## NOTES:

1) Or an equivalent statistical methods course with approval of the ECON department.
2) Students should take at least one 200-level ECON course before enrolling in ECON 301 or 302 .
3) The major requires four economics electives at the 200 level or above, at least one of which must be at the 300 level or above. BUS 431 or 432 may be counted as one of the four electives. One unit of ECON 495/496 may be counted as upper division elective with prior approval.
4) Of the three units of upper division coursework required outside the first major, the Connections course will count for one unless it is used to meet a major requirement.

Students who study abroad may apply two approved elective courses toward their Economics major.

Only courses for which a student has received a C or better can count for the major or minor.
