

UNIVERSITY of PUGET SOUND 2012 Transferable Courses WALLA WALLA COMMUNITY COLLEGE

Walla Walla Community College courses that are similar to Puget Sound courses numbered at the 100 or 200 level are generally transferable. However, as transfer evaluations are done in the context of each student's academic program, it is possible for an evaluation to include courses not listed in this guide as well as to exclude courses that are listed. Therefore, students are encouraged to seek the advice of the Puget Sound Office of Admission in selecting transfer courses, especially those students who have selected a major. A maximum of 96 quarter credits may be transferred, and all courses are evaluated on a course-by-course basis.

Students should use the course listings in conjunction with the *Walla Walla Community College 2011-2012 Course Catalog* and the *University of Puget Sound Bulletin 2011-2012*. This guide is effective for the 2012 calendar year only and will be honored until 2014.

This guide has two lists, one for courses that transfer as university Core requirements and one for transferable courses in general. Note any courses that must be taken in combination in order to transfer. If the combination is not completed, separate courses may not transfer. Students are therefore advised to complete a sequence of courses, rather than just one or two quarters (for example, students studying Calculus should complete MATH& 151, 152, and 153 rather than just MATH& 151 and 152).

The university Core Curriculum includes 8 requirements plus a foreign language proficiency requirement. Sophomore transfer students may complete 4 Core courses and the foreign language proficiency requirement with transfer credit while junior transfer students may complete 5 Core courses and the foreign language proficiency requirement with transfer credit.

Transfer credit used in a major or minor program is subject to departmental review. Academic departments may require a transfer student to complete an interview or examination before being placed into a program of study. Based on a student's placement, transfer credit may be adjusted and a student required to complete appropriate courses in residence.

NOTE: These listings apply to regular course offerings completed by regular college students. Courses offered in other formats, such as programmed-learning, challenge examination, distance-learning, online, or telecourses, may not be transferable. Additionally, <u>college credit earned prior to high</u> <u>school graduation is subject to evaluation using both the high</u> <u>school and college transcripts</u>.

Because curriculum revisions may occur during the year, all announcements are subject to change without notice. This document does not create a contract between the university and any student or community college.

Students with transfer credit questions should contact the Office of Admission at 253.879.3211 or 800.396.7191.

TRANSFERABLE COURSES THAT COMPLETE UNIVERSITY CORE REQUIREMENTS

FINE ARTS APPROACHES (5 credits)

ART 127 - History of Western Art I ART 128 - History of Western Art II ART 129 - History of Western Art III DRMA& 101 - Introduction to Theatre ENGL& 111 - Introduction to Literature ENGL& 112 - Introduction to Fiction ENGL& 113 - Introduction to Foetry ENGL 144 - Introduction to Film MUSC& 105 - Music Appreciation MUSC 110 - History of American Music
