In 2012, there were two incidents of bias-hate graffiti. One involved anti-religion statements and the other contained ethnic sentiments.

#### Offense Definitions

(a) Forcible Sex Offenses: Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent. Offenses include forcible rape, sodomy, fondling, and sexual assault with an object.

(b) Nonforcible Sex Offenses: Unlawful, nonforcible sexual intercourse. Offenses include incest and statutory rape.

(c) Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon are used.

(d) The term "City Property Adjacent to Campus" refers to sidewalks and streets which immediately border the university campus where the university has no law enforcement authority. These sidewalks and streets are public property and are frequented by members of the campus community. Statistics for these incidents are from the Tacoma Police Department and do not necessarily involve university community members. They are reported to inform persons about nearby, off-campus incidents.

(e) Theft: The unlawful taking of unsecured or unattended property of another.
