

### From the Editor

Welcome back everyone! I hope you all had a nice and restful break, and you are all now ready to enjoy this new semester. February is always a festive month all across the world. In Brazil, we celebrate Yemanjá's Day on February 2<sup>nd</sup>, when we send flowers and gifts in the sea for Yemanjá, the goodness of the ocean in the Afro-American religion. February is also the month of Carnival, which is probably the most important event of the year for us Brazilians. February is also the Chinese New Year, and the Valentine's Day here in US. Are there any holidays in your country that you want to share with us? Please email me and I will be glad to add it in the next newsletter.

- Carol

### Note from Sally:

Welcome back to Campus!

My feeling is that it's still too cold to call this spring semester; but it didn't take too much sunshine for campus to bloom with students sitting outside at noon, even though they were wearing heavy jackets. For those of you who spent the break in warm places, the adjustment to Tacoma weather will be more challenging. I was helping build a house in France where the ground was so frozen we couldn't plant bulbs, so I had an easy transition.

Spring semester brings with it some important deadlines and the newsletter contains information for filing a tax return for any student who has been employed on campus in the last year, and for Optional Practical Training for everyone who qualifies. I look forward to seeing each of you at the reception for International Students at the President's home. It is a great event to pay special notice to you!

### Income Tax Information

Don't forget that April 15 is **TAX DAY**. If you have any US source income (including wages and scholarships), you will need to file **Forms 8843 and 1040NR 9 (EZ)** by **April 15<sup>th</sup>**.

If you need tax forms and instructions, they are available online at: <http://www.irs.gov/pub/irs-pdf/f1040nre.pdf>

If you do not have any US source of income, you only need to file **Form 8843** by June 15<sup>th</sup>. Form 8843 is available at: <http://www.irs.gov/pub/irs-pdf/f8843.pdf>

If you are working on campus and have not stopped by the Payroll office (Jones 107), you need to do so right away. You need to identify yourself as an international student if you want to claim exemptions from certain withholdings.
