NOTES:

Puget Sound requires a total of 32 units to graduate

- 1) Math may be delayed for a year or two but Chemistry should be taken in the first year. Three units of Chemistry are required: CHEM 110, 120, 250 or CHEM 115, 230, 250.
- 2) For students completing CHEM 230 (or CHEM 120) in the first year, BIOL 212 may be taken before BIOL 211.
- 3) Biology 111 and one year of college chemistry must be taken before BIO 213.
- 4) Once the physiology requirement of either BIOL 334 or 332 is fulfilled, the other physiology course (BIOL 332 or 334) can be taken as a science elective.
- 5) Of the three units of upper division coursework required outside the first major, the Connections course will count for one unless it is used to meet a major requirement.

^{**}BIOL 312+ (excludes BIOL 398). Can include GEOL 306; CHEM 461; or one of BIOL 390, 392, 490, 491, 495 or 496).

^{***}Two additional units from: BIOL 312+; Chem 251+; CSCI 141+; EXSC 222; GEOL 101+; MATH 150+; NRSC 201, 350; or PHYS 111+.

NOTES

*These major requirements may be used to fulfill the Natural Scientific Approaches core.

**These major requirements may be used to fill the Mathematical Approaches core.

*** Two of the three advanced biology electives must be taken in residence at Puget Sound. BIOL 398 may not be used; GEOL 306 and CHEM 461 may each count as one unit. One unit may count toward the major from research or independent study courses: BIOL 390, 392, 490, 491, 495, or 496.

****Two additional units from: BIOL 312+; CHEM 251+; CSCI 141+; EXSC 222; GEOL 101+; MATH 150+; NRSC 201, 350; PHYS 111+.

CHEM 251 highly recommended if post-graduate program is planned.

The following courses do not satisfy major or minor requirements: BIOL 101, 201, 205, 398, 498, or 499; INTN 497.

Biology majors are encouraged to participate in the undergraduate research program, provided they consult with and gain approval from a biology faculty research advisor and submit a research proposal. Related courses include 290/390/490 (Directed research), and 491 (Senior Thesis). Students planning a senior thesis should enroll in BIOL 201 (Biology Colloquium), BIOL 392 (Introduction to Biological research) and either one unit of BIOL 491 or BIOL 490 and 491. One research unit or independent study (390, 490, and 491) may count as an advanced elective for the major.

At least two of the Biology electives (312+; excluding 398) must be taken in residence at Puget Sound. At least two of these electives must also have a lab component.
