

Dear Luis,

Congratulations again on your admission to University of Puget Sound!

As you likely know from recent headlines and our communications, the delivery of FAFSA data from the Department of Education to colleges is delayed. Based on the most recent information available, we still believe that we will be able to deliver *some* financial aid packages to students in late March or early April. However, we anticipate that there will be further delays in financial aid delivery for some students.

In recognition of this disruption to the college decision-making process for students, we are changing our deadline to deposit and confirm your enrollment at Puget Sound from May 1 to **June 1, 2024**.

What are we doing?

We are doing everything we can to send out financial aid packages as quickly as possible. We will continue to be transparent and communicative. If you have submitted the FAFSA, we will send you an email when we have received it, which will include an estimated timeline for when you will receive your financial aid package.

What should you do?

We recommend that you do as much of your exploration, fact-finding, and soul-searching as you can by May 1, and use anytime you need in May to crunch the numbers and to work with your admission and financial aid counselors. Of course, you have until June 1 to confirm your enrollment. But we think it's in students' best interest to make their decision as close to May 1 as possible so that you can focus on a successful and enjoyable conclusion to your high school career.

Visit if you haven't or come back again!

We understand that choosing a college is a significant decision. One of the best ways to know if the college you are considering is right for you is to visit. If you haven't already registered, we invite you to join one of our upcoming spring admitted students events, **Puget Sound Bound (PSB)**. PSB provides a unique opportunity to experience campus life, engage with current students, faculty, and staff, attend classes, and get answers to all your questions.

Can't make it to PSB? No worries! You can schedule a personalized campus visit during the week. Our **campus visit** tour guides are ready to give you a tour and share valuable insights about Puget Sound from a student perspective.

Don't delay!

If you've made your choice and have the information you need, it's to your advantage to confirm your enrollment and deposit as soon as you are ready! If you're not ready, here are some compelling reasons to consider depositing sooner:

- **Preferred Housing and Roommate Selection:** By depositing sooner, you'll have the advantage of submitting your housing application and requesting your roommate earlier in the process.
- **Academic Advising:** Submit your academic advising application earlier to let our advising office know your interest and preferences sooner, allowing our academic advising office to begin preparing your fall schedule.
- **Living and Learning Communities (LLCs):** Submit your application to be part of one of our vibrant Living and Learning Communities, such as the Student of Color Residential Communities and Northwest Urbanism. These communities foster a deeper sense of connection, both academically and socially.

We can't wait to welcome you to the Logger community!
