** benefit is not subject to a separate benefit maximum other than the maximum for travel and lodging described below. This benefit covers medical services only if provided by in-network providers or "Approved Transplant Centers." Please see the transplant benefit requirements later in this benefit for more information about approved transplant centers.

### Covered Transplants

Organ transplants and bone marrow/stem cell reinfusion procedures must not be considered experimental or investigational for the treatment of your condition. (Please see the **Definitions** section in this booklet for the definition of "experimental/investigational services.") The plan reserves the right to base coverage on all of the following:

- Organ transplants and bone marrow/stem cell reinfusion procedures must meet the plan's criteria for coverage. The medical indications for the transplant, documented effectiveness of the procedure to treat the condition, and failure of medical alternatives are all reviewed.

The types of organ transplants and bone marrow/stem cell reinfusion procedures that currently meet the plan's criteria for coverage are:

- Heart
- Heart/double lung
- Single lung
- Double lung
- Liver
- Kidney
- Pancreas
- Pancreas with kidney
- Bone marrow (autologous and allogeneic)
- Stem cell (autologous and allogeneic)

**Please Note:** For the purposes of this plan, the term "transplant" doesn't include cornea transplantation, skin grafts or the transplant of blood or blood derivatives (except for bone marrow or stem cells). These procedures are covered on the same basis as any other covered surgical procedure (please see the **Surgical Services** benefit).

- Your medical condition must meet the plan's written standards.
- The transplant or reinfusion must be furnished in an approved transplant center. (An "approved transplant center" is a hospital or other provider that's developed expertise in performing organ transplants, or bone marrow or stem cell reinfusion, and meets the other approval standards we use.) We have agreements with approved transplant centers in Washington and Alaska, and we have access to a special network of approved transplant centers around the country. Whenever medically possible, we'll direct you to an approved transplant center that we've contracted with for transplant services.

Of course, if none of our centers or the approved transplant centers can provide the type of transplant you need, this benefit will cover a transplant center that meets the written approval standards we follow.

### **Recipient Costs**

This benefit covers transplant and reinfusion-related expenses, including the preparation regimen for a bone marrow or stem cell reinfusion. Also covered are anti-rejection drugs administered by the transplant center during the inpatient or outpatient stay in which the transplant was performed.

### **Donor Costs**

Covered donor services include selection, removal (harvesting) and evaluation of the donor organ, bone marrow or stem cell; transportation of donor organ, bone marrow and stem cells, including the surgical and harvesting teams; donor acquisition costs such as testing and typing expenses; and storage costs for bone marrow and stem cells for a period of up to 12 months.

### **Travel And Lodging**

If you are getting a transplant, this benefit covers costs for your travel and lodging. You must live more than 50 miles from the approved transplant center, unless medically necessary treatment protocols require you to stay closer to the transplant center. The plan covers travel and lodging up to the limits set by the IRS for the date you had the expense.

- **Travel:** Travel is covered only between your home and the approved transplant center. Round trip costs for air, train or bus travel (coach class only) are covered. If you travel by car, the plan covers mileage, parking and toll costs.
- **Lodging:** Hotel or motel or other lodging for stays away from home.
- **Companions:** Travel and lodging for 1 companion is covered if the companion has to come with the member due to medical necessity or safety. For a child under age 19, the plan will cover one companion automatically. Costs for a second companion are only covered when medically necessary.
- **Limits:** The plan covers travel and lodging costs up to the IRS limits in place on the date you had the expense. The per day limits and requirements can change if IRS regulations change. Please go to the IRS website, [www.irs.gov](http://www.irs.gov), for details. This summary is not and should not be assumed to be tax advice.
- **Costs Not Covered**
  - Meals
  - Lodging at a family member's or friend's home
  - Alcohol or tobacco
  - Car rental
  - Entertainment, such as movies, visits to museums, or mileage for sightseeing
  - Costs for people other than you and your covered companion(s)
  - Costs for pets or animals, other than service animals
  - Personal care items, such as shampoo or a toothbrush
  - Tourist items, such as T-shirts, sweatshirts, or toys
  - Phone calls

### **The Transplants benefit doesn't cover:**

- Organ, bone marrow and stem cell transplants, including any direct or indirect complications and aftereffects thereof, except as specifically stated under this benefit.
- Services and supplies that are payable by any government, foundation or charitable grant. This includes services performed on potential or actual living donors and recipients, and on cadavers.
- Donor costs for an organ transplant or bone marrow or stem cell reinfusion that isn't covered under this benefit, or for a recipient who isn't a member
- Donor costs for which benefits are available under other group or individual coverage
- Non-human or mechanical organs, unless we determine they aren't "experimental/investigational services" (please see the **Definitions** section in this booklet)

- Personal care items
- Planned storage of blood for more than 12 months against the possibility it might be used at some point in the future

## Urgent Care Centers

This plan covers care you get in an urgent care center. Urgent care centers have extended hours and are open to the public. You can go to an urgent care center for an illness or injury that needs treatment right away. Examples are minor sprains, cuts and ear, nose and throat infections. Covered services include the doctor's services.

## WHAT DO I DO IF I'M OUTSIDE WASHINGTON AND ALASKA?

### OUT-OF-AREA CARE

As a member of the Blue Cross Blue Shield Association ("BCBSA"), Premera Blue Cross has arrangements with other Blue Cross and Blue Shield Licensees ("Host Blues") for care outside our service area. These arrangements are called "Inter-Plan Arrangements." Our Inter-Plan Arrangements help you get covered services from providers within the geographic area of a Host Blue.

The BlueCard<sup>®</sup> Program is the Inter-Plan Arrangement that applies to most claims from Host Blues' in-network providers. The Host Blue is responsible for its in-network providers and handles all interactions with them. Other Inter-Plan Arrangements apply to providers that are not in the Host Blues' networks (non-contracted providers). This Out-Of-Area Care section explains how the plan pays both types of providers.

Your getting services through these Inter-Plan Arrangements does not change what the plan covers, benefit levels, or any stated eligibility requirements. Please call us if your care needs pre-approval.

We process claims for the **Prescription Drugs** benefit directly, not through an Inter-Plan Arrangement.

### BlueCard Program

Except for copays, we will base the amount you must pay for claims from Host Blues' in-network providers on the lower of:

- The provider's billed charges for your covered services; or
- The allowed amount that the Host Blue made available to us.

Often, the allowed amount is a discount that reflects an actual price that the Host Blue pays to the provider. Sometimes it is an estimated price that takes into account a special arrangement with a single provider or a group of providers. In other cases, it may be an average price, based on a discount that results in expected average savings for services from similar types of providers.

Host Blues may use a number of factors to set estimated or average prices. These may include settlements, incentive payments, and other credits or charges. Host Blues may also need to adjust their prices to correct their estimates of past prices. However, we will not apply any further adjustments to the price of a claim that has already been paid.

**Clark County Providers** Services in Clark County, Washington are processed through the BlueCard Program. Some providers in Clark County do have contracts with us. These providers will submit claims directly to us, and benefits will be based on our allowed amount for the covered service or supply.

**Value-Based Programs** You might have a provider that participates in a Host Blue's value-based program (VBP). Value-based programs focus on meeting standards for treatment outcomes, cost and quality, and for coordinating care when you are seeing more than one provider. The Host Blue may pay VBP providers for meeting the above standards. If the Host Blue includes charges for these payments in the allowed amount for a claim, you would pay a part of these charges if a deductible or coinsurance applies to the claim. If the VBP pays the provider for coordinating your care with other providers, you will not be billed for it.

### Taxes, Surcharges and Fees

A law or regulation may require a surcharge, tax or other fee be added to the price of a covered service. If that happens, we will add that surcharge, tax or fee to the allowed amount for the claim.

## Non-Contracted Providers

It could happen that you receive covered services from providers outside our service area that do not have a contract with the Host Blue. In most cases, we will base the amount you pay for such services on either our allowed amount for these providers or the pricing requirements under applicable law. Please see **Allowed Amount** in **Important Plan Information** in this booklet for details on allowed amounts.

In these situations, you may owe the difference between the amount that the non-contracted provider bills and the payment the plan makes for the covered services as set forth above.

## Blue Cross Blue Shield Global Core

If you are outside the United States, Puerto Rico, and the U.S. Virgin Islands (the “BlueCard service area”), you may be able to take advantage of Blue Cross Blue Shield Global Core. Blue Cross Blue Shield Global Core is unlike the BlueCard Program in the BlueCard service area in some ways. For instance, although Blue Cross Blue Shield Global Core helps you access a provider network, you will most likely have to pay the provider and send us the claim yourself in order for the plan to reimburse you. See **How Do I File A Claim?** for more information. However, if you need hospital inpatient care, the service center can often direct you to hospitals that will not require you to pay in full at the time of service. In such cases, these hospitals also send in the claim for you.

If you need to find a doctor or hospital outside the BlueCard service area, need help submitting claims or have other questions, please call the service center at 1-800-810-BLUE (2583). The center is open 24 hours a day, seven days a week. You can also call collect at 1-804-673-1177.

## More Questions

If you have questions or need to find out more about the BlueCard Program, please call our Customer Service Department. To find a provider, go to **www.premiera.com** or call 1-800-810-BLUE (2583). You can also get Blue Cross Blue Shield Global Core information by calling the toll-free phone number.

## CARE MANAGEMENT

Care Management services work to help ensure that you receive appropriate and cost-effective medical care. Your role in the Care Management process is simple, but important, as explained below.

You must be eligible on the dates of service and services must be medically necessary. We encourage you to call Customer Service to verify that you meet the required criteria for claims payment.

## PRE-APPROVAL

Some services need to be pre-approved for medical necessity under this plan. The following services need pre-approval:

- Planned admissions to certain facilities
- Some home medical equipment
- Certain medical services
- Certain drugs. Pre-approval for drugs is explained in the **Prescription Drugs** benefit
- When you want to receive in-network benefits for services from an out-of-network provider. See **Pre-Approval For Out-Of-Network Providers** below.

## How To Get Pre-Approval

There is a list of medical services that need to be pre-approved. The list is on our Web site at **www.premiera.com**. Before you receive services, we suggest that you review this list. You are the one who must ask for pre-approval for the items on the list when a non-contracted provider is providing them.

- You can call Customer Service to ask for pre-approval. In-network providers will call for you.
- You will need some details from your provider for the call, such as the procedure code for a medical service.
- You may need to send medical records

Even if your doctor is asking for the pre-approval, it is a good idea to call us to make sure the request was approved.

We will respond to a request for a pre-approval within 5 calendar days. However, if we need more information, we will let you know within that time. We will allow 5 calendar days to get us the needed information. We will then tell you our decision within 4 calendar days after we receive it.

You may ask for an urgent review of emergency services. Once we get all the information, we will let you or your provider know within 48 hours. The decision will be sent in writing.

The pre-approval will be good for 30 days. This is subject to your continued coverage under this plan. If you do not get the services within that time, you will have to get pre-approval again.

### **Pre-Approval Penalty**

In-network providers and other providers contracted with us will get pre-approval for you. There is no penalty to you if the provider does not do this.

Non-contracted providers will not get a pre-approval for you. You need to ask the plan for the pre-approval. **If you do not, and the plan covers the service, you will have to pay a penalty. The amount is 50% of the allowed amount. However, you will not have to pay more than \$1,500 per occurrence.** You also have to pay your cost-share.

The penalty does not count toward your deductible, if any, or out-of-pocket maximum.

### **Exceptions**

The following services do not need pre-approval, but they do have requirements:

- Emergency hospital admissions, including drug or alcohol detox. If this happens, you must let us know as soon as reasonably possible.
- Childbirth or a newborn needing medical care at birth that requires admission to a hospital. If this happens, you must let us know as soon as reasonably possible.
- You may have a second plan that also asks you to get pre-approval for the same service. In that case, this plan will not require pre-approval for that service when two things are true:
  - Your other plan is primary to this plan. See ***Coordinating Benefits With Other Health Care Plans*** to find out how to tell which plan is primary.
  - You complied with the other plan's pre-approval process.

Generally this plan covers services from out-of-network providers at a lower benefit level. If there is not an in-network provider that can provide the service needed, you can ask for pre-approval to see an out-of-network provider and receive the in-network benefit level. See ***Pre-Approval For Out-of-Network Providers*** for more information.

### **Pre-Approval For Out-Of-Network Providers**

This plan provides benefits for non-emergency services from out-of-network providers at a lower benefit level. You may receive benefits for these services at the in-network cost-share if the services are medically necessary and only available from an out-of-network provider. You or your provider may request a pre-approval for the in-network benefit before you see the out-of-network provider.

#### **The pre-approval request must include the following:**

- A statement that the out-of-network provider has unique skills or provides unique services that are medically necessary for your care, and that are not reasonably available from an in-network provider
- Any necessary medical records supporting the request.

If the request is approved, you pay the in-network cost-share for covered services. However, the allowed amount is still the amount allowed for out-of-network providers. See ***Important Plan Information***.

If the request is denied but the plan does cover the services, you will have to pay the out-of-network cost-share.

**Whether or not your request is approved, you will also have to pay any amounts over the plan's allowed amount for covered services.**

## CLINICAL REVIEW

Premera Blue Cross has developed or adopted guidelines and medical policies that outline clinical criteria used to make medical necessity determinations. The criteria are reviewed annually and are updated as needed to ensure our determinations are consistent with current medical practice standards and follow national and regional norms. Practicing community doctors are involved in the review and development of our internal criteria. Our medical policies are on our Web site. You or your provider may review them at [www.premera.com](http://www.premera.com). You or your provider may also request a copy of the criteria used to make a medical necessity decision for a particular condition or procedure. To obtain the information, please send your request to Care Management at the address or fax number shown on the back cover.

Premera Blue Cross reserves the right to deny payment for services that are not medically necessary or that are considered experimental/investigational. A decision by Premera Blue Cross following this review may be appealed in the manner described in **Complaints And Appeals**.

In general, when there is more than one treatment option, the plan will cover the least costly option that will meet your medical needs. Premera Blue Cross works cooperatively with you and your physician to consider effective alternatives to hospital stays and other high-cost care to make better use of this plan's benefits.

## WHAT'S NOT COVERED?

This section of your booklet explains circumstances in which all the benefits of this plan are either limited or no benefits are provided. Benefits can also be affected by our **Care Management** provisions and your eligibility. In addition, some benefits have their own specific limitations.

In addition to the specific limitations stated elsewhere in this plan, the plan won't provide benefits for the following:

### Assisted Reproduction

This plan does not cover:

- Drugs to treat infertility or that are required as part of assisted reproduction procedures.
- Assisted reproduction methods, such as in-vitro fertilization. It does not matter why you need the procedure.
- Services to make you more fertile or for multiple births
- Undoing sterilization surgery
- Complications of assisted reproduction services

Please see the **Diagnostic Services** and **Surgical Services** benefits for coverage of medical services to diagnose and correct medical conditions that may cause infertility, including tests to monitor the outcomes.

### Benefits From Other Sources

This plan does not cover services that are covered by liability insurance, motor vehicle insurance, excess coverage, no fault coverage, or workers compensation or similar coverage for work-related conditions. For details, see **Third Party Recovery** in the **What If I Have Other Coverage** section of the booklet.

### Benefits That Have Been Exhausted

Amounts that exceed the allowed amount or maximum benefit for a covered service.

### Biofeedback

Biofeedback that is deemed experimental or investigational treatment for the condition (see **Definitions**). Examples of what is not covered are EEG biofeedback and neurofeedback.

### Caffeine Or Nicotine Dependency

Treatment of caffeine dependency; treatment of nicotine dependency except as stated under the **Preventive Care**, and **Prescription Drugs** benefits.

### Charges For Records Or Reports

Separate charges from providers for supplying records or reports, except those we request for utilization review.

## **Cosmetic Services**

The plan does not cover services, drugs, or supplies for cosmetic purposes, including any direct or indirect complications and aftereffects. Examples of what is not covered are reshaping normal structures of the body in order to improve or change your appearance and self-esteem and not primarily to restore an impaired function of the body.

Please see the ***Surgical Services, Mastectomy And Breast Reconstruction*** and ***Transgender Services*** benefits for more information about what the plan does cover.

## **Counseling, Educational Or Training Services**

- Counseling, education or training services, except as stated under the ***Chemical Dependency Treatment, Professional Visits And Services*** and ***Mental Health Care*** benefits or for services that meet the standards for preventive services in the ***Preventive Care*** benefit. This includes vocational assistance and outreach; social, sexual and fitness counseling
- Non-medical services, such as spiritual, bereavement, legal or financial counseling
- Recreational, vocational, or educational therapy; exercise or maintenance-level programs
- Social or cultural therapy
- Gym or swim therapy
- Acting as a tutor, helping a member with schoolwork, acting as an educational or other aide for a member while the member is at school, or providing services that are part of a school's Individual Education Program or are otherwise should be provided by school staff. This does not apply to training that is directed at the member's significant behavioral difficulties during schoolwork. Please see the ***Mental Health Care*** benefit.

## **Court-Ordered Services**

Court-ordered services, services related to deferred prosecution, deferred or suspended sentencing or to driving rights, except as deemed medically necessary

## **Custodial Care**

Custodial care, except when provided for hospice care (please see the ***Home And Hospice Care*** benefit)

## **Dental Care**

Dental services or supplies, except as specified under ***Dental Services*** and ***Chemotherapy And Radiation Therapy***

This exclusion also doesn't apply to dental services covered under the ***Temporomandibular Joint (TMJ) Disorders*** benefit.

## **Donor Breast Milk**

## **Drugs And Food Supplements**

Over-the-counter drugs, solutions, supplies, food and nutritional supplements other than those covered under the ***Medical Foods*** benefit; over-the-counter contraceptive drugs (except as required by law), supplies and devices; herbal, naturopathic, or homeopathic medicines or devices; hair analysis; and vitamins that don't require a prescription, except as required by law. Please see the ***Prescription Drugs*** benefit for details.

## **Environmental Therapy**

Therapy designed to provide a changed or controlled environment.

## **Experimental Or Investigational Services**

Any service or supply that Premera Blue Cross determines is experimental or investigational on the date it's furnished, and any direct or indirect complications and aftereffects thereof. Our determination is based on the criteria stated in the definition of "experimental/investigational services" (please see the ***Definitions*** section in this booklet).

If we determine that a service is experimental or investigational, and therefore not covered, you may appeal our decision. Please see the ***Complaints And Appeals*** section in this booklet for an explanation of the appeals process.

### **Family Members Or Volunteers**

- Services or supplies that you furnish to yourself or that are furnished to you by a provider who is an immediate relative. Immediate relative is defined as spouse, natural or adoptive parent, child, sibling, stepparent, stepchild, stepsibling, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, grandparent, grandchild, spouse of grandparent or spouse of grandchild.
- Services or supplies provided by volunteers, except as specified in the **Home And Hospice Care** benefit

### **Governmental Medical Facilities**

Services and supplies furnished by a governmental medical facility, except when:

- Your request for a benefit level exception for non-emergent care to the facility is approved. (Please see the **Pre-Approval** subsection in this booklet)
- You're receiving care for a "medical emergency" (please see the **Definitions** section in this booklet)
- The plan must provide available benefits for covered services as required by law or regulation

### **Hair Loss**

- Drugs, supplies, equipment, or procedures to replace hair, slow hair loss, or stimulate hair growth
- Hair prostheses, such as wigs or hair weaves, transplants, and implants

### **Illegal Acts and Terrorism**

This plan does not cover illness or injuries resulting from a member's commission of:

- A felony (does not apply to a victim of domestic violence)
- An act of terrorism
- An act of riot or revolt

### **Laser Therapy**

Low-level laser therapy

### **Light Therapy For Vitiligo**

### **Military Service and War**

This plan does not cover illness or injury that is caused by or arises from:

- Acts of war, such as armed invasion, no matter if war has been declared or not
- Services in the armed forces of any country. This includes the air force, army, coast guard, marines, national guard or navy. It also includes any related civilian forces or units. However, this exclusion does not apply to members of the U.S. military (active or retired) or their dependents enrolled in the TRICARE program. This plan will be primary to TRICARE for these members when required by federal law.

### **No Charge Or You Don't Legally Have To Pay**

- Services for which no charge is made, or for which none would have been made if this plan weren't in effect
- Services for which you don't legally have to pay, except as required by law in the case of federally qualified health center services

### **Non-Treatment Facilities, Institutions Or Programs**

Benefits are not provided for institutional care, housing, incarceration or programs from facilities that are not licensed to provide medical or behavioral health treatment for covered conditions. Examples are prisons, nursing homes, juvenile detention facilities, group homes, foster homes, camps and adult family homes. Benefits are provided for medically necessary medical or behavioral health treatment received in these locations. Please see the applicable medical benefit, the **Mental Health Care** benefit, or the **Chemical Dependency Treatment** benefit for details.

### **Not Covered**

- Services or supplies ordered when this plan isn't in effect, or when the person isn't covered under this plan, except as stated under specific benefits and under **Extended Benefits**

- Services or supplies provided to someone other than the ill or injured member, other than outpatient health education services covered under the **Preventive Care** benefit. This includes training or educational services to another provider.
- Services and supplies that aren't listed as covered under this plan
- Services and supplies directly related to any condition, or related to any other service or supply that isn't covered under this plan

### **Not In The Written Plan Of Care**

Services, supplies or providers not in the written plan of care or treatment plan

### **Not Medically Necessary**

- Services or supplies that aren't medically necessary even if they're court-ordered. This also includes places of service, such as inpatient hospital care.
- Hospital admissions for diagnostic purposes only, unless the services can't be provided without the use of inpatient hospital facilities, or unless your medical condition makes inpatient care medically necessary
- Any days of inpatient care that exceed the length of stay that is medically necessary to treat your condition

### **Orthodontia Services**

Orthodontia, regardless of condition, including casts, models, x-rays, photographs, examinations, appliances, braces, and retainers.

### **Orthognathic Surgery (Jaw Augmentation Or Reduction)**

Procedures to lengthen or shorten the jaw (orthognathic surgery), regardless of the origin of the condition that makes the procedure necessary. The only exception to this exclusion is for repair of a dependent child's congenital anomaly. Please see the **Surgical Services** benefit.

### **Outside The Scope Of A Provider's License Or Certification**

Services or supplies that are outside the scope of the provider's license or certification. Services or supplies that are furnished by a provider that isn't licensed or certified by the state in which the services or supplies were received. The only exception is for applied behavior analysis providers when the state in which they practice does not license them. See the **Mental Health Care** benefit.

### **Personal Comfort Or Convenience Items**

- Items for your convenience or that of your family, including medical facility expenses; services of a personal nature or personal care items, such as meals for guests, long-distance telephone charges, radio or television charges, or barber or beautician charges, babysitting
- Normal living expenses, such as food, clothing, and household supplies; housekeeping services, except for those of a home health aide as prescribed by the plan of care (please see the **Home And Hospice Care** benefit); and transportation services
- Dietary assistance, such as "Meals on Wheels"
- Charges for provider travel time
- Transporting a member in place of a parent or other family member, or accompanying the member to appointments or other activities outside the home, such as medical appointments or shopping. Doing housework or chores for the member or helping the member do housework or chores.
- Arrangements in which the provider lives with the member.

### **Private Duty Nursing**

Private duty or 24-hour nursing care. Private duty nursing is the independent hiring of a nurse by a family member to provide care. The contract is between the nurse and the family member, and there is no home health agency to provide oversight of the nurse or the work is provided. The care may be skilled, supportive or respite in nature.

## **Routine Or Preventive Care**

- Impression casting for foot prosthetics or appliances and prescriptions thereof. However, foot-support supplies, devices and shoes are covered as stated under the **Medical Equipment And Supplies** benefit.
- Exams to assess a work-related disability or medical disability

## **Serious Adverse Events and Never Events**

Members and this plan are not responsible for payment of services provided by in-network providers for serious adverse events, never events and resulting follow-up care. Serious adverse events and never events are medical errors that are specific to a nationally-published list. They are identified by specific diagnoses codes, procedure codes and specific present-on-admission indicator codes. In-Network providers may not bill members for these services and members are held harmless.

Serious Adverse Event means a hospital injury caused by medical management (rather than an underlying disease) that prolonged the hospitalization, and/or produces a disability at the time of discharge.

Never Events means events that should never occur, such as a surgery on the wrong patient, a surgery on the wrong body part or wrong surgery.

Not all medical errors are defined as serious adverse events or never events. You can obtain a list of serious adverse events and never events by contacting us at the number listed in the front of this booklet or on the Centers for Medicare and Medicaid Services (CMS) Web page at [www.cms.hhs.gov](http://www.cms.hhs.gov).

## **Sexual Dysfunction**

Diagnosis and treatment of sexual dysfunctions, regardless of origin or cause; surgical, medical or psychological treatment of impotence or frigidity, including drugs, medications, or penile or other implants; and, any direct or indirect complications and aftereffects thereof.

## **Vision Exams**

Routine vision exams to test visual acuity and/or to prescribe any type of vision hardware

## **Vision Hardware**

Vision hardware (and their fittings) used to improve visual sharpness, including eyeglasses and contact lenses, and related supplies, except as covered under the **Medical Equipment And Supplies** benefit. This plan never covers non-prescription eyeglasses or contact lenses, or other special purpose vision aids (such as magnifying attachments), sunglasses or light-sensitive lenses, even if prescribed.

## **Vision Therapy**

Vision therapy, eye exercise, or any sort of training to correct muscular imbalance of the eye (orthoptics), and pleoptics. Also not covered are treatment or surgeries to improve the refractive character of the cornea, including the treatment of any results of such treatment.

## **Voluntary Support Groups**

Patient support, consumer or affinity groups such as diabetic support groups or Alcoholics Anonymous; peer-mediated groups or interventions

## **Weight Loss Surgery or Drugs**

Surgery or drugs for weight loss or to manage weight, even if you also have an illness or injury that might be helped by weight loss. Also not covered are any direct or indirect complications, follow-up services, and aftereffects thereof. (An example of an aftereffect that would not be covered is removal of excess skin or fat that came about because of the surgery or drugs.) This exclusion applies to all weight loss surgeries, no matter where you have them. It also applies to all drugs and supplements for weight loss.

## **Work-Related Conditions**

This plan does not cover any illness, condition or injury arising out of or in the course of employment, for which the member is entitled to receive benefits by law or from workers compensation or similar coverage. For details, see **Third Party Recovery** in the **What If I Have Other Coverage** section of the booklet.

# WHAT IF I HAVE OTHER COVERAGE?

## COORDINATING BENEFITS WITH OTHER HEALTH CARE PLANS

You also may be covered under one or more other group or individual plans, such as one sponsored by your spouse's employer. This plan includes a "coordination of benefits" feature to handle such situations.

All of the benefits of this plan are subject to coordination of benefits. However, please note that benefits provided under this plan for allowable dental expenses will be coordinated separately from allowable medical expenses.

If you have other coverage besides this plan, we recommend that you send your claims to the primary plan first. In that way, the proper coordinated benefits may be most quickly determined and paid.

### Definitions Applicable To Coordination Of Benefits

To understand coordination of benefits, it's important to know the meanings of the following terms:

- **Allowable Medical Expense** means the usual, customary and reasonable charge for any medically necessary health care service or supply provided by a licensed medical professional when the service or supply is covered at least in part under this plan. When a plan provides benefits in the form of services or supplies rather than cash payments, the reasonable cash value of each service rendered or supply provided shall be considered an allowable expense.
- **Allowable Dental Expense** means the usual, customary and reasonable charge for any dentally necessary service or supply provided by a licensed dental professional when the service or supply is covered at least in part under this plan. When a plan provides benefits in the form of services or supplies rather than cash payments, the reasonable cash value of each service rendered or supply provided shall be considered an allowable expense. For the purposes of this plan, only those dental services to treat an injury to natural teeth will be considered an allowable dental expense.
- **Claim Determination Period** means a calendar year.
- **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than half of the calendar year, excluding any temporary visitation.
- **Medical Plan** means all of the following health care coverages, even if they don't have their own coordination provisions:
  - Group, individual or blanket disability insurance policies and health care service contractor and health maintenance organization group or individual agreements issued by insurers, health care service contractors, and health maintenance organizations
  - Labor-management trustee plans, labor organization plans, employer organization plans or employee benefit organization plans
  - Government programs that provide benefits for their own civilian employees or their dependents
  - Group coverage required or provided by any law, including Medicare. This doesn't include workers' compensation
  - Group student coverage that's sponsored by a school or other educational institution and includes medical benefits for illness or disease
- **Dental Plan** means all of the following dental care coverages, even if they don't have their own coordination provisions:
  - Group, individual or blanket disability insurance policies and health care service contractor and health maintenance organization group or individual agreements issued by insurers, health care service contractors, and health maintenance organizations
  - Labor-management trustee plans, labor organization plans, employer organization plans or employee benefit organization plans
  - Government programs that provide benefits for their own civilian employees or their dependents

Each contract or other arrangement for coverage described above is a separate plan. It's also important to note that for the purpose of this plan, we'll coordinate benefits for allowable medical expenses separately from allowable dental expenses, as separate plans.

## Effect On Benefits

An important part of coordinating benefits is determining the order in which the plans provide benefits. One plan is responsible for providing benefits first. This is called the “primary” plan. The primary plan provides its full benefits as if there were no other plans involved. The other plans then become “secondary.” When this plan is secondary, it will reduce its benefits for each claim so that the benefits from all medical plans aren't more than the allowable medical expense for that claim and the benefits from all dental plans aren't more than the allowable dental expense for that claim.

We will coordinate benefits when you have other health care coverage that is primary over this plan. Coordination of benefits applies whether or not a claim is filed with the primary coverage.

## Primary And Secondary Rules

Certain governmental plans, such as Medicaid, are always secondary by law. Except as required by law, Medicare supplement plans and other plans that don't coordinate benefits at all must pay as if they were primary.

A plan that doesn't have a COB provision that complies with this plan's rules is primary to this plan unless the rules of both plans make this plan primary. The exception is group coverage that supplements a package of benefits provided by the same group. Such coverage can be excess to the rest of that group's plan. An example is coverage paired with a closed panel plan to provide out-of-network benefits.

The first of the rules below to apply decides which plan is primary. If you have more than one secondary plan, the rules below also decide the order of the secondary plans to each other.

**Non-Dependent Or Dependent** The plan that doesn't cover you as a dependent is primary to a plan that does. However, if you have Medicare, and federal law makes Medicare secondary to your dependent coverage and primary to the plan that doesn't cover you as a dependent, then the order is reversed.

**Dependent Children** Unless a court decree states otherwise, the rules below apply:

- **Birthdate rule** When the parents are married or living together, whether or not they were ever married, the plan of the parent whose birthday falls earlier in the year is primary. If both parents have the same birthday, the plan that has covered the parent the longest is primary.
- When the parents are divorced, separated or not living together, whether or not they were ever married:
  - If a court decree makes one parent responsible for the child's health care expenses or coverage, that plan is primary. This rule and the court decree rules below apply to calendar years starting after the plan is given notice of the court decree. If the parent who is responsible has no health coverage for the dependent, but that parent's spouse does, that spouse's plan is primary. This rule and the court decree rules below apply to calendar years starting after the plan is given notice of the court decree.
  - If a court decree assigns one parent primary financial responsibility for the child but doesn't mention responsibility for health care expenses, the plan of the parent with financial responsibility is primary.
  - If a court decree makes both parents responsible for the child's health care expenses or coverage, the birthday rule determines which plan is primary.
  - If a court decree requires joint custody without making one parent responsible for the child's health care expenses or coverage, the birthday rule determines which plan is primary.
  - If there is no court decree allocating responsibility for the child's expenses or coverage, the rules below apply:
    - The plan covering the custodial parent, first
    - The plan covering the spouse of the custodial parent, second
    - The plan covering the non-custodial parent, third
    - The plan covering the spouse of the non-custodial parent, last
  - If a child is covered by individuals other than parents or stepparents, the above rules apply as if those individuals were the parents.

**Retired Or Laid-Off Employee** The plan that covers you as an active employee (an employee who is neither laid off nor retired) is primary to a plan covering you as a retired or laid-off employee. The same is true if you are covered as both a dependent of an active employee and a dependent of a retired or laid-off employee.

**Continuation Coverage** If you have coverage under COBRA or other continuation law, that coverage is secondary to coverage that isn't through COBRA or other continuation law.

**Please Note:** The retiree/layoff and continuation rules don't apply when both plans don't have the rule or when the "non-dependent or dependent" rule can decide which of the plans is primary.

**Length Of Coverage** The plan that covered you longer is primary to the plan that didn't cover you as long. If we do not have your start date under the other plan, we will use the employee's hire date with the other group instead. We will compare that hire date to the date your coverage started under this plan to find out which plan covered you for the longest time.

If none of the rules above apply, the plans must share the allowable expenses equally.

This plan requires you or your provider to ask for pre-approval from Premera Blue Cross before you get certain services or drugs. Your other plan may also require you to get pre-approval for the same service or drug. In that case, when this plan is secondary to your other plan, you will not have to ask Premera for pre-approval of any service or drug for which you asked for pre-approval from your other plan. This does not mean that this plan will cover the service or drug. The service or drug will be reviewed once we receive your claim.

### **Right Of Recovery/Facility Of Payment**

The plan has the right to recover any payments that are greater than those required by the coordination of benefits provisions from one or more of the following: the persons the plan paid or for whom the plan has paid, providers of service, insurance companies, service plans or other organizations. If a payment that should have been made under this plan was made by another plan, the plan also has the right to pay directly to another plan any amount that the plan should have paid. Such payment will be considered a benefit under this plan and will meet the plan's obligations to the extent of that payment. This plan has the right to appoint a third party to act on its behalf in recovery efforts.

## **THIRD PARTY RECOVERY**

### **General**

If you become ill or are injured by the actions of a third party, your medical care should be paid by that third party. For example, if you are hurt in a car crash, the other driver or his or her insurance company may be required under law to pay for your medical care.

This plan does not pay for claims for which a third party is responsible. However, the plan may agree to advance benefits for your injury with the understanding that it will be repaid from any recovery received from the third party. By accepting plan benefits for the injury, you agree to comply with the terms and conditions of this section.

In addition, the plan maintains a right of subrogation, meaning the right of the plan to be substituted in place of the member who received benefits with respect to any lawful claim, demand, or right of action against any third party that may be liable for the injury, illness or medical condition that resulted in payment of plan benefits. The third party may not be the actual person who caused the injury and may include an insurer to which premiums have been paid.

The plan administrator has discretion to interpret and to apply the terms of this section. It has delegated such discretion to Premera Blue Cross and its affiliate to the extent we need in order to administer this section.

### **Definitions**

The following definitions shall apply to this section:

**Injury** An injury or illness that a third party is or may be liable for.

**Recovery** All payments from another source that are related in any way to your injury for which plan benefits have also been paid. This includes any judgment, award, or settlement. It does not matter how the recovery is termed, allocated, or apportioned or whether any amount is specifically included or excluded as a medical expense. Recoveries may also include recovery for pain and suffering, non-economic damages, or general damages. This also includes any amounts put into a trust or constructive trust set up by or for you or your family, beneficiaries or estate as a result of your injury.

**Reimbursement Amount** The amount of benefits paid by the plan for your injury and that you must pay back to the plan out of any recovery per the terms of this section.

**Responsible Third Party** A third party that is or may be responsible under the law (“liable”) to pay you back for your injury.

**Third Party** A person; corporation; association; government; insurance coverage, including uninsured/underinsured motorist (UM/UIM), personal umbrella coverage, personal injury protection (PIP) insurance, medical payments coverage from any source, or workers’ compensation coverage. The third party may not be the actual party who caused the injury, and may include an insurer.

Note: For this section, a third party does not include other health care plans that cover you.

**You** In this section, “you” includes any lawyer, guardian, or other representative that is acting on your behalf or on the behalf of your estate in pursuing a repayment from responsible third parties.

## Exclusions

- **Benefits From Other Sources** Benefits are not available under this plan when coverage is available through:
  - Motor vehicle medical or motor vehicle no-fault
  - Any type of no-fault coverage, such as Personal injury protection (PIP), Medical Payment coverage, or Medical Premises coverage
  - Boat coverage
  - School or athletic coverage
  - Any type of liability insurance, such as home owners' coverage or commercial liability coverage
  - Any type of excess coverage
- **Work-Related Conditions** Any illness, condition or injury arising out of or in the course of employment, for which the member is entitled to receive benefits, whether or not a proper and timely claim for such benefits has been made under:
  - Occupational coverage required of or voluntarily obtained by the employer
  - State or federal workers compensation acts
  - Any legislative act providing compensation for work-related illness or injury

However, this exclusion doesn’t apply to owners, partners or executive officers who are full-time employees of the Group if they’re exempt from the above laws and if the Group doesn’t furnish them with workers’ compensation coverage. They’ll be covered under this plan for conditions arising solely from their occupations with the Group. Coverage is subject to the other terms and limitations of this plan.

These exclusions apply when the available or existing contract or insurance is either issued to a member or makes benefits available to a member, whether or not the member makes a claim under such coverage. Further, the member is responsible for any cost-sharing required by motor vehicle coverage, unless applicable state law requires otherwise. If other insurance is available for medical bills, the member must choose to put the benefit to use towards those medical bills before coverage under this plan is available. Once benefits under such contract or insurance have been used and exhausted or considered to no longer be injury-related under the no-fault provisions of the contract, this plan’s benefits will be provided.

## Reimbursement and Subrogation Rights

If the plan advances payment of benefits to you for an injury, the plan has the right to be repaid in full for those benefits.

- The plan has the right to be repaid first and in full, without regard to lawyers' fees or legal expenses, make-whole doctrine, the common fund doctrine, your negligence or fault, or any other common law doctrine or state statute that the plan is not required to comply with that would restrict the plan’s right to reimbursement in full. The reimbursement to the plan shall be made directly from the responsible third party or from you, your lawyer or your estate.
  - The plan shall also be entitled to reimbursement by asking for refunds from providers for the claims that it had already paid.
- The plan’s right to reimbursement first and in full shall apply even if:
  - The recovery is not enough to make you whole for your injury.

- The funds have been commingled with other assets. The plan may recover from any available funds without the need to trace the source of the funds.
- The member has died as a result of the injury and a representative is asserting a wrongful death or survivor claim against the third party.
- The member is a minor, disabled person, or is not able to understand or make decisions.
- The member did not make a claim for medical expenses as part of any claim or demand
- Any party who distributes your recovery funds without regard to the plan's rights will be personally liable to the plan for those funds.
- In any case where the plan has the right to be repaid, the plan also has the right of subrogation. This means that the Plan Administrator can choose to take over your right to receive payments from any responsible third party. For example, the plan can file its own lawsuit against a responsible third party. If this happens, you must co-operate with the plan as it pursues its claim.  
The plan shall also have the right to join or intervene in your suit or claim against a responsible third party.
- You cannot assign any rights or causes of action that you might have against a third party tortfeasor, person, or entity, which would grant you the right to any recovery without the express, prior written consent of the plan.

### **Your Responsibilities**

- If any of the requirements below are not met, the plan shall:
  - Deny or delay claims related to your injury
  - Recoup directly from you all benefits the plan has provided for your injury
  - Deduct the benefits owed from any future claims
- You must notify Premera Blue Cross of the existence of the injury immediately and no later than 30 days of any claim for the injury.
- You must notify the third parties of the plan's rights under this provision.
- You must cooperate fully with the plan in the recovery of the benefits advanced by the plan and the plan's exercise of its reimbursement and subrogation rights. You must take no action that would prejudice the plan's rights. You must also keep the plan advised of any changes in the status of your claim or lawsuit.
- If you hire a lawyer, you must tell Premera Blue Cross right away and provide the contact information.  
Neither the plan nor Premera Blue Cross shall be liable for any costs or lawyer's fees you must pay in pursuing your suit or claim. You shall defend, indemnify and hold the plan and Premera Blue Cross harmless from any claims from your lawyer for lawyer's fees or costs.
- You must complete and return to the plan an Incident Questionnaire and any other documents required by the plan.  
Claims for your injury shall not be paid until Premera Blue Cross receives a completed copy of the Incident Questionnaire when one was sent.
- You must tell Premera Blue Cross if you have received a recovery. If you have, the plan will not pay any more claims for the injury unless you and the plan agree otherwise.
- You must notify the plan at least 14 days prior to any settlement or any trial or other material hearing concerning the suit or claim.

### **Reimbursement and Subrogation Procedures**

If you receive a recovery, you or your lawyer shall hold the Recovery funds separately from other assets until the plan's reimbursement rights have been satisfied. The plan shall hold a claim, equitable lien, and constructive trust over any and all recovery funds. Once the plan's reimbursement rights have been determined, you shall make immediate payment to the plan out of the recovery proceeds.

If you or your lawyer do not promptly set the recovery funds apart and reimburse the plan in full from those funds, the plan has the right to take action to recover the reimbursement amount. Such action shall include, but shall not be limited to one or both of the following:

- Initiating an action against you and/or your lawyer to compel compliance with this section.
- Withholding plan benefits payable to you or your family until you and your lawyer complies or until the reimbursement amount has been fully paid to the plan.

## WHO IS ELIGIBLE FOR COVERAGE?

This section of your booklet describes who is eligible for coverage. We will use our expertise and judgment to reasonably construe the terms of this booklet as they apply to your eligibility for benefits. This does not prevent you from exercising rights you may have under applicable state or federal law to appeal, have independent review or bring a civil challenge to any eligibility determination.

Please note that you do not have to be a citizen of or live in the United States if you are otherwise eligible for coverage.

### SUBSCRIBER ELIGIBILITY

To be covered as a subscriber under this plan, an employee must meet one of the following requirements:

- The employee must be a regular and active employee, owner, partner, or corporate officer of the Group who is paid on a regular basis through the Group's payroll system, and reported by the Group for Social Security purposes, regularly scheduled to work at least a half time appointment as defined in the Group's plan document, or who is a full-time, one semester visiting faculty member.
- The employee must be a retired employee who meets all of the requirements below. The employee:
  - Is under age 65 and is eligible for medical benefits as described under the Group's Faculty Early Retirement and Career Policy and the Group's Post Retirement Medical Benefits Policy
  - Transfers directly from active employee status on the Group's group medical plan with us to retiree status on the Group's group medical plan with us within 30 days of retirement

### Employees Performing Employment Services In Hawaii

For employers other than political subdivisions, such as state and local governments, and public schools and universities, the State of Hawaii requires that benefits for employees living and working in Hawaii (regardless of where the Group is located) be administered according to Hawaii law. If the Group is not a governmental employer as described in this paragraph, employees who reside and perform any employment services for the Group in Hawaii are not eligible for coverage. When an employee moves to Hawaii and begins performing employment services for the Group there, he or she will no longer be eligible for coverage.

### DEPENDENT ELIGIBILITY

To be a dependent under this plan, the family member must be:

- The lawful spouse of the subscriber, unless legally separated. ("Lawful spouse" means a legal union of two persons that was validly formed in any jurisdiction.)

However, if the spouse is an owner, partner, or corporate officer of the Group who meets the requirements in **Subscriber Eligibility** earlier in this section, the spouse can only enroll as a subscriber.

- The domestic partner of the subscriber. Domestic partnerships that are **not** documented in a state domestic partnership registry must meet all requirements as stated in the signed "Affidavit of Domestic Partnership."

All rights, benefits and obligations afforded to a "spouse" under this plan will also be afforded to an eligible domestic partner. In determining benefits for domestic partners and their children under this plan, the term "establishment of the domestic partnership" shall be used in place of "marriage"; the term "termination of the domestic partnership" shall be used in place of "legal separation" and "divorce."

- An eligible dependent child who is under 26 years of age

An eligible child is one of the following:

- A natural offspring of either or both the subscriber or spouse
- A legally adopted child of either or both the subscriber or spouse
- A child placed with the subscriber for the purpose of legal adoption in accordance with state law. "Placed" for adoption means assumption and retention by the subscriber of a legal obligation for total or partial support of a child in anticipation of adoption of such child
- A legally placed ward or foster child of the subscriber or spouse. There must be a court or other order signed by a judge or state agency, which grants guardianship of the child to the subscriber or spouse as of a specific date. When the court order terminates or expires, the child is no longer an eligible child.

## WHEN DOES COVERAGE BEGIN?

### ENROLLMENT

Enrollment is timely when we receive the completed enrollment application and required subscription charges within 60 days of the date the employee becomes an “eligible employee” as defined in the ***Who Is Eligible For Coverage?*** section. When enrollment is timely, coverage for the employee and enrolled dependents will become effective on the first of the month that coincides with or next follows the **latest** of the applicable dates below.

**The Group may require coverage for some classes of employees to start on the actual applicable date below, as stated on its Group Master Application. Please contact the Group for information.**

- The employee's date of hire
- The date the employee enters a class of employees to which the Group offers coverage under this plan
- The next day following the date the probationary period ends, if one is required by the Group

If we don't receive the enrollment application within 60 days of the date you became eligible, none of the dates above apply. Please see ***Open Enrollment*** and ***Special Enrollment*** later in this section.

### Dependents Acquired Through Marriage After The Subscriber's Effective Date

When we receive the completed enrollment application and any required subscription charges within 60 days after the marriage, coverage will become effective on the first of the month following the date of marriage. If we don't receive the enrollment application within 60 days of marriage, please see the ***Open Enrollment*** provision later in this section.

### Natural Newborn Children Born On Or After The Subscriber's Effective Date

Newborn children are covered automatically for the first 3 weeks from birth when the mother is eligible to receive obstetrical care benefits under this plan. To extend the child's coverage beyond the 3-week period, the subscriber should follow the steps below. If the mother isn't eligible for obstetrical care benefits, but the child qualifies as an eligible dependent, the subscriber should follow the steps below to enroll the child from birth.

- An enrollment application isn't required for natural newborn children when subscription charges being paid already include coverage for dependent children, but we may request additional information if necessary to establish eligibility of the dependent child. Coverage becomes effective for natural newborn children on the date of birth.
- When subscription charges being paid don't already include coverage for dependent children, a completed enrollment application and any required subscription charges must be submitted to us within 60 days following birth. Coverage becomes effective from the date of birth. If we don't receive the enrollment application within 60 days of birth, please see the ***Open Enrollment*** provision later in this section.

### Adoptive Children Acquired On Or After The Subscriber's Effective Date

- An enrollment application isn't required for adoptive children placed with the subscriber when subscription charges being paid already include coverage for dependent children, but we may request additional information if necessary to establish eligibility of the dependent child. Coverage becomes effective for adoptive children on the date of placement with the subscriber.
- When subscription charges being paid don't already include coverage for dependent children, a completed enrollment application and any required subscription charges must be submitted to us within 60 days following the date of placement with the subscriber. Coverage becomes effective from the date of placement. If we don't receive the enrollment application within 60 days of the date of placement with the subscriber, please see the ***Open Enrollment*** provision later in this section.

### Foster Children

To enroll a new foster child, we must get any payment needed, a filled out enrollment form, and a copy of the child's foster papers. We must get these items no more than 60 days after the date the subscriber became the child's foster parent. When we get these items on time, the plan will cover the child as of the date the subscriber became the child's foster parent. If we do not get the items on time, the child must wait for the Group's next open enrollment period to be enrolled.

## Children Acquired Through Legal Guardianship

When we receive the completed enrollment application, any required subscription charges, and a copy of the guardianship papers within 60 days of the date legal guardianship began with the subscriber, coverage for an otherwise eligible child will begin on the date legal guardianship began. If we don't receive the enrollment application within 60 days of the date legal guardianship began, please see the **Open Enrollment** provision later in this section.

## Children Covered Under Medical Child Support Orders

When we receive the completed enrollment application within 60 days of the date of the medical child support order, coverage for an otherwise eligible child that is required under the order will become effective on the date of the order. Otherwise, coverage will become effective on the first of the month following the date we receive the application for coverage. The enrollment application may be submitted by the subscriber, the child's custodial parent, a state agency administering Medicaid or the state child support enforcement agency. Please contact your Group for detailed procedures.

## SPECIAL ENROLLMENT

The plan allows employees and dependents to enroll outside the plan's annual open enrollment period, if any, only in the cases listed below. In order to be enrolled, the applicant may be required to give us proof of special enrollment rights. If a completed enrollment application is not received within the time limits stated below, further chances to enroll, if any, depend on the normal rules of the plan that govern late enrollment.

### Involuntary Loss of Other Coverage

If an employee and/or dependent doesn't enroll in this plan or another plan sponsored by the Group when first eligible because they aren't required to do so, that employee and/or dependent may later enroll in this plan outside of the annual open enrollment period if each of the following requirements is met:

- The employee and/or dependent was covered under group health coverage or a health insurance plan at the time coverage under the Group's plan is offered
- The employee and/or dependent's coverage under the other group health coverage or health insurance plan ended as a result of one of the following:
  - Loss of eligibility for coverage for reasons including, but not limited to legal separation, divorce, death, termination of employment or the reduction in the number of hours of employment
  - Termination of employer contributions toward such coverage
  - The employee and/or dependent was covered under COBRA at the time coverage under this plan was previously offered and COBRA coverage has been exhausted

An eligible employee who qualifies as stated above may also enroll all eligible dependents. When only an eligible dependent qualifies for special enrollment, but the eligible employee isn't enrolled in any of the Group's plans or is enrolled in a different plan sponsored by the Group, the employee is also allowed to enroll in this plan in order for the dependent to enroll.

We must receive the completed enrollment application and any required subscription charges from the Group within 60 days of the date such other coverage ended. When the 60-day time limit is met, coverage will start on the first of the month that next follows the last day of the other coverage.

### Subscriber And Dependent Special Enrollment

An eligible employee and otherwise eligible dependents who previously elected not to enroll in any of the employer's group health plans when such coverage was previously offered, may enroll in this plan at the same time a newly acquired dependent is enrolled under **Enrollment** in the case of marriage, birth or adoption. The eligible employee may also choose to enroll alone, enroll with some or all eligible dependents, or change plans, if applicable.

### State Medical Assistance and Children's Health Insurance Program

Employees and dependents who are eligible as described in **Who Is Eligible For Coverage?** have special enrollment rights under this plan if one of the statements below is true:

- The person is eligible for state medical assistance, and the Washington State Department of Social and Health Services (DSHS) determines that it is cost-effective to enroll the person in this plan.

- The person qualifies for premium assistance under the state's medical assistance program or Children's Health Insurance Program (CHIP).
- The person no longer qualifies for health coverage under the state's medical assistance program or CHIP.

**To be covered, the eligible employee or dependent must apply and any required subscription charges must be paid no more than 60 days from the date the applicable statement above is true.** An eligible employee who elected not to enroll in this plan when such coverage was previously offered, must enroll in this plan in order for any otherwise eligible dependents to be enrolled in accordance with this provision. Coverage for the employee will start on the date the dependent's coverage starts.

## OPEN ENROLLMENT

If you're not enrolled when you first become eligible, or as allowed under **Special Enrollment** above, you can't be enrolled until the Group's next open enrollment period. An open enrollment period occurs once a year unless determined otherwise by the Group. During this period, eligible employees and their dependents can enroll for coverage under this plan.

If the Group offers multiple health care plans and you're enrolled under one of the Group's other health care plans, enrollment for coverage under this plan can only be made during the Group's open enrollment period.

## CHANGES IN COVERAGE

No rights are vested under this plan. The Group may change its terms, benefits and limitations at any time. Changes to this plan will apply as of the date the change becomes effective to all members and to eligible employees and dependents who become covered under this plan after the date the change becomes effective.

The exception is inpatient confinements described in **Extended Benefits**; please see the **How Do I Continue Coverage?** section. Changes to this plan won't apply to inpatient stays that are covered under that provision.

## PLAN TRANSFERS

Subscribers (with their enrolled dependents) may be allowed to transfer to this plan from another plan offered by the Group. Transfers also occur if the Group replaces another plan with this plan. All transfers to this plan must occur during open enrollment or on another date set by the Group.

When you transfer from the Group's other plan, and there's no lapse in your coverage, the following provisions that apply to this plan will be reduced to the extent they were satisfied under the prior plan:

- Benefit maximums
- Out-of-pocket maximum
- Calendar year deductible. Please note: This plan applies only expenses incurred in the current calendar year to the current year's calendar year deductible. So, we will credit expenses that were applied to your prior plan's calendar year deductible **only** when they were incurred during the current calendar year. We won't credit toward this plan's calendar year deductible expenses incurred during October through December of the prior year.

## WHEN WILL MY COVERAGE END?

### EVENTS THAT END COVERAGE

Coverage will end without notice, except as specified under **Extended Benefits**, on the last day of the month in which one of these events occurs:

- For the subscriber and dependents when:
  - The next required monthly charge for coverage isn't paid when due or within the grace period
  - The subscriber dies or is otherwise no longer eligible as a subscriber
- For a spouse when his or her marriage to the subscriber is annulled, or when he or she becomes legally separated or divorced from the subscriber
- For a child when he or she cannot meet the requirements for dependent coverage shown under the **Who Is Eligible For Coverage?** section.

The subscriber must promptly notify the Group when an enrolled family member is no longer eligible to be enrolled as a dependent under this plan.

## PLAN TERMINATION

No rights are vested under this plan. The Group is not required to keep the plan in force for any length of time. The Group reserves the right to change or terminate this plan, in whole or in part, at any time with no liability. Plan changes are made as described in **Changes In Coverage** in this booklet. If the plan were to be terminated, you would only have a right to benefits for covered care you receive before the plan's end date.

## HOW DO I CONTINUE COVERAGE?

### CONTINUED ELIGIBILITY FOR A DISABLED CHILD

Coverage may continue beyond the limiting age (shown under **Dependent Eligibility**) for a dependent child who can't support himself or herself because of a developmental or physical disability. The child will continue to be eligible if all the following are met:

- The child became disabled before reaching the limiting age
- The child is incapable of self-sustaining employment by reason of developmental disability or physical handicap and is chiefly dependent upon the subscriber for support and maintenance
- The subscriber is covered under this plan
- The child's subscription charges, if any, continue to be paid
- Within 31 days of the child reaching the limiting age, the subscriber furnishes the Group with a Request for Certification of Handicapped Dependent form. The Group must approve the request for certification for coverage to continue.
- The subscriber provides us with proof of the child's disability and dependent status when requested. Proof won't be requested more often than once a year after the 2-year period following the child's attainment of the limiting age.

## LEAVE OF ABSENCE

### Family and Medical Leave Act

**This section applies only to groups that must comply with the Federal Family and Medical Leave Act (FMLA).** Under FMLA, employers must let an employee and dependents stay on the plan during a leave of absence that meets the requirements of FMLA. Employees have this right if:

- **FMLA applies to the employer.** In general, employers must comply with FMLA if they have 50 or more employees. FMLA applies to public agencies and private elementary and secondary schools of any size.
- **The employee meets FMLA requirements.** Employees can keep coverage during an FMLA leave only if they have worked for the employer for 12 months or more and have worked at least 1,250 hours during the last 12 months before the leave is to start.
- **The employer approves the leave.**
- **The leave of absence qualifies under FMLA.** These leaves are called "FMLA Leaves" in this booklet. The leave can be unpaid, but the employer must protect the employee's job during the FMLA leave.
  - FMLA requires covered employers to provide employees up to 12 weeks of leave during a 12-month period for any of the reasons below:
    - For incapacity due to pregnancy, medical care during pregnancy or childbirth.
    - To care for a child after birth or placement for adoption or foster care.
    - To care for a spouse, child or parent who has a serious health condition.
    - For a health condition so serious that the employee cannot do his or her job.
    - In some situations that come up because the employee's spouse, child or parent is on or is called to active duty in the armed forces overseas.
- FMLA also lets employees take up to 26 weeks of leave during a 12-month period to care for a spouse, child, parent or next of kin who is a covered member of the armed forces and who has a serious injury or illness. "Covered member of the armed forces" also means a veteran who was discharged from the armed forces (other than a dishonorable discharge) at any time during the 5 years before the FMLA leave starts.

Note: The law does not consider a domestic partner to be a spouse.

The subscriber must pay his or her normal share of the subscription charges during the leave.

The subscriber and some or all covered family members can choose not to stay on the plan during the FMLA leave. In that case, they can be enrolled again when the subscriber returns to work at the end of the FMLA leave. Coverage will start on the date the subscriber returns to work.

If the subscriber does not return to work at the end of the FMLA leave, the subscriber and covered family members will have a right to elect COBRA coverage. The FMLA leave period does not count as part of the COBRA period.

Eligible subscribers must give the Group 30 days advance notice when they know ahead of time that they need to take a leave of absence.

This is only a summary of what FMLA requires. Please contact the Group to learn more about FMLA leaves. If the FMLA requirements change, this plan will comply with the changes.

The Group must keep Premera Blue Cross advised about the eligibility for coverage of any employee who may have a right to benefits under FMLA.

### **Other Leaves of Absence**

Coverage for a subscriber and enrolled dependents may be continued for up to 90 days, or as otherwise required by state or other federal laws, when the employer grants the subscriber a leave of absence and subscription charges continue to be paid. The requirements and the length of leave may vary. Please contact the Group for details.

The leave of absence period counts toward the maximum COBRA continuation period, except as prohibited by the Family and Medical Leave Act of 1993.

### **LABOR DISPUTE**

A subscriber may pay subscription charges through the Group to keep coverage in effect for up to 6 months in the event of suspension of compensation due to a lockout, strike, or other labor dispute.

The 6-month labor dispute period counts toward the maximum COBRA continuation period.

### **COBRA**

When group coverage is lost because of a “qualifying event” shown below, federal laws and regulations known as “COBRA” require the Group to offer qualified members an election to continue their group coverage for a limited time. Under COBRA, a qualified member must apply for COBRA coverage within a certain time period and may also have to pay a monthly charge for it.

The plan will provide qualified members with COBRA coverage when COBRA's enrollment and payment requirements are met. But, coverage is provided only to the extent that COBRA requires and is subject to the other terms and limitations of this plan. The Group, **not us**, is responsible for all notifications and other duties assigned by COBRA to the “plan administrator” within COBRA's time limits.

The following summary of COBRA coverage is taken from COBRA. Members' rights to this coverage and obligations under COBRA automatically change with further amendments of COBRA by Congress or interpretations of COBRA by the courts and federal regulatory agencies.

### **Qualifying Events And Length Of Coverage**

Please contact the Group immediately when one of the qualifying events highlighted below occurs. The continuation periods listed extend from the date of the qualifying event.

Covered domestic partners and their children have the same rights to COBRA coverage as covered spouses and their children.

- The Group must offer the subscriber and covered dependents an election to continue coverage for up to 18 consecutive months if their coverage is lost because of 1 of 2 qualifying events:

- **The subscriber's work hours are reduced.**
- **The subscriber's employment terminates, except for discharge due to actions defined by the Group as gross misconduct.**

However, if one of the events listed above follows the covered employee's entitlement to Medicare by less than 18 months, the Group must offer the covered spouse and children an election to continue coverage for up to 36 months starting from the date of the Medicare entitlement.

- COBRA coverage can be extended if a member who lost coverage due to a reduction in hours or termination of employment is determined to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act at any time during the first 60 days of COBRA coverage. In such cases, all family members who elected COBRA may continue coverage for up to a total of 29 consecutive months from the date of the reduction in hours or termination.
- The Group must offer the covered spouse or children an election to continue coverage for up to 36 consecutive months if their coverage is lost because of 1 of 4 qualifying events:
  - **The subscriber dies.**
  - **The subscriber and spouse legally separate or divorce.**
  - **The subscriber becomes entitled to Medicare.**
  - **A child loses eligibility for dependent coverage.**

In addition, the occurrence of one of these events during the 18-month period described above can extend that period for a continuing dependent. This happens only if the event would have caused a similar dependent who was not on COBRA coverage to lose coverage under this plan. The extended period will end no later than 36 months from the date of the first qualifying event.

- **The Group must offer the retired subscriber and covered dependents an election to continue their retiree coverage if that coverage is lost because the Group filed for bankruptcy.** COBRA also considers coverage to have been lost due to this qualifying event if the retiree group coverage was substantially eliminated at any time between 1 year before the bankruptcy proceeding commenced and 1 year after it commenced.

Under this qualifying event, the retired subscriber may continue coverage for up to the rest of his or her life. The retired subscriber's covered spouse and children may continue for up to 36 months after the retired subscriber's death or until they lose eligibility as dependents, whichever occurs first. (If the retired subscriber died before the bankruptcy, but his or her spouse is still covered under this plan when the bankruptcy filing occurred, that surviving spouse may continue coverage for up to the rest of his or her life.)

## Conditions Of COBRA Coverage

For COBRA coverage to become effective, all of the requirements below must be met:

### You Must Give Notice Of Some Qualifying Events

The plan will offer COBRA coverage only after the Group receives timely notice that a qualifying event has occurred.

The subscriber or affected dependent must notify the Group in the event of a divorce, legal separation, child's loss of eligibility as a dependent, or any second qualifying event which occurs within the 18-month period as described in **Qualifying Events and Lengths Of Coverage**. The subscriber or affected dependent must also notify the Group if the Social Security Administration determines that the subscriber or dependent was disabled on any of the first 60 days of COBRA coverage. You also have the right to appoint someone to give the Group this notice for you.

### If the required notice is not given or is late, the qualified member loses the right to COBRA coverage.

Except as described below for disability notices, the subscriber or affected dependent has 60 days in which to give notice to the Group. The notice period starts on the date shown below.

- For determinations of disability, the notice period starts on the **later** of: 1) the date of the subscriber's termination or reduction in hours; 2) the date the qualified member would lose coverage as the result of one of these events; or 3) date of the disability determination. **Please note: Determinations that a qualified member is disabled must be given to the Group before the 18-month continuation period ends. This means that the subscriber or qualified member might not have the full 60 days in which to give the notice.** Please include a copy of the determination with your notice to the Group.

Note: The subscriber or affected dependent must also notify the Group if a qualified member is deemed by the Social Security Administration to no longer be disabled. See **When COBRA Coverage Ends**.

- For the other events above, the 60-day notice period starts on the **later** of: 1) the date of the qualifying event, or 2) the date the qualified member would lose coverage as a result of the event.

**Important Note: The Group must tell you where to direct your notice and any other procedures that you must follow. If the Group informs you of its notice procedures after the notice period start date above for your qualifying event, the notice period will not start until the date you're informed by the Group.**

The Group must notify qualified members of their rights under COBRA. If the Group has named a third party as its plan administrator, the plan administrator is responsible to notify members on behalf of the group. In such cases, the Group has 30 days in which to notify its plan administrator of a subscriber's termination of employment, reduction in hours, death, Medicare entitlement, or loss of retiree coverage because the Group filed for bankruptcy. The plan administrator then has 14 days after it receives notice of a qualifying event from the Group (or from a qualified member as stated above) in which to notify qualified members of their COBRA rights.

If the Group itself is the plan administrator, it has more than 14 days in which to give notice for certain qualifying events. The Group must furnish the notice required because of a subscriber's termination of employment, reduction in hours, death, Medicare entitlement, or loss of retiree coverage because the Group filed for bankruptcy no later than 44 days after the **later** of 1) the date of the qualifying event, or 2) the date coverage would end in the absence of COBRA. For all other qualifying events, the 14-day notice time limit applies.

### **You Must Enroll And Pay On Time**

- You must elect COBRA coverage no more than 60 days after the **later** of 1) the date coverage was to end because of the qualifying event, or 2) the date you were notified of your right to elect COBRA coverage. You may be eligible for a second COBRA election period if you qualify under section 201 of the Federal Trade Act of 2002. Please contact the Group or your bargaining representative for more information if you believe this may apply to you.

Each qualified member will have an independent right to elect COBRA coverage. Subscribers may elect COBRA coverage on behalf of their spouses, and parents may elect COBRA coverage on behalf of their children.

- You must send your first payment to the Group no more than 45 days after the date you elected COBRA coverage.
- Subsequent monthly payments must also be paid to the Group.

### **Adding Family Members**

Eligible family members may be added after the continuation period begins, but only as allowed under **Special Enrollment** or **Open Enrollment** in the **When Does Coverage Begin?** section. With one exception, family members added after COBRA begins aren't eligible for further coverage if they later have a qualifying event or if they are determined to be disabled as described under **Qualifying Events and Lengths Of Coverage** earlier in this COBRA section. The exception is that a child born to or placed for adoption with a covered employee while the covered employee is on COBRA has the same COBRA rights as family members on coverage at the time of the original qualifying event. The child will be covered for the duration of the covered employee's initial 18-month COBRA period, unless a second qualifying event occurs which extends the child's coverage. COBRA coverage is subject to all other terms and limitations of this plan.

### **Keep The Group Informed Of Address Changes**

In order to protect your rights under COBRA, you should keep the Group informed of any address changes. It is a good idea to keep a copy, for your records, of any notices you send to the Group.

### **When COBRA Coverage Ends**

COBRA coverage will end on the last day for which any charge required for it has been paid in the monthly period in which the first of the following occurs:

- The applicable continuation period expires.
- The next monthly payment isn't paid when due or within the 30-day COBRA grace period.
- When coverage is extended from 18 to 29 months due to disability (see **Qualifying Events and Lengths Of Coverage** in this section), COBRA coverage beyond 18 months ends if there's a final determination that a qualified member is no longer disabled under the Social Security Act. However, coverage won't end on the date shown above, but on the last day for which subscription charges have been paid in the first month that

begins more than 30 days after the date of the determination. The subscriber or affected dependent must provide the Group with a copy of the Social Security Administration's determination within 30 days after the **later** of: 1) the date of the determination, or 2) the date on which the subscriber or affected dependent was informed that this notice should be provided and given procedures to follow.

- You become covered under another group health care plan after the date you elect COBRA coverage.
- You become entitled to Medicare after the date you elect COBRA coverage.  
(This doesn't apply to retirees and their dependents who are continuing retiree coverage as a result of a bankruptcy filing.)
- The Group ceases to offer group health care coverage to any employee.

### **If You Have Questions**

Questions about your plan or your rights under COBRA should be addressed to the ERISA plan administrator listed in the **ERISA Plan Description** section of this booklet. For more information about your rights under ERISA, COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA Web site at [www.dol.gov/ebsa](http://www.dol.gov/ebsa). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's Web site.

### **3-MONTH CONTINUATION OF GROUP COVERAGE**

You may choose to extend your coverage under this plan for up to 3 months past the date your coverage ended if:

- Your Group isn't subject to COBRA.
- You're not eligible for COBRA coverage.
- Your Group coverage ends for reasons other than as described under **Intentionally False Or Misleading Statements**.

You must send your first payment and completed application to the Group by the due date determined by the Group. Subsequent payments must be paid to the Group, by the date determined by the Group.

Continued coverage under this plan may end before the 3-month period expires. It will end on the last day of the monthly period for which any required payments for it have been paid when the next monthly payment isn't paid when due or within the grace period.

The 3-month continuation period isn't available once COBRA coverage is exhausted.

### **EXTENDED BENEFITS**

Under the following circumstances, certain benefits of this plan may be extended after your coverage ends for reasons other than as described under **Intentionally False Or Misleading Statements**.

The inpatient benefits of this plan will continue to be available after coverage ends if:

- Your coverage didn't end because of fraud or an intentional misrepresentation of material fact under the terms of the coverage
- You were admitted to a medical facility prior to the date coverage ended
- You remained continuously confined in a medical facility because of the same medical condition for which you were admitted

**Please Note: Newborns are eligible for Extended Inpatient benefits only if they are enrolled beyond the 3-week period specified in the *Newborn Care* benefit.**

Such continued inpatient coverage will end when the first of the following occurs:

- You're covered under a health plan or contract that provides benefits for your confinement or would provide benefits for your confinement if coverage under this plan did not exist
- You're discharged from that facility or from any other facility to which you were transferred
- Inpatient care is no longer medically necessary

- The maximum benefit for inpatient care in the medical facility has been provided. If the calendar year ends before a calendar year maximum has been reached, the balance is still available for covered inpatient care you receive in the next year. Once it's used up, however, a calendar year maximum benefit will not be renewed.

## CONTINUATION UNDER USERRA

The Uniformed Services Employment And Reemployment Rights Act (USERRA) protects the job rights (including enrollment rights on employer-provided health care coverage) of individuals who voluntarily or involuntarily leave employment positions to undertake military service. If you leave your job to perform military service, you have the right to elect to continue existing employer-based health plan coverage for you and your dependents for up to 24 months while in the military. Even if you don't elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are re-employed, generally without any exclusions except for service-connected illnesses or injuries.

Contact your employer for information on USERRA rights and requirements. You may also contact the U.S. Department of Labor at 1-866-4-USA-DOL or visit its Web site at [www.dol.gov/vets](http://www.dol.gov/vets). An online guide to USERRA can be viewed at [www.dol.gov/elaws/userra.htm](http://www.dol.gov/elaws/userra.htm).

## MEDICARE SUPPLEMENT COVERAGE

If you're enrolled in Parts A and B of Medicare, you may be eligible for guaranteed-issue coverage under certain Medicare supplement plans. You must apply within 63 days of losing coverage under this plan.

## HOW DO I FILE A CLAIM?

### Claims Other Than Prescription Drug Claims

Many providers will submit their bills to us directly. However, if you need to submit a claim, follow these simple steps:

#### Step 1

Complete a Subscriber Claim Form. A separate Subscriber Claim Form is necessary for each patient and each provider. You can order extra Subscriber Claim Forms by calling Customer Service.

#### Step 2

Attach the itemized bill. The itemized bill must contain all of the following information:

- Names of the subscriber and the member who incurred the expense
- Identification numbers for both the subscriber and the Group (these are shown on the subscriber's identification card)
- Name, address and IRS tax identification number of the provider
- Information about other insurance coverage
- Date of onset of the illness or injury
- Diagnosis or diagnosis code from the most current edition of the **International Classification of Diseases** manual
- Procedure codes from the most current edition of the **Current Procedural Terminology** manual, the **Healthcare Common Procedure Coding** manual, or the **American Dental Association Current Dental Terminology** manual for each service
- Dates of service and itemized charges for each service rendered
- If the services rendered are for treatment of an injury, the date, time, location and a brief description of the event

#### Step 3

If you're also covered by Medicare, and Medicare is primary, you must attach a copy of the "Explanation of Medicare Benefits."

#### **Step 4**

Check that all required information is complete. Bills received won't be considered to be claims until all necessary information is included.

#### **Step 5**

Sign the Subscriber Claim Form in the space provided.

#### **Step 6**

Mail your claims to us at the mailing address shown on the back cover of this booklet.

#### **Prescription Drug Claims**

To make a claim for covered prescription drugs, please follow these steps:

##### **In-Network Pharmacies**

For retail pharmacy purchases, you don't have to send us a claim. Just show your Premera Blue Cross ID card to the pharmacist, who will bill us directly. If you don't show your ID card, you'll have to pay the full cost of the prescription and submit the claim yourself.

For mail-order pharmacy purchases, you don't have to send us a claim, but you'll need to follow the instructions on the order form and submit it to the address printed on the form. Please allow up to 14 days for delivery.

##### **Out-Of-Network Pharmacies**

You'll have to pay the full cost for new prescriptions and refills purchased at these pharmacies. You'll need to fill out a prescription drug claim form, attach your prescription drug receipts and submit the information to the address shown on the claim form.

If you need a supply of in-network mail-order pharmacy order forms or prescription drug claim forms, contact our Customer Service department at the numbers shown on the back cover of this booklet.

#### **Timely Filing**

You should submit all claims within 90 days of the start of service or within 30 days after the service is completed. We must receive claims:

- Within 365 days of discharge for hospital or other medical facility expenses, or within 365 days of the date the expenses were incurred for any other services or supplies
- For members who have Medicare, within 90 days of the process date shown on the Explanation of Medicare Benefits, whichever is greater

The plan won't provide benefits for claims we receive after the later of these 2 dates except when required by law.

#### **Special Notice About Claims Procedure**

We'll make every effort to process your claims as quickly as possible. We process claims in the order in which we receive them. We'll tell you if this plan won't cover all or part of the claim no later than 30 days after we first receive it. This notice will be in writing. We can extend the time limit by up to 15 days if it's decided that more time is needed due to matters beyond our control. We'll let you know before the 30-day time limit ends if we need more time. If we need more information from you or your provider in order to decide your claim, we'll ask for that information in our notice and allow you or your provider at least 45 days to send us the information. In such cases, the time it takes to get the information to us doesn't count toward the decision deadline. Once we receive the information we need, we have 15 days to give you our decision.

- If your claim was denied, in whole or in part, our written notice (see **Notices**) will include:
- The reasons for the denial and a reference to the provisions of this plan on which it's based
- A description of any additional information needed to reconsider the claim and why that information is needed
- A statement that you have the right to appeal our decision
- A description of the plan's complaint and appeal processes

If there were clinical reasons for the denial, you'll receive a letter stating these reasons.

At any time, you have the right to appoint someone to pursue the claim on your behalf. This can be a doctor, lawyer or a friend or relative. You must notify us in writing and give us the name, address and telephone number where your appointee can be reached.

If all you have to pay is a copay for a covered service or supply, it is not considered a claim for benefits. However, you always have the right to get a paper copy of your explanation of benefits for the service or supply. You can call Customer Service. The phone number is on the back cover of your booklet and on your Premera ID card. Or, you can visit our website for secure online access to your claims. If your claim is denied in whole or in part, you may send us a complaint or appeal as outlined under **Complaints And Appeals**.

If a claim for benefits or an appeal is denied or ignored, in whole or in part, or not processed within the time shown in this plan, you may file suit in a state or federal court.

## COMPLAINTS AND APPEALS

We know healthcare doesn't always work perfectly. Our goal is to listen, take care of you, and make it simple. If it doesn't go the way you expect, you have two options:

- Complaints – You can contact customer service if you have a complaint. The phone number is on the back of this booklet. We may ask you to send the details in writing. We will send a written response within 30 days.
- Appeals – Are requests to review specific decisions we have made about your coverage.

You can appeal the following adverse benefit determinations (See **Definitions**)

- Benefits or charges were not applied correctly
- A decision regarding your eligibility to enroll or stay in the plan
- A limit or restriction on otherwise covered benefits
- A decision that services you received or had asked to have covered were experimental, investigative, not medically necessary, not appropriate, or not effective

### Who Can Appeal

You can appeal yourself or choose someone, including your doctor, to appeal on your behalf. If you choose someone else, complete an Authorization for Appeals form located on [www.premera.com](http://www.premera.com). We cannot release your protected information to someone else without this form.

### How To Appeal

You can call Customer Service or you can write to us at the address listed inside the front cover of this book. **We must receive your internal appeal request within 180 days of the date you were notified of our initial decision.**

By sending your appeal in writing, you can provide more details about your appeal. This may include chart notes, medical records or a letter from your doctor. Within 72 hours, we will confirm in writing that we have your request.

If you need help filing an appeal, or would like a copy of the appeals process, please call Customer Service. You can also get a description of the appeals process by visiting our website. If you need help with translation, please call us. Customer Service can guide you through the service

If you would like to review the information used for your appeal, please contact Customer Service. The information will be sent as soon as possible and free of charge.

### Internal Appeal

The process begins with internal appeal by Premera. Your plan has two levels of internal appeals. In the first level, people who were not part of the initial decision will review your appeal. Medical review denials will be reviewed by a medical specialist.

If you are not satisfied with the decision, you may request a level II appeal. You have 60 days from the date of our level I decision letter to ask us for a level 2 appeal. You can send us new information to consider.

Your level II internal appeal will be reviewed by a panel of people who were not involved in the level I appeal. If the original decision involved medical judgment, a medical provider will be on the panel. You may take part in the level II panel meeting in person or by phone. Please call us for more details about this process.

## What Happens When You Have Ongoing Care

Ongoing care is continuous treatment you are currently receiving, such as residential care, care for a chronic condition, inpatient care and rehabilitation.

If you appeal a decision that ongoing care is no longer medically necessary, benefits will not change during the time your appeal is being reviewed. Your benefits during the appeal period should not be taken as a change of the initial denial. If the decision is upheld, you must repay all amounts the plan paid for ongoing care during the appeal review.

## What Happens When Care Is Urgent

If your condition is urgent, we will handle your appeal in an expedited (fast) manner. Examples of urgent situations are:

- Your life or health is in serious danger or you are in pain that you cannot bear, as determined by our medical specialist
- You are inpatient or receiving emergency care

If your situation is urgent, you may ask for a fast external appeal at the same time you request a fast internal appeal.

Urgent appeals are only available for services you have not yet received.

## What Happens Next

Your appeal is reviewed, and a decision is provided within the time limits below.

Type of appeal	When to expect notification of a decision
Urgent appeals	No later than 72 hours. We will call, fax, or email you with the decision, and follow up in writing
Pre-service appeals (a decision made by us before you received services)	Within 15 days
All other appeals	15-30 days

If the first decision is upheld, or the process above is not followed, you can request an external appeal.

## External Appeal

External appeal will be done by an Independent Review Organization (IRO) that is certified by the State of Washington Department of Health to review medical and other important information. There is no cost to you for an external appeal.

- We will send you an external appeal request form with the written decision of your internal appeal. You may also write to us directly to request an external appeal.
- We must receive your written request for an external appeal within 4 months after the date you got our internal appeal letter. You must include the signed external appeal form you received from us. You may also include medical records and other information.

We will forward your medical records and other information to the IRO. If you have additional information on your appeal, we will tell you how to send it to the IRO.

## What Happens Next

Once the external appeal is done, the IRO will let you and us know their decision within the time limits below:

- For urgent external appeals no later than 72 hours after receiving the request. The IRO will inform you and Premera immediately by phone, e-mail or fax. We will follow up with a written decision by mail.
- For all other appeals, within 45 days after the IRO gets the request. We will send you a written decision by mail.

## Once A Decision Is Made

The Plan will accept the IRO decision.

If the IRO:

- Reverses the original decision, we will apply their decision quickly.
- Stands by the original decision, there is no further appeal. However, you may have other steps you can take under state or federal law, such as filing a lawsuit.

If you have questions about a denial of a claim or your appeal rights, you may call Customer Service at the number listed on your Premera ID card.

If your plan is governed by the Federal Employee Retirement Income Security Act of 1974 (ERISA), you can also contact the Employee Benefits Security Administration of the U.S. Department of Labor. The phone number is 1-866-444-EBSA (3272).

## OTHER INFORMATION ABOUT THIS PLAN

This section tells you about how this plan is administered. It also includes information about federal and state requirements we and the Group must follow and other information that must be provided.

### Conformity With The Law

If any provision of the plan or any amendment thereto is deemed to be in conflict with applicable state or federal laws or regulations, upon discovery of such conflict the plan will be administered in conformance with the requirements of such laws and regulations as of their effective date.

### Evidence Of Medical Necessity

We have the right to require proof of medical necessity for any services or supplies you receive before benefits under this plan are provided. This proof may be submitted by you, or on your behalf by your health care providers. No benefits will be available if the proof isn't provided or acceptable to the plan.

### Health Care Providers — Independent Contractors

All health care providers who provide services and supplies to a member do so as independent contractors. None of the provisions of this plan or the contract between Premera Blue Cross and the Group are intended to create, nor shall they be deemed or construed to create, any employment or agency relationship between us and the provider of service other than that of independent contractors.

### Intentionally False Or Misleading Statements

If this plan's benefits are paid in error due to a member's or provider's commission of fraud or providing any intentionally false or misleading statements, the plan is entitled to recover these amounts. Please see the **Right Of Recovery** provision later in this section.

And, if a member commits fraud or makes any intentionally false or misleading statements on any application or enrollment form that affects the member's acceptability for coverage, we may, as directed by the Group:

- Deny the member's claim
- Reduce the amount of benefits provided for the member's claim
- Void the member's coverage under this plan (void means to cancel coverage back to its effective date, as if it had never existed at all)

**Please Note:** we cannot void your coverage based on a misrepresentation you made unless you have performed an act or practice that constitutes fraud; or made an intentional misrepresentation of material fact that affects your acceptability for coverage.

### Member Cooperation

You're under a duty to cooperate with us and the Group in a timely and appropriate manner in our administration of benefits. You're also under a duty to cooperate with us and the Group in the event of a lawsuit.

## **Notice Of Information Use And Disclosure**

We may collect, use, or disclose certain information about you. This protected personal information (PPI) may include health information, or personal data such as your address, telephone number or Social Security number. We may receive this information from, or release it to, health care providers, insurance companies, or other sources.

This information is collected, used or disclosed for conducting routine business operations such as:

- Underwriting and determining your eligibility for benefits and paying claims. (Genetic information is not collected or used for underwriting or enrollment purposes.)
- Coordinating benefits with other health care plans
- Conducting care management or quality reviews
- Fulfilling other legal obligations that are specified under the plan and our administrative service contract with the Group

This information may also be collected, used or disclosed as required or permitted by law.

To safeguard your privacy, we take care to ensure that your information remains confidential by having a company confidentiality policy and by requiring all employees to sign it.

If a disclosure of PPI isn't related to a routine business function, we remove anything that could be used to easily identify you or we obtain your prior written authorization.

You have the right to request inspection and /or amendment of records retained by us that contain your PPI. Please contact our Customer Service department and ask a representative to mail a request form to you.

## **Notice Of Other Coverage**

As a condition of receiving benefits under this plan, you must notify us of:

- Any legal action or claim against another party for a condition or injury for which the plan provides benefits; and the name and address of that party's insurance carrier
- The name and address of any insurance carrier that provides:
  - Personal injury protection (PIP)
  - Underinsured motorist coverage
  - Uninsured motorist coverage
  - Any other insurance under which you are or may be entitled to recover compensation
- The name of any group or individual insurance plans that cover you

## **Notices**

Any notice we're required to submit to the Group or subscriber will be considered to be delivered if it's mailed to the Group or subscriber at the most recent address appearing on our records. We'll use the date of postmark in determining the date of our notification. If you are required to submit notice to us, it will be considered delivered 3 days after the postmark date, or if not postmarked, the date we receive it.

## **Right Of Recovery**

On behalf of the plan, we have the right to recover amounts the plan paid that exceed the amount for which the plan is liable. Such amounts may be recovered from the subscriber or any other payee, including a provider. Or, such amounts may be deducted from future benefits of the subscriber or any of his or her dependents (even if the original payment wasn't made on that member's behalf) when the future benefits would otherwise have been paid directly to the subscriber or to a provider that does not have a contract with us.

## **Right To And Payment Of Benefits**

Benefits of this plan are available only to members. Except as required by law, the plan won't honor any attempted assignment, garnishment or attachment of any right of this plan. In addition, members may not assign a payee for claims, payments or any other rights of this plan.

At our option only, we have the right to direct the benefits of this plan to:

- The subscriber
- A provider
- Another health insurance carrier
- The member
- Another party legally entitled under federal or state medical child support laws
- Jointly to any of the above

Payment to any of the above satisfies the plan's obligation as to payment of benefits.

### **Venue**

All suits or legal proceedings brought against us, the plan, or the Group by you or anyone claiming any right under this plan must be filed:

- Within 3 years of the date the rights or benefits claimed under this plan were denied in writing, or of the completion date of the independent review process if applicable; and
- In the state of Washington or the state where you reside or are employed.

All suits or legal or arbitration proceedings brought by the plan will be filed within the appropriate statutory period of limitation, and you agree that venue, at the plan's option, will be in King County, the state of Washington.

## **ERISA PLAN DESCRIPTION**

The following information has been provided by your Group to meet certain ERISA requirements for the summary plan description.

This plan is an employee welfare benefit plan that's subject to the Federal Employee Retirement Income Security Act of 1974 (ERISA). This employee welfare benefit plan is called the "ERISA Plan" in this section. ERISA gives subscribers and dependents the right to a summary describing the ERISA Plan.

### **Name Of Plan**

The University of Puget Sound Welfare and Flexible Benefits Plan

### **Name And Address Of Employer Or Plan Sponsor**

The University of Puget Sound

1500 North Warner St #1064

Tacoma, WA 98416

Subscribers and dependents may receive from the plan administrator, upon written request, information as to whether a particular employer or employee organization is a sponsor of the ERISA Plan and, if so, the sponsor's address.

### **Employer Identification Number "EIN"**

91-0564961

### **Plan Number**

507

### **Type Of Plan**

Self-funded employee welfare benefit plan that is a group health plan. The ERISA Plan provides hospital, medical and vision benefits.

### **Type Of Administration**

Third-party administration by Premera Blue Cross under the terms and conditions of its administrative service contract with the Group. We do not insure this plan

## **Name, Address, And Telephone Number Of ERISA Plan Administrator**

The University of Puget Sound

1500 North Warner St #1064

Tacoma, WA 98416

(253) 879-3462

## **Agent For Service Of Legal Process**

Secretary of the Corporation

Service of legal process may also be made on a Plan trustee, if any, or the ERISA Plan Administrator.

## **Eligibility To Participate In The Plan**

Employees and their dependents are eligible for the benefits of the plan when they meet the eligibility requirements in this booklet, are enrolled as described in this booklet, and all required monthly charges for them are and continue to be paid to the Group as required by the Group.

## **Benefits**

The benefit booklet tells you the terms and limitations of each benefit of this plan. You may have lower out-of-pocket costs if you use providers that have signed contracts with us. This booklet explains the provider networks, when applicable. It also tells how benefits are affected if members don't use these providers. Coverage for emergency care and care you receive outside the service area are also described. The benefit sections of this booklet also explain what part of the cost of covered health care that you must pay.

If you lose your benefit booklet, please contact the Group for a new one.

## **Disqualification, Ineligibility Or Denial, Loss, Forfeiture, Or Suspension Of Any Benefits**

This booklet describes circumstances that may result in disqualification, ineligibility or denial, loss, forfeiture, suspension, reduction, offset or recovery of any benefits for members.

## **Source Of Contributions**

Employees contribute to the cost of coverage for themselves and their dependents. Self-payments are also permitted; please see the ***How Do I Continue Coverage?*** section in this booklet.

## **Funding Medium**

The Group

## **Plan Changes and Termination**

The ***Plan Termination*** and ***Changes In Coverage*** portions of this booklet describe the circumstances when this plan may be changed or terminated. No rights are vested under the ERISA Plan. The Group reserves the right to change or terminate its ERISA Plan in whole or in part, at any time, with no liability.

The Group will tell employees if its ERISA Plan is changed or terminated. If the ERISA Plan were to be terminated, members would have a right to benefits only for covered services received before the ERISA Plan's end date.

## **ERISA Plan Year**

The ERISA Plan year ends on each December 31.

## **WHAT ARE MY RIGHTS UNDER ERISA?**

As participants in an employee welfare benefit plan, subscribers have certain rights and protections. This section of this plan explains those rights.

ERISA provides that all plan participants shall be entitled to:

- Examine without charge, at the ERISA Plan administrator's office and at other specified locations (such as work sites and union halls), all documents governing the ERISA Plan, including insurance contracts and collective bargaining agreements. If the ERISA Plan is required to file an annual report with the U.S. Department of

Labor, plan participants shall be entitled to examine a copy of its latest annual report (Form 5500 Series) filed and available at the Public Disclosure Room of the Employee Benefits Security Administration.

- Obtain, upon written request to the ERISA Plan administrator, copies of documents governing the operation of the ERISA Plan, including insurance contracts and collective bargaining agreements and updated summary plan descriptions. If the ERISA Plan is required to file an annual report with the U.S. Department of Labor, plan participants shall be entitled to obtain copies of the latest annual report (Form 5500 Series). The administrator may make a reasonable charge for the copies.
- Receive a summary of the ERISA Plan's annual financial report, if ERISA requires the ERISA Plan to file an annual report. The ERISA Plan administrator for such plans is required by law to furnish each participant with a copy of this summary annual report.
- Continue health care coverage for yourself, spouse or dependents if there's a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review the summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee welfare benefit plan. The people who operate your ERISA Plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. (The Group has delegated to us the discretionary authority to determine eligibility for benefits and to construe the terms used in the plan to the extent stated in our administrative services contract with the Group). No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the ERISA Plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the ERISA Plan administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the ERISA Plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court.

If it should happen that ERISA Plan fiduciaries misuse the ERISA Plan's money, or if you're discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you're successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

**Please Note:** Under ERISA, the ERISA Plan administrator is responsible for furnishing each participant and beneficiary with a copy of the summary plan description.

If you have any questions about your employee welfare benefit plan, you should contact the ERISA Plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the ERISA Plan administrator, you should contact either the:

- Office of the Employee Benefits Security Administration, U.S. Department of Labor, 300 Fifth Ave., Suite 1110, Seattle, WA 98104; or
- Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Ave. N.W., Washington, D.C. 20210.

You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration at 1-866-444-3272.

## DEFINITIONS

The terms listed throughout this section have specific meanings under this plan.

### **Adverse Benefit Determination**

An adverse benefit determination means a decision to deny, reduce, terminate or a failure to provide or to make payment, in whole or in part for services. This includes

- A member's or applicant's eligibility to be or stay enrolled in this plan or health insurance coverage
- A limitation on otherwise covered benefits
- A clinical review decision
- A decision that a service is experimental, investigative, not medically necessary or appropriate, or not effective

### **Affordable Care Act**

The Patient Protection and Affordable Care Act of 2010 (Public Law 111-148) as amended by the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152).

### **Calendar Year**

The period of 12 consecutive months that starts each January 1 at 12:01 a.m. and ends on the next December 31 at midnight.

### **Chemical Dependency**

An illness characterized by physiological or psychological dependency, or both, on a controlled substance regulated under Chapter 69.50 RCW and/or alcoholic beverages. It's further characterized by a frequent or intense pattern of pathological use to the extent:

- The user exhibits a loss of self-control over the amount and circumstances of use
- The user develops symptoms of tolerance, or psychological and/or physiological withdrawal if use of the controlled substance or alcoholic beverage is reduced or discontinued
- The user's health is substantially impaired or endangered, or his or her social or economic function is substantially disrupted

### **Community Mental Health Agency**

An agency that's licensed as such by the state of Washington to provide mental health treatment under the supervision of a physician or psychologist.

### **Congenital Anomaly Of A Dependent Child**

A marked difference from the normal structure of an infant's body part, that's present from birth and manifests during infancy.

### **Cost-Share**

The member's share of the allowed amount for covered services. Deductibles, copays, and coinsurance are all types of cost-shares. See the **Summary Of Your Costs** to find out what your cost-share is.

### **Custodial Care**

Any portion of a service, procedure or supply that is provided primarily:

- For ongoing maintenance of the member's health and not for its therapeutic value in the treatment of an illness or injury
- To assist the member in meeting the activities of daily living. Examples are help in walking, bathing, dressing, eating, preparation of special diets, and supervision over self-administration of medication not requiring constant attention of trained medical personnel

## Detoxification

Detoxification is active medical management of medical conditions due to substance intoxication or substance withdrawal, which requires repeated physical examination appropriate to the substance, and use of medication. Observation alone is not active medical management.

## Effective Date

The date when your coverage under this plan begins. If you re-enroll in this plan after a lapse in coverage, the date that the coverage begins again will be your effective date.

## Eligibility Waiting Period

The length of time that must pass before an employee or dependent is eligible to be covered under the Group's health care plan. If an employee or dependent enrolls under the **Special Enrollment** provisions of this plan or enrolls on a date other than when first eligible to enroll, any period prior to such enrollment isn't considered an eligibility waiting period, unless all or part of the initial eligibility waiting period had not been met.

## Emergency Care

- A medical screening examination to evaluate a medical emergency that is within the capability of the emergency department of a hospital, including ancillary service routinely available to the emergency department.
- Further medical examination and treatment to stabilize the member to the extent the services are within the capabilities of the hospital staff and facilities or, if necessary, to make an appropriate transfer to another medical facility. "Stabilize" means to provide such medical treatment of the medical emergency as may be necessary to assure, within reasonable medical probability that no material deterioration of the condition is likely to result from or occur during the transfer of the member from a medical facility.
- Ambulance transport as needed in support of the services above.

## Essential Health Benefits

Benefits defined by the Secretary of Health and Human Services that shall include at least the following general categories: ambulatory patient services, emergency care, hospitalization, maternity and newborn care, mental health and chemical dependency services, including behavioral health treatment, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management and pediatric services, including oral and vision care. The designation of benefits as essential shall be consistent with the requirements and limitations set forth under the Affordable Care Act and applicable regulations as determined by the Secretary of Health and Human Services.

## Experimental/Investigational Services

Experimental or investigational services include a treatment, procedure, equipment, drug, drug usage, medical device or supply that meets one or more of the following criteria:

- A drug or device that can't be lawfully marketed without the approval of the U.S. Food and Drug Administration, and hasn't been granted such approval on the date the service is provided
- The service is subject to oversight by an Institutional Review Board
- No reliable evidence demonstrates that the service is effective, in clinical diagnosis, evaluation, management or treatment of the condition
- The service is the subject of ongoing clinical trials to determine its maximum tolerated dose, toxicity, safety or efficacy.
- Evaluation of reliable evidence indicates that additional research is necessary before the service can be classified as equally or more effective than conventional therapies

Reliable evidence includes but is not limited to reports and articles published in authoritative peer reviewed medical and scientific literature, and assessments and coverage recommendations published by the Blue Cross Blue Shield Association Technical Evaluation Center (TEC).

## Group

The entity that sponsors this self-funded plan.

## **Hospital**

A facility legally operating as a hospital in the state in which it operates and that meets the following requirements:

- It has facilities for the inpatient diagnosis, treatment, and acute care of injured and ill persons by or under the supervision of a staff of physicians
- It continuously provides 24-hour nursing services by or under the supervision of registered nurses

A “hospital” will never be an institution that's run mainly:

- As a rest, nursing or convalescent home; residential treatment center; or health resort
- To provide hospice care for terminally ill patients
- For the care of the elderly
- For the treatment of chemical dependency or tuberculosis

## **Illness**

A sickness, disease, medical condition or pregnancy.

## **Injury**

Physical harm caused by a sudden event at a specific time and place. It's independent of illness, except for infection of a cut or wound.

## **In-Network Pharmacy (In-Network Retail/In-Network Mail Order Pharmacy)**

A licensed pharmacy which contracts with us or our Pharmacy Benefit Manager to provide prescription drug benefits.

## **In-Network Provider**

A provider that is in one of the networks stated in the *How Providers Affect Your Costs* section.

## **Inpatient**

Confined in a medical facility as an overnight bed patient.

## **Medical Emergency**

A medical condition which manifests itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate attention to result in 1) placing the health of the individual (or with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; 2) serious impairment to bodily functions; or 3) serious dysfunction of any bodily organ or part.

Examples of a medical emergency are severe pain, suspected heart attacks and fractures. Examples of a non-medical emergency are minor cuts and scrapes.

## **Medical Equipment**

Mechanical equipment that can stand repeated use and is used in connection with the direct treatment of an illness or injury. It's of no use in the absence of illness or injury.

## **Medical Facility (also called “Facility”)**

A hospital, skilled nursing facility, state-approved chemical dependency treatment program or hospice.

## **Medically Necessary**

Those covered services and supplies that a physician, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are:

- In accordance with generally accepted standards of medical practice;
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease; and

- Not primarily for the convenience of the patient, physician, or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease.

For these purposes, “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer reviewed medical literature generally recognized by the relevant medical community, physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

### **Member (also called “You” and “Your”)**

A person covered under this plan as a subscriber or dependent.

### **Non-Contracted Provider**

A provider is not in any network of Premera Blue Cross, Premera Blue Cross Blue Shield of Alaska, or the local Blue Cross Blue Shield licensee.

### **Obstetrical Care**

Care furnished during pregnancy (antepartum, delivery and postpartum) or any condition arising from pregnancy. This includes the time during pregnancy and within 45 days following delivery.

Abortion is included as part of obstetrical care.

### **Orthodontia**

The branch of dentistry which specializes in the correction of tooth arrangement problems, including poor relationships between the upper and lower teeth (malocclusion).

### **Orthotic**

A support or brace applied to an existing portion of the body for weak or ineffective joints or muscles, to aid, restore or improve function.

### **Out-Of-Network Provider**

A provider that is not in one of the provider networks stated in the ***How Providers Affect Your Costs*** section.

### **Outpatient**

Treatment received in a setting other than an inpatient in a medical facility.

### **Outpatient Surgical Center**

A facility that’s licensed or certified as required by the state it operates in and that meets all of the following:

- It has an organized staff of physicians
- It has permanent facilities that are equipped and operated primarily for the purpose of performing surgical procedures
- It doesn’t provide inpatient services or accommodations

### **Pharmacy Benefit Manager**

An entity that contracts with us to administer the ***Prescription Drugs*** benefit under this plan.

### **Physician**

A state-licensed:

- Doctor of Medicine and Surgery (M.D.)
- Doctor of Osteopathy (D.O.)

In addition, professional services provided by one of the following types of providers will be covered under this plan, but only when the provider is providing a service within the scope of his or her state license; providing a service or supply for which benefits are specified in this plan; and providing a service for which benefits would be payable if the service were provided by a physician as defined above:

- Chiropractor (D.C.)
- Dentist (D.D.S. or D.M.D.)
- Optometrist (O.D.)
- Podiatrist (D.P.M.)
- Psychologist (Ph.D.)
- Nurse (R.N.) licensed in Washington state

### **Plan (also called “This Plan”)**

The Group's self-funded plan described in this booklet.

### **Prescription Drug**

Any medical substance, including biological products, the label of which, under the Federal Food, Drug and Cosmetic Act, as amended, is required to bear the legend: “Caution: Federal law prohibits dispensing without a prescription.”

Benefits available under this plan will be provided for “off-label” use, including administration, of prescription drugs for treatment of a covered condition when use of the drug is recognized as effective for treatment of such condition by:

- One of the following standard reference compendia:
  - **The American Hospital Formulary Service-Drug Information**
  - **The American Medical Association Drug Evaluation**
  - **The United States Pharmacopoeia-Drug Information**
  - Other authoritative compendia as identified from time to time by the Federal Secretary of Health and Human Services or the Insurance Commissioner
- If not recognized by one of the standard reference compendia cited above, then recognized by the majority of relevant, peer-reviewed medical literature (original manuscripts of scientific studies published in medical or scientific journals after critical review for scientific accuracy, validity and reliability by independent, unbiased experts)
- The Federal Secretary of Health and Human Services

“Off-label use” means the prescribed use of a drug that's other than that stated in its FDA-approved labeling.

Benefits aren't available for any drug when the U.S. Food and Drug Administration (FDA) has determined its use to be contra-indicated, or for experimental or investigational drugs not otherwise approved for any indication by the FDA.

### **Provider**

A health care practitioner or facility that is in a licensed or certified provider category regulated by the state in which the practitioner or facility provides care, and that practices within the scope of such licensure or certification. Also included is an employee or agent of such practitioner or facility, acting in the course of and within the scope of his or her employment.

Health care facilities that are owned and operated by an agency of the U.S. government are included as required by federal law. Health care facilities owned by the political subdivision or instrumentality of a state are also covered.

Board Certified Behavior Analysts (BCBAs) will be considered health care providers for the purposes of providing applied behavior analysis (ABA) therapy, as long as both of the following are true: 1) They're licensed when required by the State in which they practice, or, if the State does not license behavior analysts, are certified as such by the Behavior Analyst Certification Board, and 2) The services they furnish are consistent with state law and the scope of their license or board certification. Therapy assistants/behavioral technicians/paraprofessionals that do not meet the requirements above will also be covered providers under this plan when they provide ABA therapy and their services are supervised and billed by a BCBA or one of the following state-licensed provider types: psychiatrist, developmental pediatrician, pediatric neurologist, psychiatric nurse practitioner, advanced

nurse practitioner, advanced registered nurse practitioner, occupational or speech therapist, psychologist, community mental health agency that is also state-certified to provide ABA therapy.

### **Psychiatric Condition**

A condition listed in the current edition of the **Diagnostic and Statistical Manual of Mental Disorders (DSM)** published by the American Psychiatric Association, excluding diagnoses and treatments for substance abuse.

### **Service Area**

The area in which we directly operate provider networks. This area is made up of the states of Washington (except Clark County) and Alaska

### **Skilled Care**

Care that's ordered by a physician and requires the medical knowledge and technical training of a licensed registered nurse.

### **Skilled Nursing Facility**

A medical facility providing services that require the direction of a physician and nursing supervised by a registered nurse, and that's approved by Medicare or would qualify for Medicare approval if so requested.

### **Subscriber**

An enrolled employee of the Group. Coverage under this plan is established in the subscriber's name.

### **Subscription Charges**

The monthly rates to be paid by the member that are set by the Group as a condition of the member's coverage under the plan.

### **Temporomandibular Joint (TMJ) Disorders**

TMJ disorders shall include those disorders which have one or more of the following characteristics: pain in the musculature associated with the temporomandibular joint, internal derangements of the temporomandibular joint, arthritic problems with the temporomandibular joint, or an abnormal range of motion or limitation of motion of the temporomandibular joint.

### **We, Us and Our**

Means Premera Blue Cross.
