

# UNIVERSITY of PUGET SOUND

2012 Transferable Courses

## WHATCOM COMMUNITY COLLEGE

Whatcom Community College courses that are similar to Puget Sound courses numbered at the 100 or 200 level are generally transferable. However, as transfer evaluations are done in the context of each student's academic program, it is possible for an evaluation to include courses not listed in this guide as well as to exclude courses that are listed. Therefore, students are encouraged to seek the advice of the Puget Sound Office of Admission in selecting transfer courses, especially those students who have selected a major. A maximum of 96 quarter credits may be transferred, and all courses are evaluated on a course-by-course basis.

Students should use the course listings in conjunction with the *Whatcom Community College 2010-2012 Course Catalog* and the *University of Puget Sound Bulletin 2011-2012*. This guide is effective for the 2012 calendar year only and will be honored until 2014.

This guide has two lists, one for courses that transfer as university Core requirements and one for transferable courses in general. Note any courses that must be taken in combination in order to transfer. If the combination is not completed, separate courses may not transfer. Students are therefore advised to complete a sequence of courses, rather than just one or two quarters (for example, students studying Calculus should complete CHEM& 161, 162, and 163 rather than just CHEM& 161 and 162).

The university Core Curriculum includes 8 requirements plus a foreign language proficiency requirement. Sophomore transfer students may complete 4 Core courses and the foreign language proficiency requirement with transfer credit while junior transfer students may complete 5 Core courses and the foreign language proficiency requirement with transfer credit.

Transfer credit used in a major or minor program is subject to departmental review. Academic departments may require a transfer student to complete an interview or examination before being placed into a program of study. Based on a student's

placement, transfer credit may be adjusted and a student required to complete appropriate courses in residence.

NOTE: These listings apply to regular course offerings completed by regular college students. Courses offered in other formats, such as programmed-learning, challenge examination, distance-learning, online, or telecourses, may not be transferable. Additionally, college credit earned prior to high school graduation is subject to evaluation using both the high school and college transcripts.

Because curriculum revisions may occur during the year, all announcements are subject to change without notice. This document does not create a contract between the university and any student or community college.

Students with transfer credit questions should contact the Office of Admission at 253.879.3211 or 800.396.7191.

### TRANSFERABLE COURSES THAT COMPLETE UNIVERSITY CORE REQUIREMENTS

#### FINE ARTS APPROACHES (5 credits)

- ART 203 (5 credits) - History of Western Art: Ancient and Medieval
- ART 204 (5 credits) - Western Art: 15th Through 18th Century
- ART 205 (5 credits) - Western Art from 18th to Mid 20th Century
- ART 206 (5 credits) - Far Eastern Art History
- DRMA& 101 - Introduction to Theatre
- ENGL& 111 - Introduction to Literature
- ENGL& 113 - Introduction to Poetry
- ENGL& 114 - Introduction to Drama
- FILM 101 - Introduction to Film
- MUSC& 105 - Music Appreciation
- MUSC 110 - Introduction to World Music

#### HUMANISTIC APPROACHES (5 credits)

- ANTH& 206 - Cultural Anthropology
- ENGL 134 (5 credits) - Shakespeare and Performance
- HIST& 116 - Western Civilization I
- HIST& 117 - Western Civilization II
- HIST& 118 - Western Civilization III
- HIST& 146 - US History I
- HIST& 147 - US History II
- HIST& 148 - US History III
- PHIL& 101 - Introduction to Philosophy
- PHIL 130 - Introduction to Ethics
- PHIL 140 - Introduction to World Religions

#### MATHEMATICAL APPROACHES (5 credits)

- CS 140 - Computer Programming Fundamentals I
- CS 145 - Computer Programming Fundamentals II
- CS 240 - Data Structure and Algorithm Fundamentals
- MATH 125 - Survey of Mathematics
- MATH& 146 - Introduction to Statistics
- MATH& 148 - Business Calculus
- MATH& 151 - Calculus I
- MATH& 152 - Calculus II
- MATH& 163 - Calculus III
- PHIL& 106 - Introduction to Logic

#### NATURAL SCIENTIFIC APPROACHES (5 credits)

- BIOL& 160 - General Biology with Lab
- BIOL& 221 - Majors Ecology/Evolution
- BIOL& 222 - Majors Cell Biology/Molecular
- BIOL& 223 - Majors Organismal Physiology
- CHEM& 121 - Introduction to Chemistry
- CHEM& 131 - Introduction to Organic/Biochemistry
- CHEM& 161 - General Chemistry with Lab I
- CHEM& 162 - General Chemistry with Lab II
- CHEM& 163 - General Chemistry with Lab III
- CHEM& 261 - Organic Chemistry with Lab I
- CHEM& 262 - Organic Chemistry with Lab II
- CHEM& 263 - Organic Chemistry with Lab III
- GEOL& 101 - Introduction to Physical Geology
