NOTES:

- * Students who have taken ECON 170 have satisfied the requirement for both ECON 101 and ECON 102.
- 1) Or an equivalent statistical methods course with approval of the ECON department.
- 2) The major requires two economics electives at the 200-level or above, at least one of which must be at the 300-level or above. BUS 431 or 432 may be counted as one of the two electives. One unit of ECON 495/496 may be counted as upper division elective with prior approval.
- 3) Students should take at least one 200-level ECON course before enrolling in ECON 301 or 302.
- 4) Of the three units of upper division coursework required outside the first major, the Connections course will count for one unless it is used to meet a major requirement.

Students who study abroad may apply two approved elective courses toward their Economics major.

Only courses for which a student has received a C or better may count for the major or minor.
