THE UNIVERSITY OF PUGET SOUND 2018-2019 CURRICULUM GUIDE

ENVIRONMENTAL POLICY AND DECISION MAKING (Must Be Secondary Major) DEGREE: BA CONTACT PERSON: RACHEL DeMOTTS

A suggested four-year program:

Fall Semester Classes	Spring Semester Classes		
Freshman	Units		Units
SSI 1	1	SSI 2	1
Approaches core	1	Approaches core	1
Approaches core or Elective	1	Approaches core or Elective	1
FL (if needed) or Elective	1	FL (if needed) or Elective	1

Sophomore	Units		Units
ENVR 200 ¹	1	ENVR 201	1
Approaches core or Elective	1	ENVR 202 ² and/or ENVR 203	0.5-1
Primary major class or Elective	1	Primary major class or Elective	1
Primary major class or Elective	1	Primary major class or Elective	1

Junior	Units		Units
Primary major class	1	Primary major class or Elective	1
Primary major class or Elective	1	Primary major class or Elective	1
Primary major class or Elective	1	Primary major class or Elective	1
EPDM Policy or EPDM General Elective	1	EPDM Policy or EPDM General Elective	1

Senior	Units		Units
ENVR 400 Senior Seminar	1	CN core ³	1
EPDM General Elective	1	EPDM General Elective	1
Primary major class or Elective	1	Primary major class or Elective	1
Primary major class or Elective	1	Primary major class or Elective	1

Puget Sound requires a total of 32 units to graduate

NOTES:

- 1) Prior to 2018-19, this course was numbered ENVR 101.
- 2) ENVR 202 (0.5 unit) is required for non-science majors. Science majors may substitute three courses in natural sciences (BIL, CHEM, GEOL, PHYS) for ENVR 202. If you are a non-science major with EPDM as an overlay major, you must take both ENVR 202 and 203 concurrently in the spring. If you are a science major with EPDM as an overlay major, you just need to take ENVR 203, offered in spring only.
- 3) Of the three units of upper division coursework required outside the first major, the Connections course will count for one unless it is used to meet a major requirement.

A maximum of two courses used to meet the EPDM requirements major may also be used to satisfy the core curriculum, the requirements for another major, or the requirements of a minor.

The EPDM major is a secondary major that can be chosen only after a primary major in another field is chosen. A major in EPDM cannot be completed unless a primary major in another department or program is also completed.

		Experiential education requirement****	1				
 Foreign Language Requirement (circle one) 1) Two semesters at 101/102 level or One semester at 200+ level 2) Proficiency exam (3rd year high school level or 1st year college level) 3) AP foreign language score of 4 or 5 4) IB higher level foreign language score of 5, 6, or 7 		THIS FORM IS NOT AN OFFICIAL GRADUATION ANALYSIS					
Upper Division Level Requirement Three units at the upper division level outside the first major.					S		
KNOWledge, Identity, and Power Requirement One course. See Bulletin for details. Courses may also fulfill other program or graduation requirements.							

<u>NOTES</u>

The EPDM major is a secondary major that can be chosen only after a primary major in another field is chosen. A major in EPDM cannot be completed unless a primary major in another department or program is also completed.

- 1) Prior to 2018-19, ENVR 200 was numbered as ENVR 101. Both courses are accepted as the foundational course.
- 2) Seven requirements for the Environmental Policy and Decision Making major must be completed in residence, including ENVR 101/200, 201, 202 (unless 202 is replaced by three courses in the sciences), 203, 400, and the policy elective. Non-science majors must take both ENVR 202 and 203. Science majors need only take ENVR 203. At least one policy elective MUST be completed BEFORE taking ENVR 400, which is only offered in the fall semester.
- **Choose one of the following: CONN 410; ECON 225; ENVR 201, 210, ECON/ENVR 327; ENVR 310, 322, 328; ENVR/PG 326, ENVR/PG 382; IPE 331; PG 305, 309. For minors, ENVR 201 can count as a policy elective.
- ***Choose three electives from the lists of policy or general electives. See Bulletin for full list of courses.
- #At least two of the courses used to fulfill the electives for the EPDM major must be outside of the student's primary major department or program.

****Completion of an experiential education requirement, to be approved by the program (refer questions to the Program Director). Examples of experiential education include, but are not limited to: study abroad, the field school in conservation development (e.g. ENVR 324), a summer research experience, an environmentally related internship, an ENVR block semester program, and the Food Systems Northwest summer course (ENVR 360).
